

proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the nonparty commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Florida Gas Transmission Company; Notice of Tariff Filing

October 16, 2002.

Take notice that on October 11, 2002, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheet to become effective November 11, 2002:

[Fifth Revised Sheet No. 174]

FGT states that in the instant filing, it is proposing tariff revisions setting forth the criteria that would permit FGT to terminate a temporary capacity relinquishment. Specifically, in a new Section 18 L of FGT's General Terms and Conditions, Transporter's Right to Terminate a Temporary Capacity Relinquishment, FGT is proposing that FGT may elect to terminate a temporary capacity relinquishment upon 30-days' written notice if the relinquishing shipper has failed to maintain creditworthiness and the rate paid by the acquiring shipper is less than the relinquishing shipper's contract rate. Additionally, FGT is proposing that the acquiring shipper may avoid termination of the temporary capacity relinquishment by agreeing to pay for the remainder of the relinquishment the lower of the relinquishing shipper's

contract rate or the maximum tariff rate under the applicable rate schedule. FGT believes the tariff revisions being proposed are similar to those recently approved by the Federal Energy Regulatory Commission.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link.
