

II. Current Actions

This notice proposes the Generic Clearance to Conduct Pre-Testing of Surveys.

IMLS requests approval from the Office of Management and Budget (OMB) for a generic clearance that will allow IMLS to conduct a variety of data-gathering activities aimed at improving the quality and usability of information collection instruments associated with research and analysis activities, including but not limited to the National Museum Survey, the Public Libraries Survey and the State Library Administrative Agencies Survey.

IMLS envisions using a variety of techniques including field tests, respondent debriefing questionnaires, cognitive interviews, and focus groups to identify questionnaire and procedural problems, suggest solutions, and measure the relative effectiveness of alternative solutions.

Following standard OMB requirements, IMLS will submit a change request to OMB for each data collection activity undertaken under this generic clearance. IMLS will provide OMB with the instruments and supporting materials describing the research project and specific pre-testing activities.
