Scope of the Review

The product covered by this review is raw, in-shell pistachio nuts from which the hulls have been removed, leaving the inner hard shells, and edible meats from Iran. This merchandise is currently provided for in item 0802502000 of the *Harmonized Tariff Schedule*.

Background:

On July 31, 2002, Cyrus Marketing (an importer) requested an administrative review of Rafsanjan Pistachio Producers Cooperative (RPPC), an Iranian producer and exporter of in-shell pistachios, with respect to the antidumping duty order published in the **Federal Register**. See *Antidumping Duty Order: Certain In Shell Pistachios from Iran*, 51 FR 25922 (July 17, 1986). Additionally, the petitioner, California Pistachio Commission (CPC), requested an administrative review of the Tehran Negah Nima Trading Company, Inc. (Nima). The Department initiated the review for both companies. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 67 FR 55000 (August 27, 2002).

On March 5, 2003, the CPC withdrew its request for administrative review of Nima. On March 19, 2003, Cyrus Marketing withdrew its request for review of RPPC. The applicable regulation, 19 CFR 351.213(d)(1)(2002), states that if a party that requested an administrative review withdraws the request within 90 days of the publication of the notice of initiation of the requested review, the Secretary will rescind the review. Although Cyrus Marketing's and the CPC's requests for withdrawal were made after the 90-day deadline, in accordance with 19 CFR 351.213(d)(1), the Secretary may extend this time limit if the Secretary decides it is reasonable to do so. We have received no submissions opposing Cyrus Marketing's request for withdrawal of the administrative review and Cyrus Marketing was the only party to request the administrative review of RPPC. Likewise, we have received no submissions opposing CPC's request for

withdrawal of the administrative review and CPC was the only party to request the administrative review of Nima. In addition, on October 31, 2002, Nima submitted certifications that it did not have any U.S. sales or shipments during the POR. Therefore, we find it reasonable to extend the deadline and accept the withdrawal requests, and we are rescinding this review of the antidumping duty order on certain in-shell pistachios from Iran covering the period July 1, 2001, through June 30, 2002, for both companies.

This notice is issued and published in accordance with sections 751 and 777(i) of the Tariff Act of 1930 and 19 CFR 351.213(d)(4).

Dated: April 1, 2003.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by this order are finished and unfinished non-malleable cast iron pipe fittings with an inside diameter ranging from 1/4 inch to 6 inches, whether threaded or unthreaded, regardless of industry or proprietary specifications. The subject fittings include elbows, ells, tees, crosses, and reducers as well as flanged fittings. These pipe fittings are also known as "cast iron pipe fittings" or "gray iron pipe fittings." These cast iron pipe fittings are normally produced to

ASTM A-126 and ASME B.16.4 specifications and are threaded to ASME B1.20.1 specifications. Most building codes require that these products are Underwriters Laboratories (UL) certified. The scope does not include cast iron soil pipe fittings or grooved fittings or grooved couplings.

Fittings that are made out of ductile iron that have the same physical characteristics as the gray or cast iron fittings subject to the scope above or which have the same physical characteristics and are produced to ASME B.16.3, ASME B.16.4, or ASTM A-395 specifications, threaded to ASME B1.20.1 specifications and UL certified, regardless of metallurgical differences between gray and ductile iron, are also included in the scope of this petition. These ductile fittings do not include grooved fittings or grooved couplings. Ductile cast iron fittings with mechanical joint ends (MJ), or push on ends (PO), or flanged ends and produced to the American Water Works Association (AWWA) specifications AWWA C110 or AWWA C153 are not included.

Imports of covered merchandise are classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under item numbers 7307.11.00.30, 7307.11.00.60, 7307.19.30.60 and 7307.19.30.85. HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of this proceeding is dispositive.

Antidumping Duty Order

On March 24, 2003, pursuant to section 735(b)(1)(A)(ii) of the Tariff Act of 1930, as amended (the Act), the International Trade Commission (the ITC) notified the Department of Commerce (the Department) of its final determination that the industry in the United States producing non-malleable cast iron pipe fittings is threatened with material injury by reason of import of the subject merchandise from the People's Republic of China (PRC).

In accordance with section 736(a)(1) of the Act, the Department will direct the U.S. Customs Service (Customs) to assess, upon further advice by the administering authority, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the U.S. price of the merchandise for all relevant entries of non-malleable cast iron pipe fittings from the PRC. In accordance with section 736(b)(2) of the Act, duties shall be assessed on subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination if that determination is

based on the threat of material injury and is not accompanied by a finding that injury would have resulted but for the imposition of suspension of liquidation of entries since the Department's preliminary determination. In addition, section 736(b)(2) of the act requires Customs to refund any cash deposits or bonds of estimated antidumping duties posted since the Department's preliminary antidumping determination if the ITC's final determination is based on a threat of material injury.

Because the ITC's final determination in this case is based on the threat of material injury and is not accompanied by a finding that injury would have resulted but for the imposition of suspension of liquidation of entries since the Department's preliminary determination, section 736(b)(2) is applicable to this order. Therefore, the Department will direct Customs to assess, upon further advice, antidumping duties on all liquidated entries of non-malleable cast iron pipe fittings for the PRC entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination of threat of material injury in the **Federal Register** and terminate the suspension of liquidation for entries of non-malleable cast iron pipe fittings from the PRC entered, or withdrawn from warehouse, for consumption prior to that date. The Department will also instruct Customs to refund any cash deposits made, or bonds posted, between the publication date of the Department's preliminary antidumping determination and the publication of the ITC's final determination.

On or after the date of publication of the ITC's notice of final determination in the **Federal Register**, Customs will require, at the same time as importers would normally deposit estimated duties, cash deposits for the subject merchandise equal to the estimated weighted-average dumping margins listed below. The "PRC-wide rate" rate applies to all exporters of subject merchandise not specifically listed below.

Manufacturer/exporter	Weighted-average margin (percent)
Jinan Meide Casting Co., Ltd	7.08
Shanghai Foreign Trade Enterprises Co., Ltd	6.34
PRC-Wide Rate	75.50

Pursuant to section 735(a) of the Act, this notice constitutes the antidumping duty order with respect to non-

malleable cast iron pipe fittings from the PRC. Interested parties may contact the Department's Central Records Unit, Room B-099 of the main Commerce building, for copies of an updated list of antidumping duty orders currently in effect.

This order is issued and published in accordance with section 736(a) of the Act and 19 CFR 351.211.
