

215, Railroad Freight Car Safety Standards. The relevant FRA Docket Number is FRA–2011–0038.

Specifically, PVRR requests relief from 49 CFR 215.203, *Restricted cars*, for one caboose (PRR 478044) that is more than 50 years of age from the date of original construction. PVRR also requests relief from 49 CFR 215.303, *Stenciling of restricted cars*, to retain the caboose's historical accuracy. In support of its petition, PVRR states that no accidents, incidents, or injuries to railroad personnel have occurred since the waiver/special approval was granted.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted at <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Communications received by October 18, 2021 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable. Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), the U.S. Department of Transportation (DOT) solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. [Docket Number FRA–2021–0086]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on August 16, 2021, the Steam Locomotive Heritage Association (SLHA) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 230.16, *Annual inspection*. FRA assigned the petition Docket Number FRA–2021–0086.

Specifically, SLHA requested relief for steam locomotive #1003, which is owned by 1003 Operations, LLP, and leased to SLHA to use for educational purposes. SLHA requests that #1003's annual inspection be delayed from its current due date of October 17, 2021, to December 31, 2021, so SLHA can use #1003 in several planned events during the month of November. In support of its request, SLHA states that #1003 would accumulate a total of 12 service days and 178 miles traveled since the previous annual inspection on October 17, 2020.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments.
