DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA-2010-0003; Internal Agency Docket No. FEMA-8149]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has

adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date.

DATES: *Effective Dates:* The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact David Stearrett, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-2953.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the NFIP, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will

be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year, on FEMA's initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for

the communities listed on the date shown in the last column. The Administrator finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Endangered and Threatened Wildlife and Plants; Technical Corrections for Three Midwest Region Plant Species

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Direct final rule.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the revised taxonomy of *Lesquerella filiformis* (Missouri bladderpod), *Sedum integrifolium* ssp. *leedyi* (Leedy's roseroot), and *Mimulus glabratus* var. *michiganensis* (Michigan monkey-flower) under the Endangered Species Act of 1973, as amended (Act). We are revising the List of Endangered and Threatened Plants to reflect the current scientifically accepted taxonomy and nomenclature of these species. We revise the scientific names of these species as follows: *Physaria filiformis* (= *Lesquerella* f.), *Rhodiola integrifolia* ssp. *leedyi* (= *Sedum integrifolium* ssp. l.), and *Mimulus michiganensis* (= *M. glabratus* var. *michiganensis*), respectively.

DATES: This rule is effective December 13, 2010, without further action, unless significant adverse comment is received by October 14, 2010. If significant adverse comment is received, we will publish a timely withdrawal of the rule in the **Federal Register**.

ADDRESSES: You may submit comments by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments to Docket No. FWS-R3-ES-2010-0068.

SUPPLEMENTARY INFORMATION:

Purpose of Direct Final Rule and Final Action

The purpose of this direct final rule is to notify the public that we are revising the List of Endangered and Threatened Plants to reflect the scientifically accepted taxonomy and nomenclature of three plant species listed under section 4 of the Act (16 U.S.C. 1531 *et seq.*). These changes to the List of Endangered and Threatened Plants (50 CFR 17.12(h)) reflect the most recently accepted scientific names in accordance with 50 CFR 17.12(b).

We are publishing this rule without a prior proposal because this is a noncontroversial action that does not alter the regulatory protections afforded to these species, and therefore, in the best interest of the public, should be undertaken in as timely a manner as possible. This rule will be effective, as published in this document, on the effective date specified in the **DATES** section, unless we receive significant adverse comments on or before the comment due date specified in the **DATES** section of this document. Significant adverse comments are comments that provide strong justifications as to why this rule should not be adopted or why it should be changed.

If we receive significant adverse comments, we will publish a document in the **Federal Register** withdrawing this rule before the effective date, and we will engage in the normal rulemaking process to promulgate these changes to 50 CFR 17.12.

Elsewhere in today's issue of the **Federal Register**, we have published a notice to initiate 5-year reviews that

includes *Physaria filiformis* among six other Midwest species. We will give the same consideration to comments in regard to the taxonomy of Missouri bladderpod submitted in response to either this direct final rule or our notice to initiate 5-year reviews; you do not need to submit separate comments pertaining to this issue for both documents.

Public Comments

You may submit your comments and materials regarding this direct final rule by one of the methods listed in the **ADDRESSES** section. Please include sufficient information with your comments that allows us to verify any scientific or commercial information you include. We will not consider comments sent by e-mail or fax, or to an address not listed in the **ADDRESSES** section.

We will post all comments on <http://www.regulations.gov>. This generally means that we will post any personal information you provide us. Before including your address, phone number, e-mail address, or other personal information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments and materials we receive, as well as supporting documentation we used in preparing this direct final rule, will be available for public inspection on the Internet at <http://www.regulations.gov> or by appointment, during normal business hours at the U.S. Fish and Wildlife Service Midwest Regional Office (see **FOR FURTHER INFORMATION CONTACT**). Please note that comments posted to <http://www.regulations.gov> are not immediately viewable. When you submit a comment, the system receives it immediately. However, the comment will not be publicly viewable until we post it, which might not occur until several days after submission. Information regarding this rule is available in alternative formats upon request (see **FOR FURTHER INFORMATION CONTACT**). For information pertaining to specific species, please contact the following Ecological Services Field Offices:
