ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2010-0164; FRL-9152-2]

Guidance for Federal Land Management in the Chesapeake Bay Watershed

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: This notice announces the availability of a final Guidance for Federal Land Management in the Chesapeake Bay Watershed which EPA is publishing pursuant to Section 502 of Executive Order (EO) 13508 ("Chesapeake Bay Protection and Restoration", published on May 12,

2009). This guidance will allow the federal government to lead the way in protecting the Bay and its watershed with the most effective tools and practices available to reduce water pollution from a variety of nonpoint sources, including agricultural lands, urban and suburban areas, forestry, riparian areas, septic systems, and hydromodification. This guidance is the first product under the Chesapeake Bay Executive Order to provide technical tools that will be needed to restore the Bay. Section 501 of the Executive Order directs federal agencies with ten or more acres within the Chesapeake Bay watershed to implement the Section 502 guidance as expeditiously as practicable and to the extent permitted by law.

FOR FURTHER INFORMATION CONTACT: Katie Flahive, USEPA, Office of Water, Office of Wetlands, Oceans and Watersheds, 1200 Pennsylvania Ave., NW., MC 4503T, Washington, DC; *telephone number:* (202) 566-1206; *fax number:* (202) 566-1437; *e-mail:* Flahive.Katie@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

Executive Order 13508, Chesapeake Bay Protection and Restoration, dated May 12, 2009 (74 FR 23099, May 15, 2009), directed EPA to prepare and publish a guidance for federal land management in the Chesapeake Bay watershed within one year. A draft of this guidance was released for public comment on March 24, 2010 (75 FR 91294, March 24). This final guidance incorporates revisions resulting from public comments, consideration by the federal agencies, and peer review comments.

Why was this guidance prepared?

The purpose of this guidance is to describe "proven cost-effective tools and practices that reduce water pollution" that are appropriate to restore and protect the Chesapeake Bay. Assuming that all necessary point source reductions are achieved and other needed restoration actions are taken, these tools and practices, when implemented broadly, aim to enable the Chesapeake Bay to be restored. While the primary audience for this document is Federal land managers, nonfederal land managers, including states, local governments, conservation districts, watershed organizations, developers, farmers and citizens may also find this guidance to be helpful.

In significant part, this guidance is being developed to offer solutions for implementation to meet specific Chesapeake Bay goals. EPA, in
