

participants' academic and labor records.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

The Department maintains secured, password-protected records on the IES Data Center, and the Department's contractor, Mathematica Policy Research, Inc., maintains records for this system on the Department's behalf on secured, password-protected computer systems and in hard copy form until uploaded to the IES Data Center. Hard copy records will be kept in locked file cabinets during nonworking hours and work on hard copy records will take place in a single room, except for data entry.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records in this system are indexed by a unique number assigned to each individual, which can be cross-referenced when needed (such as for data matching) with the separately stored direct identifiers.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

The Department has submitted a retention and disposition schedule that is intended to cover the records contained in this system to the National Archives and Records Administration (NARA) in June 2022 for NARA's review. The records will not be destroyed until such a time as NARA approves said schedule.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Security protocols for this system of records meet all required security standards. All physical access to the Department's site and to the site of the Department's contractor, where this system of records is also maintained, is controlled and monitored by security personnel. The computer system employed by the Department offers a high degree of resistance to tampering and circumvention with the use of firewalls, encryption, and password protection. This system limits data access to Department and contract staff on a need-to-know basis and controls individual users' ability to access and alter records within the system. The contractor will establish a similar set of procedures at its site to ensure the confidentiality of data. The contractor's systems are required to ensure that personally identifiable information is in files physically separated from other research data. The contractor will maintain security of the complete set of all master data files. Access to personally identifiable information will

be strictly controlled. Access to information by contractor staff will be granted on a need-to-know basis, and individual staff's ability to alter records within the system will be controlled.

Security features that protect project data include: password-protected accounts that authorize users to use the contractor's system but to access only specific network directories and network software; user rights and directory and file attributes that limit those who can use particular directories and files and determine how they can use them; and additional security features that the network administrators will establish for projects as needed. The contractor's employees who "maintain" (collect, maintain, use, or disseminate) data in this system shall comply with the requirements of the confidentiality standards in section 183 of the ESRA (20 U.S.C. 9573).

RECORD ACCESS PROCEDURE:

If you wish to gain access to a record in this system, contact the system manager at the address listed above. Your request must provide necessary particulars of your full name, address, telephone number, and any other identifying information requested by the Department, to distinguish between individuals with the same name. Your request must meet the requirements of regulations at 34 CFR 5b.5.

CONTESTING RECORD PROCEDURE:

If you wish to contest the content of a record regarding you, you must contact the system manager at the address listed above. Requests must contain your full name, address, and telephone number. Your request must meet the requirements of the regulations at 34 CFR 5b.7.

NOTIFICATION PROCEDURE:

If you wish to determine whether a record exists regarding you, you must contact the systems manager at the address listed above. Your request must provide necessary particulars, such as your full name, address, telephone number, and any other identifying information requested by the Department while processing the request, to distinguish between individuals with the same name. Your request must meet the requirements of regulations at 34 CFR 5b.5.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

HISTORY:

None.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2023-SCC-0096]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and approval; Comment Request; Full-Service Community Schools Annual Performance Report

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a new information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before November 20, 2023.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting "Department of Education" under "Currently Under Review," then check the "Only Show ICR for Public Comment" checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the "View Information Collection (IC) List" link. Supporting statements and other supporting documentation may be found by clicking on the "View Supporting Statement and Other Documents" link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Jane Hodgdon, 202-245-6057.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Full-Service Community Schools Annual Performance Report.

OMB Control Number: 1810–NEW.

Type of Review: A new ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 100.

Total Estimated Number of Annual Burden Hours: 900.

