

## Eligible Crops

To be eligible to receive an MFP payment for a crop, the acreage of the crop must have been reported on FSA-578 and amount of production of shelled almonds or fresh sweet cherries must have been harvested and entered on the application. Sweet cherries intended for process market or juice are not eligible for MFP. The quantity of production for sweet cherries is on a "pack-out" basis. The quantity of production for shelled almonds will be based on the total eligible kernels or such similar term as edible meat weight.

## Paperwork Reduction Act Requirements

This NOFA does not require changes to the information collection request currently approved by OMB control number 0560-0292. However, FSA has requested public comments through October 29, 2018, on the information collection requirements as specified in the NOFA published on August 30, 2018 (83 FR 44257-44258).

## Environmental Review

The environmental impacts for MFP have been considered in a manner consistent with the provisions of the National Environmental Policy Act (NEPA, 42 U.S.C. 4321-4347), the regulations of the Council on Environmental Quality (40 CFR parts 1500-1508), and the FSA regulation for compliance with NEPA (7 CFR part 799).

As stated in the MFP final rule, the implementation of MFP and the participation in MFP do not constitute major Federal actions that would significantly affect the quality of the human environment, individually or cumulatively. The final rule served as documentation of the programmatic environmental compliance decision for this federal program; therefore, CCC will not prepare additional environmental compliance documentation for this NOFA.

## Federal Assistance Programs

The title and number of the Federal assistance programs, as found in the Catalog of Federal Domestic Assistance, to which this NOFA applies is:
