

Exchange to offset some of the rising overhead and technology infrastructure, administrative, maintenance and operational costs it incurs in support of the service.

If such costs are covered, the service may provide the Exchange with a profit. As such, the Exchange believes that the proposed fee is reasonable and notes that this proposal conforms to similarly-situated Extranet Access Fee rules on Phlx and NASDAQ. The extranet costs are separate and different from the colocation facility that is able to recoup these fees by charging for servers within the associated data centers.

Additionally, the Exchange believes that the proposed change is equitable and not unreasonably discriminatory. The monthly fee is assessed uniformly to all extranet providers that establish a connection with the Exchange to offer direct access connectivity to market data feeds, and is the same for all at \$1,000 per recipient CPE Configuration. Thus, any burden arising from the fees is necessary in the interest of promoting the equitable allocation of a reasonable fee. Moreover, firms make decisions on how much and what types of data to consume on the basis of the total cost of interacting with the Exchange or other markets and, of course, the Extranet Access Fee is but one factor in a total platform analysis.

Additionally, BX Rule 7025 will be clarified by stating that if an extranet provider uses multiple CPE Configurations to provide market data feeds to any recipient, the monthly fee shall apply to each such CPE Configuration, and by replacing non-conforming language. This clarification should serve to reduce any confusion as to the applicability of this fee.

The proposal provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls, and is consistent with the Act.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

The proposed fees are applied uniformly among extranet providers, which are not compelled to establish a connection with the Exchange to offer access connectivity to market data feeds. For these reasons, any burden arising from the fees is necessary in the interest of promoting the equitable allocation of a reasonable fee. Additionally, firms

make decisions on how much and what types of data to consume on the basis of the total cost of interacting with the Exchange or other exchanges and, of course, the Extranet Access Fee is but one factor in a total platform analysis.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Pursuant to Section 19(b)(3)(A)(ii) of the Act,<sup>11</sup> the Exchange has designated this proposal as establishing or changing a due, fee, or other charge imposed by the self-regulatory organization on any person, whether or not the person is a member of the self-regulatory organization, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
