

at a time when it can meaningfully consider them and respond to them in the final EIS.

To assist the Forest Service in identifying and considering issues and concerns on the Proposed Action, comments on the draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft EIS. Comments may also address the adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

The final EIS is scheduled to be available by February 2004. In the final EIS, the Forest Service is required to respond to substantive comments received during the comment period for the draft EIS. The Responsible Official is Ochoco National Forest Supervisor, Larry Timchak. He will decide which, if any, of the alternatives will be implemented. His decision and rationale for the decision regarding vegetation management & livestock grazing actions will be documented in the Record of Decision, which will be subject to Forest Service Appeal Regulations (36 CFR part 215).

Dated: February 11, 2003.

Larry Timchak,

Forest Supervisor.