Abstract: The collection of this information is part of the government-wide effort to improve the performance and accountability of all federal programs, under 34 CFR 75.210, the Uniform Guidance, and the Education Department General Administrative Regulations (EDGAR). The U.S. Department of Education (ED) developed performance measures at every program level to quantify and report program progress required by the Elementary and Secondary Education Act of 1965 (ESEA), as amended. Under the Uniform Guidance and EDGAR, recipients of federal awards are required to submit performance and financial expenditure information. The program-level performance measure (established under Section 4625(4)(C) of the Elementary and Secondary Education Act of 1965, as amended), the 13 additional program indicators (established through a Notice of Final Priorities, Requirements, Definitions, and Selection Criteria (NFP) published in the **Federal Register** on July 13, 2022 (87 FR 41675)), and budget information for the Full-Service Community Schools (FSCS) Program are reported in the Annual Performance Report (APR). The APR is required under 2 CFR 200.328 and 34 CFR 75.118 and 75.590. It provides data on the status of funded projects that correspond to the scope and objectives established in the approved applications and any amendments. To ensure that accurate and reliable data are reported to Congress on program implementation and performance outcomes, the FSCS APR collects data from grantees in a consistent format to calculate these data in the aggregate.

Dated: October 17, 2023.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

[Case Number 2023–005; EERE–2023–BT–WAV–0018]

Energy Conservation Program: Notification of Petition for Waiver of Johnson Controls Inc. From the Department of Energy Central Air Conditioners and Heat Pumps Test Procedure and Notification of Grant of Interim Waiver

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notification of petition for waiver and grant of an interim waiver; request for comments.

SUMMARY: This notification announces receipt of and publishes a petition for waiver and interim waiver from Johnson Controls Inc. (“JCI”), which seeks a waiver for specified basic models of central air conditioners (“CACs”) and central air conditioning heat pumps (“HPs”) (collectively, “CAC/HPs”) from the U.S. Department of Energy (“DOE”) test procedure used for determining the efficiency of CAC/HPs. According to JCI, testing its CAC/HP basic models that use variable-speed, oil-injected scroll compressors with only a 20-hour break-in period produces results unrepresentative of their true energy consumption characteristics, and would provide materially inaccurate comparative data. JCI requested that in lieu of the 20-hour break-in limit, it be permitted to test the specified CAC/HP basic models with a 72-hour break-in period. DOE also gives notification of an Interim Waiver Order that requires JCI to test and rate the specified CAC/HP basic models in accordance with the alternate test procedure set forth in the Interim Waiver Order. DOE solicits comments, data, and information concerning JCI’s petition and its suggested alternate test procedure so as to inform DOE’s final decision on JCI’s waiver request.

DATES: Written comments and information are requested and will be accepted on or before November 20, 2023.

ADDRESSES: Interested persons are encouraged to submit comments using the Federal eRulemaking Portal at www.regulations.gov under docket number EERE–2023–BT–WAV–0018. Follow the instructions for submitting comments. Alternatively, interested persons may submit comments, identified by docket number EERE–2023–BT–WAV–0018, by any of the following methods:

(1) *Email:* JohnsonControlsCACHP2023WAV0018@ee.doe.gov. Include the case number [Case No. 2023–005] in the subject line of the message.

(2) *Postal Mail:* Appliance and Equipment Standards Program, U.S. Department of Energy, Building Technologies Office, Mailstop EE–5B, Petition for Waiver [Case No. 2023–005], 1000 Independence Avenue SW, Washington, DC 20585–0121. If possible, please submit all items on a compact disc (“CD”), in which case it is not necessary to include printed copies.

(3) *Hand Delivery/Courier:* Appliance and Equipment Standards Program, U.S. Department of Energy, Building Technologies Office, 950 L’Enfant Plaza SW, 6th Floor, Washington, DC 20024. Telephone: (202) 287–1445. If possible, please submit all items on a CD, in which case it is not necessary to include printed copies.

No telefacsimiles (“faxes”) will be accepted. For detailed instructions on submitting comments and additional information on this process, see the **SUPPLEMENTARY INFORMATION** section of this document.

Docket: The docket for this activity, which includes **Federal Register** notices, public meeting attendee lists and transcripts (if a public meeting is held), comments, and other supporting documents/materials, is available for review at www.regulations.gov. All documents in the docket are listed in the www.regulations.gov index. However, not all documents listed in the index may be publicly available, such as information that is exempt from public disclosure.

The docket web page can be found at www.regulations.gov/docket/EERE-2023-BT-WAV-0018. The docket web page contains instructions on how to access all documents, including public comments, in the docket. See below for information on how to submit comments through www.regulations.gov.
