Participation Requirements

All parties interested in participating in the trade mission must submit an application package for consideration by the Department of Commerce. All applicants will be evaluated on their ability to meet certain conditions and best satisfy the selection criteria as outlined above. A minimum of fifteen and maximum of twenty companies and/or trade associations will be selected to participate in the mission on a rolling basis.

Fees and Expenses

After a firm or trade association has been selected to participate on the mission, a payment to the Department of Commerce in the form of a participation fee is required. The fees are as follow:

The participation fee will be \$5,900 for a small or medium-sized enterprises (SME) and \$7,500 for large firms. There will be a \$1,000 fee for each additional firm representative (large firm or SME).

If an applicant is selected to participate on a particular mission, a payment to the Department of Commerce in the amount of the designated participation fee is required. Upon notification of acceptance to participate, those selected have 5 business days to submit payment or the acceptance may be revoked.

Participants selected for a trade mission will be expected to pay for the cost of personal expenses, including, but not limited to, international travel, lodging, meals, transportation, communication, and incidentals, unless otherwise noted. Participants will, however, be able to take advantage of U.S. Government rates for hotel rooms. In the event that a mission is cancelled, no personal expenses paid in anticipation of a mission will be reimbursed. However, participation fees for a cancelled mission will be reimbursed to the extent they have not already been expended in anticipation of the mission.

If a visa is required to travel on a particular mission, applying for and obtaining such a visa will be the responsibility of the mission participant. Government fees and processing expenses to obtain such a visa are not included in the participation fee. However, the Department of Commerce will provide instructions to each participant on the procedures required to obtain business visas.

Trade mission members participate in trade missions and undertake mission-related travel at their own risk. The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The U.S. Government does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues U.S. Government international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/passports/en/alertswarnings.html>. Any question regarding insurance coverage must be resolved by the participant and its insurer of choice.

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Department of Commerce trade mission calendar (<http://export.gov/trademissions>) and other internet websites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than June 23, 2023. The Department of Commerce will evaluate applications and inform applicants of selection decisions on a rolling basis until the maximum number of participants has been selected. Applications received after June 23, 2023, will be considered only if space and scheduling constraints permit.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that circular welded carbon-quality steel pipe (CWP) from the Sultanate of Oman (Oman) was sold in the United States at less than normal value (NV) during the periods of review (POR), December 1, 2019, through November 30, 2020, and December 1, 2020, through November 30, 2021.

DATES: Applicable June 15, 2023.

SUPPLEMENTARY INFORMATION:

Background

On December 28, 2022, Commerce published the *Preliminary Results* of the deferred 2019–2020 administrative review and the concurrent 2020–2021 administrative review of the antidumping duty order on CWP from Oman.¹ We invited interested parties to

comment on the *Preliminary Results*.² On April 20, 2023, we extended the deadline for the final results of these reviews until June 8, 2023.³ The administrative review for the 2019–2020 POR covers Al Jazeera Steel Products Co. SAOG (Al Jazeera).⁴ The administrative review for the 2020–2021 POR covers four exporters/producers,⁵ of which we selected Al Jazeera as the mandatory respondent.⁶ For a summary of the events that occurred since the Preliminary Results, see the Issues and Decision Memorandum.⁷ Commerce conducted these reviews in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁸

The merchandise subject to the *Order* is CWP from Oman. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised by parties in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System

(ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Commerce received no comments and made no changes to the *Preliminary Results* for the 2019–2020 POR. Based on a review of the record and comments received from interested parties regarding our *Preliminary Results* for the 2020–2021 POR, we made certain changes to the preliminary weighted-average dumping margin calculations for Al Jazeera for the 2020–2021 POR.⁹ As a result of these changes, the preliminary weighted-average dumping margin also changes for the companies subject to this review, but not selected for individual examination.

Rate for Non-Examined Companies

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair-value

(LTFV) investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding rates that are zero, *de minimis* (i.e., less than 0.5 percent), or determined entirely on the basis of facts available.

No companies other than Al Jazeera remain under review for the 2019–2020 POR.¹⁰ For the 2020–2021 POR, we calculated a weighted-average dumping margin for Al Jazeera that is not zero, *de minimis*, or determined entirely on the basis of facts available. Accordingly, Commerce has assigned to companies not individually examined for the 2020–2021 POR a margin of 2.31 percent, which is Al Jazeera's calculated weighted-average dumping margin for the 2020–2021 POR.

Final Results of Review

Commerce determines that the following estimated weighted-average dumping margins exist for the periods December 1, 2019, through November 30, 2020, and December 1, 2020, through November 30, 2021:

Exporter/producer	Weighted-average dumping margin for December 1, 2019 to November 30, 2020 POR (percent)	Weighted-average dumping margin for December 1, 2020 to November 30, 2021 POR (percent)
Al Jazeera Steel Products Co. SAOG	4.61	2.31
Al Samna Metal Manufacturing & Trading Company LLC ¹¹	Not Applicable	2.31
Bollore Logistics (Oman) LLC ¹²	Not Applicable	2.31
Transworld Shipping Trading & Logistics Services LLC ¹³	Not Applicable	2.31

Disclosure

We intend to disclose the calculations performed for these final results of review to interested parties within five days of the date of publication of this

notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

shall assess, antidumping duties on all appropriate entries for the 2019–2020 POR and the 2020–2021 POR, at the applicable *ad valorem* assessments rates listed for the corresponding review period. Pursuant to 19 CFR 351.212(b)(1), because Al Jazeera reported the entered value of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where an importer-specific assessment rate is *de minimis* (i.e., less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties.

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the 2019–2020 POR and the 2020–2021 POR produced by Al Jazeera for which it did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁴

For the companies which were not selected for individual examination for the 2020–2021 POR, we will instruct CBP to assess antidumping duties at a rate equal to the weighted-average dumping margin determined for the non-examined companies. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of these reviews in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of these administrative reviews, as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for each company listed above will be equal to the weighted-average dumping margin established in the final results of the 2020–2021 review, except, if that rate is *de minimis*, then the cash deposit rate will

be zero; (2) for previously reviewed or investigated companies not subject to this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) if neither the exporter nor the producer is a firm covered in this or any previously completed segment of this proceeding, then the cash deposit rate will be the all-others rate of 7.36 percent that was established in the LTFV investigation.¹⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the 2019–2020 POR and the 2020–2021 POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 19 CFR 351.221(b)(5).

Dated: June 8, 2023.

Assistant Secretary for Enforcement and Compliance.
