

K. Expansion of the Post Acute Care Transfer Policy

For FY 2005 TRICARE is adopting CMS' expanding post acute care transfer policy according to CMS' final rule published August 11, 2004.

II. Cost to Charge Ratio

For FY 2005, the cost-to-charge ratio used for the TRICARE DRG-based payment system will be 0.4438, which is increased to 0.4508 to account for bad debts. This shall be used to calculate the adjusted standardized amounts and to calculate cost outlier payments, except for children's hospitals. For children's hospital cost outliers, the cost-to charge ratio used is 0.4887.

III. Updated Rates and Weights

The updated rates and weights are accessible through the Internet at <http://www.tricare.osd.mil> under the sequential headings TRICARE Provider Information, Rates and Reimbursements, and DRB Information. Table 1 provides the ASA rates and Table 2 provides the DRG weights to be used under the TRICARE DRG-based payment system during FY 2005 and which is a result of the changes described above. The implementing regulations for the TRICARE/CHAMPUS DRG-based payment system are in 32 CFR Part 199.
