Stainless Steel Plate in Coils from South Korea: Correction to Final Results of the Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* November 2, 2010.

FOR FURTHER INFORMATION CONTACT:

Hector Rodriguez or Elizabeth Eastwood, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0629 and (202) 482-3874, respectively.

SUPPLEMENTARY INFORMATION:

Correction

On October 7, 2010, the Department of Commerce (the Department) published in the **Federal Register** the following notice: *Certain Stainless Steel Sheet and Strip in Coils From Germany, Japan, the Republic of Korea, and Taiwan: Final Results of the Expedited Second Sunset Reviews of the Antidumping Duty Orders*, 75 FR 62014 (Oct. 7, 2010) (*Final Sunset Notice*). After the publication of this notice in the **Federal Register**, we identified an inadvertent error in the *Final Sunset Notice*. The Department made an error in the "Final Results of Reviews" section of the notice by inadvertently including an incorrect weighted-average margin for the South Korean respondent Pohang Iron & Steel Co., Ltd. (POSCO), as well as the "all others" rate for South Korea. Specifically, the weighted-average margin for POSCO and the "all others" rate for South Korea, listed as 16.26 percent, should have been listed as 6.08 percent pursuant to implementation of the findings of the World Trade Organization Panel in *United States—Anti-Dumping Measures on Stainless Steel Plate in Coils and Stainless Steel Sheet and Strip From Korea. See Notice of Amendment of Final Determinations of Sales at Less Than Fair Value: Stainless Steel Plate in Coils From the*

Republic of Korea; and Stainless Steel Sheet and Strip in Coils From the Republic of Korea, 66 FR 45279, 45283 (Aug. 28, 2001).

Conclusion

The Department clarifies that the “Final Results of Reviews” section of the *Final Sunset Notice* inadvertently listed the weighted-average margin for POSCO and the “all others” rate for South Korea as 16.26 percent; however, the correct rate is 6.08 percent. The Department intends to notify the International Trade Commission of this correction to its determination.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Tariff Act of 1930, as amended.

Dated: October 27, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

FOR FURTHER INFORMATION CONTACT: Tammy Adams or Amy Sloan, (301) 713-2289.

SUPPLEMENTARY INFORMATION: On August 31, 2009, notice was published in the **Federal Register** (74 FR 44822) that Permit No. 14326 to conduct research on Steller sea lions (*Eumetopias jubatus*) had been issued to the above-named applicant under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226). The permit is valid through August 31, 2014, and authorizes takes of Steller sea lions throughout their range in the U.S. during capture, tissue sampling, marking, attachment of scientific instruments, and surveys. The permit also authorizes a limited number of research-related mortalities.

The amended permit allows takes of up to 20 adult female Steller sea lions annually by capture using additional drug combinations in the remotely delivered darts. It does not change the number of animals that may be taken or any other terms and conditions of the permit. The amendment is effective through the original expiration date of the permit.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), NMFS determined that the activities proposed are consistent with the Preferred Alternative in the Final Programmatic Environmental Impact Statement for Steller Sea Lion and Northern Fur Seal Research (NMFS 2007), and that issuance of the permit would not have a significant adverse impact on the human environment.

As required by the ESA, issuance of this permit was based on a finding that such permit: (1) Was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: October 27, 2010.

Tammy C. Adams,

Acting Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.
