vessels) for incorporation into the new regulations regarding the inspection of towing vessels? If so, which regulations or standards should be incorporated into these new regulations?

- (2) Title 46, United States Code, specifies the items covered with regard to inspected vessels including lifesaving, firefighting, hull, propulsion equipment, machinery and vessel equipment. However, the legislation that added towing vessels to the list of inspected vessels, authorized that the Coast Guard may prescribe different standards for towing vessels than for other types of inspected vessels. What, if any, different standards should be considered with regard to inspected towing vessel requirements from other inspected vessels?
- (3) Towing vessels vary widely in terms of size, horsepower, areas of operation, and type of operation. Under what circumstances, if any, should a towing vessel be exempt from the requirements as an inspected vessel?
- (4) Should existing towing vessels be given time to implement requirements, be "grandfathered" altogether from them, or should this practice vary from requirement to requirement?
- (5) Should existing towing vessels be treated differently from towing vessels yet to be built?
- (6) The same act that requires inspection of towing vessels authorizes the Coast Guard to develop a safety management system appropriate for the towing vessels. If such a system is developed, should its use be required for all inspected towing vessels?
- (7) Examples of existing safety management systems include the international safety management (ISM) code and the American Waterways Operators Responsible Carrier Program. If a safety management system is used, what elements should be included in such a system?

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-511]

In the Matter of Certain Pet Food Treats; Notice of Decision Not To Review an Initial Determination Terminating the Investigation as to Respondent TsingTao U.S.

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (ID) issued by the presiding administrative law judge (ALJ) in the above-captioned investigation terminating the investigation as to respondent TsingTao ShengRong Seafood, Inc. of Columbus, Ohio ("TsingTao U.S.").

FOR FURTHER INFORMATION CONTACT:

Andrea Casson, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-3105. Copies of all nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (http://www.usitc.gov). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at http:// edis.usitc.gov. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 8, 2004, based on a complaint filed by Thomas J. Baumgartner and Hillbilly Smokehouse, Inc., both of Rogers, Arkansas. 69 FR 32044. The complaint alleges violations of section 337 in the importation into the United States, sale for importation, or sale within the United States after importation of certain pet food treats that infringe U.S. Design Patent No. 383,886. The notice of investigation lists six companies as respondents, including TsingTao U.S.

On August 18, 2004, complainants moved for issuance of an order directing several respondents, including TsingTao U.S., to show cause why they should not be found in default. On August 30, 2004, the Commission investigative attorney filed a response, noting, *inter alia*, that the complaint and notice of investigation sent to TsingTao U.S. were returned as undeliverable, and that it therefore appeared that TsingTao U.S. had not been served with those documents as required by section 337(g)(1)(B), 19 U.S.C. 1337(g)(1)(B).

On October 5, 2004, the ALJ issued Order No. 6, in which find that service had not been effectuated on Tsing Tao U.S. For this reason, he found that a show cause order against TsingTao U.S. would be inappropriate at that time. He granted leave to complainants to attempt personal service on TsingTao U.S., pursuant to Commission rule 210.11(b).

Because complainants did not thereafter establish successful service or show any attempts to personally serve TsingTao U.S., the ALJ, on November
