

register for participation, individuals must provide their name, city, state, phone, email address and agency/organization to agmu@leo.gov by November 1, 2023. Individuals registering for participation must note their preference of in-person or virtual participation. Information regarding virtual participation will be provided prior to the meeting to registered individuals attending virtually.

The federal government is currently operating on a continuing resolution that expires at 11:59 p.m. on November 17, 2023. Should any lapse in its annual appropriations continue through November 21, 2023, the Council will be unable to conduct its business in person. If this occurs, a virtual meeting with a limited agenda will be held on November 29, 2023, beginning at 1 p.m. (EST). All individuals registered by the deadline to attend the meeting will be provided the virtual meeting invitation.

Any member of the public wishing to file a written statement with the Council or wishing to address this session of the Council should notify the FBI Compact Officer, Ms. Chasity S. Anderson at compactoffice@fbi.gov, at least 7 days prior to the start of the session. The notification should contain the individual's name and corporate designation, consumer affiliation, or government designation, along with a short statement describing the topic to be addressed and the time needed for the presentation. Individuals will ordinarily be allowed up to 15 minutes to present a topic. The Compact Officer will compile all requests and submit to the Compact Council for consideration.

Individuals requiring special accommodations should contact Ms. Anderson at compactoffice@fbi.gov by no later than November 15, 2023. Please note all personal registration information may be made publicly available through a Freedom of Information Act request.

OFFICE OF MANAGEMENT AND BUDGET

Draft Report to Congress on the Benefits and Costs of Federal Regulations and Agency Compliance With the Unfunded Mandates Reform Act

AGENCY: Office of Management and Budget, Executive Office of the President.

ACTION: Notice of availability and request for comments.

SUMMARY: The Office of Management and Budget (OMB) requests comments on its Draft Report to Congress on the Benefits and Costs of Federal Regulations and Agency Compliance with the Unfunded Mandates Reform Act, available at: <https://www.whitehouse.gov/omb/information-regulatory-affairs/reports/>. The Draft Report is divided into two parts, the first of which is further divided into several chapters. Part I's Chapter I examines the benefits and costs of major Federal regulations issued in fiscal years 2020, 2021 and 2022. Chapter II discusses regulatory impacts on State, Local, and tribal governments, small business, wages and employment, and economic growth. Chapter III offers recommendations for regulatory reform. Part II summarizes agency compliance with the Unfunded Mandates Reform Act. OMB requests that comments be submitted electronically to OMB by December 15, 2023, through www.regulations.gov using Docket ID OMB-2023-0019.

DATES: To ensure consideration of comments as OMB prepares this Draft Report for submission to Congress, comments must be in writing and received by December 15, 2023.

ADDRESSES: Submit comments by one of the following methods:

- www.regulations.gov: Direct comments to Docket ID OMB-2023-0019.
- **Fax:** (202) 395-7285.
- **Mail:** Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, 9th Floor, 725 17th Street NW, Washington, DC 20503. To ensure that your comments are received timely, we recommend that comments on this draft report be electronically submitted.

Privacy Act Statement: Submission of comments is voluntary. The information received will be used to inform sound decision making. Please note that all comments submitted in response to this notice may be posted or released in their entirety, including any personal and

business confidential information provided. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. The OMB System of Records Notice, OMB Public Input System of Records, OMB/INPUT/01, includes a list of routine uses associated with the collection of this information. The www.regulations.gov website is an "anonymous access" system, which means OMB will not know your identity or contact information unless you provide it in the body of your comment.

FOR FURTHER INFORMATION CONTACT: MBX.OMB.OIRA.BC_Report_Questions@omb.eop.gov.

SUPPLEMENTARY INFORMATION: Congress directed the Office of Management and Budget to prepare an annual Report to Congress on the Benefits and Costs of Federal Regulations. Specifically, Section 624 of Title IV of the FY 2001 Treasury and General Government Appropriations Act, also known as the "Regulatory Right-to-Know Act" (the Act), requires OMB to submit a report on the benefits and costs of Federal regulations together with recommendations for reform. The Act states that the report should contain estimates of the costs and benefits of regulations in the aggregate, by agency and agency program, and by major rule, as well as an analysis of impacts of Federal regulation on State, local, and tribal governments, small businesses, wages, and economic growth. The Act also states that the report should be subject to notice and comment and peer review. OIRA requests public comments on the report in general, including its substance and format; how to improve transparency and accountability with respect to the effects of regulation; and the various recommendations for reform.

Richard L. Revesz,

Administrator, Office of Information and Regulatory Affairs.

