SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501 - 3520. Comments are requested concerning: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or

other forms of information technology; and (e) ways to further reduce the information collection burden for small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a currently valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before May 5, 2010. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0295.

Title: Section 90.607(a)(1) and (b)(1), Supplemental Information To Be Furnished By Applicants For Facilities Under Subpart S.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions, and state, local or tribal government.

Number of Respondents and Responses: 3,788 respondents; 3,788 responses.

Estimated Time per Response: .25 minutes.

Total Annual Burden: 947 hours.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: No questions of a confidential nature are asked.

Needs and Uses: The Commission will submit this expiring information collection to the Office of Management and Budget during this comment period under delegated authority. The Commission inadvertently published a regular notice rather than a delegated notice announcing submission of this information collection at the end of the 60 day comment period which was March 29, 2010 (75 FR 4077, January 26, 2010). Therefore, the Commission is required to publish a 30 day notice following a regular notice. The Commission is reporting no change to the reporting requirement. However, there is a 1,436 hour reduction adjustment to the total annual burden hours since the last submission to the OMB in 2007. This reduction is due to 5,743 fewer respondents.

This rule section requires that affected applicants to submit a list of any radio facilities they hold within 40 miles of the base station transmitter site being applied for. This information is used to determine if an applicant's proposed system is necessary in light of communications facilities it already owns. Such a determination helps the Commission to equitably distribute limited spectrum and prevents spectrum warehousing. The information is collected only once – upon initial license application.

Federal Communications Commission.
