SUPPLEMENTARY INFORMATION:

Title: FERC–566 (Annual Report of a Utility's 20 Largest Purchasers).

OMB Control No.: 1902–0114.

Type of Request: Three-year extension of the FERC–566 information collection requirements with no revisions to the current requirements.

Abstract: Section 305(c) of the Federal Power Act (FPA),¹ mandates federal oversight and approval of certain electric corporate activities to ensure that neither public nor private interests are adversely affected. The FPA prescribes information filing requirements to achieve this goal. These filing requirements are found at 18 CFR 131.31, and serve as the basis for FERC–566.

FERC–566 implements FPA requirements that each public utility annually publishes a list of the 20 purchasers which purchased the largest annual amounts of electric energy sold by such public utility during any of the three previous calendar years. The public disclosure of this information provides the information necessary to determine whether public or private interests will be adversely affected by business relationships between public utilities and their 20 largest purchasers of electricity.

This information collection request includes proposed changes in Form 566 in accordance with the public display requirements at 5 CFR 1320.5(b).

Type of Respondents: Public utilities.

Estimate of Annual Burden: The Commission estimates 321 responses
