

3. If directed in writing by the EPA CO, the contractor shall transfer the property to EPA. The contractor shall ship/deliver the property in accordance with the instructions provided by the CO. The contractor will request, from the PLCO, withdrawal from the inventory schedule of those items to be transferred to EPA. Further, the contractor shall notify the CO when the transfer is complete.

4. The contractor will ship the property elsewhere if directed, in writing, by the PLCO.

5. The PLCO will either conduct the sale or instruct the contractor to conduct a sale of surplus property. The contractor will allow prospective bidders access to property offered for sale.

7. To effect transfer of accountability, the contractor shall provide the recipient of the property with the applicable data elements set forth in Attachment 1 of this clause. The contractor shall also obtain either a signed receipt from the recipient, or proof of shipment. The contractor shall update the official Government property record to indicate the disposition of the item and to close the record.

For terminated contracts, the contractor will conduct and report the inventory results as directed by the CO. However, in order to expedite the disposal process, contractors may be required to, or may elect to submit to the CO, an inventory schedule for disposal purposes up to six (6) months prior to contract completion. If such an inventory schedule is prepared, the contractor must indicate the earliest date that each item may be disposed. The contractor shall update all property records to show disposal action. North American Industry Classification System (NAICS)

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: This is a final rule amending the NASA Federal Acquisition Regulation Supplement (NFS) to conform to changes made in the Federal Acquisition Regulation (FAR) by Federal Acquisition Circular (FAC) 97-19 and make editorial corrections and miscellaneous changes dealing with NASA internal and administrative matters.

EFFECTIVE DATE: October 3, 2000.

FOR FURTHER INFORMATION CONTACT: Celeste Dalton, Code HK, (202) 358-1645, e-mail: celeste.dalton@hq.nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

Federal Acquisition Circular (FAC) 97-19 replaced the Standard Industrial Classification (SIC) system with the North American Industry Classification System (NAICS). Additionally, FAC 97-19 amended the title to section 7.107, revised subpart 11.5, and amended section 43.205. This final rule amends the NASA FAR Supplement (NFS) to conform to these changes. Changes unrelated to FAC 97-19 are made to: update references to internal documents; revise the dollar threshold for use of Government bills of lading at 1852.247-73; revise the instructions for amending the clause at 1852.242-70

when its Alternate II is used; and make a technical correction at 1819.202.

B. Regulatory Flexibility Act

NASA certifies that this final rule does not have a significant economic impact on a substantial number of small business entities within the meaning of the Regulatory Flexibility Act (5 U.S.C. 601, *et seq.*), because it does not impose new requirements on offerors or contractors.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the NFS do not impose any recordkeeping or information collection requirements, or collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
