Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW., Washington, DC 20502. Animal and Plant Health Inspection Service

Title: Interstate Movement of Certain Tortoises.

OMB Control Number: 0579-0156.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to prevent, control, and eliminate domestic diseases such as tuberculosis, as well as to take actions to prevent and to manage exotic diseases such as heartwater disease. The regulations in 9 CFR part 93 prohibit the importation of the leopard tortoise, the African spurred tortoise, and the Bell's hingeback tortoise to prevent the introduction and spread of exotic ticks known to be vectors of heartwater disease, an acute, infectious disease of cattle and other ruminants. The regulations in 9 CFR part 74 prohibit the interstate movement of those tortoises that are already in the United States unless the tortoises are accompanied by a health certificate or certificate of veterinary inspection.

Need and Use of the Information: APHIS will collect information to ensure that the interstate movement of these leopard, African spurred, and Bell's hingeback tortoises poses no risk of spreading exotic ticks within the United States. Owners and veterinarians are required to provide the following information to Federal or accredited veterinarians for completion of the health certificate: name, address, and telephone number of the owner; information identifying the animal such as collar or tattoo number; breed; age; sex; color; distinctive marks; vaccination history; and certifications from both the owner and the veterinarian that all information is true and accurate. The collected information is used for the purposes of identifying each specific tortoise and documenting the State of its health so that the animals can be transported across State and national boundaries. If the information is not collected APHIS would be forced to continue their complete ban on the interstate movement of leopard, African

spurred, and Bell's hingeback tortoises, a situation that could prove economically disastrous for a number of U.S. tortoises breeders.

Description of Respondents:

Individuals or households; Business or other for-profit.

Number of Respondents: 50.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 500.

Departmental Information Collection Clearance Officer.

Foreign-Trade Zones Board

[B-107-2013]

Foreign-Trade Zone (FTZ) 265—Conroe, Texas, Notification of Proposed Production Activity, Bauer Manufacturing Inc., (Pile Drivers, Boring Machinery, and Foundation Construction Equipment), Conroe, Texas

The City of Conroe, Texas, grantee of FTZ 265, submitted a notification of proposed production activity to the FTZ Board on behalf of Bauer Manufacturing Inc. (Bauer), located in Conroe, Texas. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on December 18, 2013.

Bauer already has authority to produce pile drivers and leads, boring machinery, foundation construction equipment, foundation casings, related parts and sub-assemblies, and tools and accessories for pile drivers and boring machinery within Site 1 of FTZ 265. The current request would add certain foreign-status components to the scope of authority. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Bauer from customs duty payments on the foreign status components used in export production. On its domestic sales, Bauer would be

able to choose the duty rates during customs entry procedures that apply to pile drivers and leads, boring machinery, foundation construction equipment, foundation casings, and tools and accessories for pile drivers and boring machinery (free, 2.9%, 5.0%) for the foreign status inputs noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: Zinc plated non-alloy steel; alloy steel bars; shapes of non-alloy semi-finished steel; and, keys for control panel doors (duty rate ranges from free to 4.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is February 10, 2014.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.
