(4) The issuance of the amendments will not be inimical to the common defense and security or to the health and safety of the public.

2. On or by the closing date of the license transfer transaction, the Applicants shall take all necessary steps to ensure that the provisional trust agreement submitted on September 25, 2019, to address the shortfall identified for BVPS, Unit 1 is implemented and maintained consistent with the safety evaluation supporting this Order.

3. The NRC staff's approval of these license transfers is subject to the Commission's

It is further ordered that after receipt of all required regulatory approvals of the proposed transfer actions, the Applicants shall inform the Director of the Office of Nuclear Reactor Regulation in writing of such receipt no later than 5 business days prior to the date of the closing of the transfer.
