DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2008-0014]

Draft Programmatic Environmental Assessment for the Evaluation of the Grant Programs Directorate's Programs

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice of availability and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) has prepared a draft Programmatic Environmental Assessment (PEA) to address the potential impacts to the human environment resulting from typical actions funded by FEMA's Grant Programs Directorate (GPD) through the wide variety of homeland security and emergency preparedness grant programs that it administers. These programs

provide grant funding to States, Territories, and local and recognized Tribal governments to enhance their homeland security efforts. The grant monies provide for planning, conducting training and exercises, the purchase of equipment, and management and administration. The purpose of the PEA is to evaluate GPD programs and projects allowable under those programs, and to facilitate FEMA's compliance with the National Environmental Policy Act (NEPA) by providing a framework to address the potential environmental impacts of these projects.

FEMA is also making available for public comment a draft Memorandum of Understanding (MOU) between FEMA and the U.S. Fish and Wildlife Service (FWS) establishing procedures to monitor, assess, minimize and avoid avian mortalities from communication tower construction activities funded by FEMA. The MOU would be executed pursuant to Executive Order 13186—"Responsibilities of Federal Agencies to Protect Migratory Birds."

FEMA also provides notice to the public of the availability of a FEMA comment on a draft program comment from the Advisory Council on Historic Preservation (ACHP) regarding the effects of communication facilities construction or modification subject to review by the Federal Communications Commission (FCC). The ACHP draft program comment recommends that projects funded by the National Telecommunications and Information Administration and projects funded by the Rural Utilities Service be exempt from the review required under Section 106 of the National Historic Preservation Act (NHPA) by applicable FCC Programmatic Agreements if the projects have undergone, will undergo, or are exempt from Section 106 review by the FCC. FEMA seeks to add GPD projects to that proposed exemption.

DATES: Comments on the draft Programmatic Environmental Assessment and on the draft Memorandum of Understanding between FEMA and the U.S. Fish and Wildlife Service must be submitted on or before May 10, 2010.

ADDRESSES: You may submit comments, identified by Docket ID FEMA-2008-0014, by one of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Search for Docket ID FEMA-2008-0014 and follow the instructions for submitting comments.