NUCLEAR REGULATORY COMMISSION

[Docket No. 40-1162; NRC-2021-0120]

Split Rock, Wyoming Uranium Mill Tailings Radiation Control Act Title II Disposal Site; Jeffrey City, Wyoming

AGENCY: Nuclear Regulatory Commission.

ACTION: Environmental assessment and finding of no significant impact; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) reviewed a Long-Term Surveillance Plan (LTSP) for the Split Rock, Wyoming Uranium Mill Tailings Radiation Control Act (UMTRCA) Title II Disposal Site, Jeffrey City, Wyoming submitted by the U.S. Department of Energy (DOE), by letter dated April 29, 2020. The NRC staff prepared an environmental assessment (EA) for this LTSP in accordance with its regulations. Based on the EA, the NRC concluded that a finding of no significant impact (FONSI) is appropriate. The NRC is also conducting a safety evaluation of the proposed license transfer.

DATES: The EA and FONSI referenced in this document are available on October 30, 2023.

ADDRESSES: Please refer to Docket ID NRC–2021–0120 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2021–0120. Address questions about Docket IDs in *Regulations.gov* to Stacy Schumann; telephone: 301–415–0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION**

CONTACT section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to PDR.Resource@nrc.gov. The ADAMS accession number for each document referenced in this document (if that document is available in ADAMS) is provided the first time that a document is referenced.

- *NRC's PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC is evaluating the LTSP for the Split Rock, Wyoming UMTRCA Title II Disposal Site submitted by the DOE for the long-term care and custodianship of the former uranium mill tailings site. The DOE submitted its request by letter dated April 29, 2020, (ADAMS Accession No. ML20121A280) and amended on August 11, 2023 (ADAMS Package Accession No. ML23223A152). The LTSP demonstrates the DOE responsibilities as the long-term custodian of the site, fulfilling its requirements associated with the general license under part 40 of title 10 of the *Code of Federal Regulations* (10 CFR), "Domestic Licensing of Source Material."

In accordance with 10 CFR part 51, "Environmental Protection Regulations for Domestic Licensing and Related Regulatory Functions," which implements the National Environmental Policy Act of 1969 as amended, the NRC staff's environmental review of the LTSP is documented in its EA (ADAMS Accession No. ML23236A452). The purpose of the EA is to assess the potential environmental impacts of the activities included in the long-term care of the Split Rock, Wyoming UMTRCA Title II disposal site. The NRC is also conducting a safety evaluation of the LTSP, which will be documented in a separate technical evaluation report (TER).

The long-term surveillance and maintenance program presented in the LTSP entails performing the following activities at the site: annual site inspection and reporting, annual ground water and surface water monitoring and reporting, and minor maintenance. The NRC will approve transfer of the site to DOE under the general licensing authority of 10 CFR part 40, following publication of the FONSI in the **Federal Register**, the EA, and the TER.

II. Final Environmental Assessment Summary

The Split Rock, Wyoming UMTRCA Title II disposal site is currently under a specific license with Western Nuclear Inc. (WNI) for the possession and storage of source or byproduct material from processing and extraction activities associated with uranium milling and as defined in 10 CFR part 40. Past activities include disposal,

decommissioning, and reclamation activities at the site. Once those activities are complete, the license must be transferred to the long-term custodian under a general license. Under the UMTRCA Title II, a general license is issued for the custody and long-term care, including monitoring, maintenance, emergency measures necessary to protect the public health and safety, and other actions necessary to comply with site closure under Title II of UMTRCA. The long-term custodian will be the DOE.

The purpose of the LTSP is to establish the parameters of the long-term custodian's maintenance and surveillance of the site, consistent with 10 CFR 40.28, to demonstrate and ensure that uranium and thorium mill tailings disposal sites will be cared for in a manner that protects the public health, safety, and environment after closure. The DOE proposed an LTSP for the Split Rock, Wyoming UMTRCA Title II disposal site and requested NRC review and approval. The NRC considered the proposed action and the no-action alternative of denying the LTSP and transfer of the site to a general license. The results of the NRC's environmental review can be found in the final EA (ADAMS Accession No. ML23236A452). The NRC staff performed its environmental review in accordance with the requirements in 10 CFR part 51. In conducting the environmental review, the NRC contacted the Wyoming State Historic Preservation office (ADAMS Accession No. ML21056A423), and seventeen Native American Tribes (ADAMS Accession No. ML20329A081) and ran a query using the U.S. Fish and Wildlife Service's Information for Planning and Consultation database (ADAMS Accession No. ML21047A315).

