

## ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 1, 21, 59, 60, 61, 62, 63, 65, 707, and 763

[FRL-9221-7]

### Change of Addresses for Submission of Certain Reports; Technical Correction

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; technical amendment.

**SUMMARY:** EPA is updating and correcting the addresses for both the EPA Region IX office and the EPA Region IX State and local agencies in certain EPA regulations related to air pollution, small businesses, chemical imports and exports, and asbestos. These regulations require submittal of notifications, reports and other documents to the applicable EPA regional office and, in some case, to the applicable State or local agency. The jurisdiction of EPA Region IX covers the States of Arizona, California, Hawaii and Nevada; the territories of American Samoa and Guam; the Commonwealth of the Northern Mariana Islands; the territories of Baker Island, Howland Island, Jarvis Island, Johnston Atoll, Kingman Reef, Midway Atoll, Palmyra Atoll, and Wake Islands; and certain U.S. Government activities in the freely associated states of the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau. This technical amendment updates and corrects the addresses for submitting such information to the EPA Region IX office and the applicable State and local agency offices.

**DATES:** *Effective Date:* This rule will be effective on November 12, 2010.

**FOR FURTHER INFORMATION CONTACT:** Cynthia G. Allen, U.S. Environmental Protection Agency, Region IX, Rulemaking Office (Air-4), 75 Hawthorne Street, San Francisco, California 94105, (415) 947-4120, [allen.cynthia@epa.gov](mailto:allen.cynthia@epa.gov).

**SUPPLEMENTARY INFORMATION:** Throughout this document, wherever “we” or “our” is used, it means the EPA. We are updating and correcting the address for the EPA Region IX office found in the following parts of title 40 of the Code of Federal Regulations (CFR):

- Part 1 (“Statement of organization and general information”),
- Part 21 (“Small business”),
- Part 59 (“National volatile organic compound emission standards for consumer and commercial products”),

- Part 60 (“Standards of performance for new stationary sources”),
- Part 61 (“National emission standards for hazardous air pollutants”),
- Part 62 (“Approval and promulgation of State plans for designated facilities and pollutants”),
- Part 63 (“National emission standards for hazardous air pollutants for source categories”),
- Part 65 (“Consolidated Federal air rule”),
- Part 707 (“Chemical imports and exports”), and
- Part 763 (“Asbestos”).

Certain EPA regulations requiring submittal of notifications, reports and other documents to the EPA regional office must also be submitted to the appropriate authorized State and local agency. Thus, this technical amendment also updates and corrects the addresses for submitting such information to the EPA Region IX State and local agency offices.

Section 553 of the Administrative Procedure Act, 5 U.S.C. 553(b)(B), provides that, when an agency for good cause finds that notice and public procedures are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. We have determined that there is good cause for making today’s rule final without prior proposal and opportunity for comment because we are merely correcting EPA Region IX’s address, as well as those of certain EPA Region IX States and local agencies. Thus, notice and public procedures are unnecessary. We find that this constitutes good cause under 5 U.S.C. 553(b)(B).

In accordance with 5 U.S.C. 553(d), EPA finds there is good cause for this action to become effective immediately upon publication. This is because a delayed effective date is unnecessary due to the nature of this action, which updates and corrects the addresses for the EPA Region IX office, and for certain State and local agencies. The immediate effective date for this action is authorized under 5 U.S.C. 553(d)(3), which allows an effective date less than 30 days after publication “as otherwise provided by the agency for good cause found and published with the rule.” The purpose of the 30-day waiting period prescribed in section 553(d) is to give affected parties a reasonable time to adjust their behavior and prepare before the final rule takes effect. Today’s rule, however, does not create any new regulatory requirements such that affected parties would need time to prepare before the rule takes effect. Rather, today’s rule simply updates and

corrects the addresses for the EPA Region IX office and certain State and local air agencies. For this reason, EPA finds good cause under 5 U.S.C. 553(d)(3) for this action to become effective on the date of publication of this action.

### Statutory and Executive Order Reviews

#### General Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and is therefore not subject to review by the Office of Management and Budget. This rule is not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355), May 22, 2001) because it is not a significant regulatory action under Executive Order 12866. Because the agency has made a “good cause” finding that this action is not subject to notice-and-comment requirements under the Administrative Procedure Act or any other statute as indicated in the **SUPPLEMENTARY INFORMATION** section above, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), or to sections 202 and 205 of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4, 109 Stat. 48 (1995)). In addition, this action does not significantly or uniquely affect small governments or impose a significant intergovernmental mandate, as described in sections 203 and 204 of UMRA. This rule also does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal government and Indian Tribes, or on the distribution of power and responsibilities between the Federal government and Indian Tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibility among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant. This technical correction action does not involve technical standards; thus the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. The rule also does not involve special consideration of environmental justice related issues as required by Executive Order 12898

(59 FR 7629, February 16, 1994). In issuing this rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct, as required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996). EPA has complied with Executive Order 12630 (53 FR, March 15, 1998) by examining the takings implications of the rule in accordance with the "Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the Executive Order. This rule does not impose an information collection burden under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

#### *Submission to Congress and the Comptroller General*

The Congressional Review Act (CRA) (5 U.S.C. 801 *et seq.*), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable,

unnecessary or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, EPA has made such a good cause finding, including the reasons therefore, and established an effective date of November 12, 2010. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This series of corrections to the General Provisions of 40 CFR parts 1, 21, 59, 60, 61, 62, 63, 65, 707, and 763 is not a "major rule" as defined by 5 U.S.C. 804(2).
