

consistent with Section 6(b) of the Act¹⁵ in general, and furthers the objectives of Section 6(b)(4) of the Act¹⁶ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange believes that the proposed fees are equitable because the fees are within the range of fees currently assessed in Section II for Multiply Listed equity options. Customers are not assessed a fee for options overlying equities which are Multiply Listed. Other market participants are assessed transaction fees which range from \$.20 per contract to \$.25 per contract, generally.¹⁷ In addition, the Exchange is proposing to assess the same fee on all market participants uniformly, with the exception of Customers. The Exchange believes that its proposal to not assess Customers QCC Transaction Fees is not unfairly discriminatory because the Exchange is seeking to incentivize Broker-Dealers and Professionals to execute Customer QCC Orders on the Exchange.

The Exchange believes that the proposed fees are reasonable because the fees are comparable to the Exchange's fees, as stated above, and because the fees are within the range of fees assessed by the International Securities Exchange, LLC ("ISE") for qualified contingent cross orders. ISE assesses \$.020 per contract for qualified contingent cross orders to all market participants¹⁸ except the priority customer.¹⁹

The Exchange operates in a highly competitive market comprised of nine U.S. options exchanges in which sophisticated and knowledgeable market participants readily can, and do, send order flow to competing exchanges if they deem fee levels at a particular exchange to be excessive. The Exchange believes that the proposed QCC Fees it assesses must be competitive with fees assessed on other options exchanges. The Exchange believes that this competitive marketplace impacts the fees present on the Exchange today and influences the proposals set forth above.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.²⁰ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