If the NRC approves the LTSP and concurs with Wyoming's termination of WNI's radioactive material license (WYSUA–56), the site will be transferred to an NRC general license for long-term custody (10 CFR 40.28(b)). Concurrent with this action, the WNI's deed and title to the site within the long-term site boundary will be transferred to the DOE. The remaining balance of the property is federally owned or privately held and under institutional control restrictions. Disposal structures (*i.e.*, the disposal cell and its associated surface water diversion structures) are designed to last "for up to 1,000 years, to the extent reasonably achievable, and, in any case, for at least 200 years" (10 CFR part 40, appendix A, "Criteria Relating to the Operation of Uranium Mills and the Disposition of Tailings or Wastes

Produced by the Extraction or Concentration of Source Material from Ores Processed Primarily for Their Source Material Content,” Criterion 6), in addition, there is no termination of the general license for the DOE’s long-term custody of the site (10 CFR 40.28(b)). Representatives of the NRC must be guaranteed permanent right-of-entry for periodic site inspections. Perpetual access to the site is gained by a local county road.

To meet the NRC’s license requirements at 10 CFR 40.28 and 10 CFR part 40, appendix A, criterion 12, the DOE as long-term custodian must, at a minimum, fulfill the following requirements:

- annual site inspection,
- annual inspection report,
- follow-up inspections and reports, as necessary,
- site maintenance, as necessary,
- emergency measures, and,
- environmental monitoring.

III. Finding of No Significant Impact

Based on its review of the proposed action in the EA, in accordance with the requirements of 10 CFR part 51, the NRC staff determined that approval of the LTSP for the Split Rock, Wyoming UMRCA Title II disposal site authorizing long-term surveillance activities, will not significantly affect the quality of the human environment. The proposed action would not result in any new construction or expansion of the existing footprint beyond the area previously disturbed and approved. No significant radiological or nonradiological impacts are expected from the long-term surveillance and maintenance. The proposed action will not affect potentially eligible historic properties if any are present. Therefore, the NRC staff determined that pursuant to 10 CFR 51.31, preparation of an environmental impact statement is not required for the proposed action, and pursuant to 10 CFR 51.32, a FONSI is appropriate.

Dated: October 24, 2023.

For the Nuclear Regulatory Commission.

John M. Moses,

Deputy Director, Division of Rulemaking, Environmental, and Financial Support, Office of Nuclear Material Safety, and Safeguards.

OFFICE OF PERSONNEL MANAGEMENT

Federal Prevailing Rate Advisory Committee Virtual Public Meeting

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: According to the provisions of section 10 of the Federal Advisory Committee Act, notice is hereby given that a virtual meeting of the Federal Prevailing Rate Advisory Committee will be held on Thursday, November 16, 2023. There will be no in-person gathering for this meeting.

DATES: The virtual meeting will be held on November 16, 2023, beginning at 10 a.m. (ET).

ADDRESSES: The meeting will convene virtually.

FOR FURTHER INFORMATION CONTACT: Ana Paunoiu, 202–606–2858, or email pay-leave-policy@opm.gov.

SUPPLEMENTARY INFORMATION: The Federal Prevailing Rate Advisory Committee is composed of a Chair, five representatives from labor unions holding exclusive bargaining rights for Federal prevailing rate employees, and five representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee’s primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the Office of Personnel Management.

Annually, the Chair compiles a report of pay issues discussed and concluded recommendations. These reports are available to the public. Reports for calendar years 2008 to 2022 are posted at <http://www.opm.gov/fprac>. Previous reports are also available, upon written request to the Committee.

The public is invited to submit material in writing to the Chair on Federal Wage System pay matters felt to be deserving of the Committee’s attention. Additional information on these meetings may be obtained by contacting the Committee at Office of Personnel Management, Federal Prevailing Rate Advisory Committee, Room 7H31, 1900 E Street NW, Washington, DC 20415, (202) 606–2858.

This meeting is open to the public, with an audio option for listening. This notice sets forth the agenda for the meeting and the participation guidelines.

Meeting Agenda. The tentative agenda for this meeting includes the following Federal Wage System items:

- The definition of Monroe County, PA
- The definition of San Joaquin County, CA
- The definition of the Salinas-Monterey, CA, wage area
- The definition of the Puerto Rico wage area

Public Participation: The November 16, 2023 meeting of the Federal Prevailing Rate Advisory Committee is open to the public through advance registration. Public participation is available for the meeting. All individuals who plan to attend the virtual public meeting to listen must register by sending an email to pay-leave-policy@opm.gov with the subject line “November 16, 2023” no later than Tuesday, November 14, 2023.

The following information must be provided when registering:

- Name.
- Agency and duty station.
- Email address.
- Your topic of interest.

Members of the press, in addition to registering for this event, must also RSVP to media@opm.gov by November 14, 2023.

A confirmation email will be sent upon receipt of the registration. Audio teleconference information for participation will be sent to registrants the morning of the virtual meeting.
