Overview of This Information Collection

Title: Electronic Visa Update System (EVUS).

OMB Number: 1651-0139.

Form Number: N/A.

Current Actions: Revision of an existing information collection with no change in burden.

Type of Review: Revision.

Affected Public: Individuals.

Abstract: DHS developed the Electronic Visa Update System (EVUS)

to assure robust screening of foreign nationals prior to travel to the United States. EVUS provides for robust traveler screening and verification to better identify foreign nationals who may be inadmissible to the United States. This results in enhanced national security, improved public safety, and a reduced number of delays upon arrival in the United States, all while facilitating legitimate travel.

Initially, the program is limited to nonimmigrant aliens presenting passports issued by the People's Republic of China (PRC) containing unrestricted, maximum validity B-1 (business visitor), B-2 (visitor for pleasure), or combination B-1/B-2 visas, generally valid for 10 years. PRC membership in EVUS became possible on November 12, 2014, when, in a reciprocal agreement, the U.S. Department of State expanded the validity of U.S. visitor visas issued to PRC nationals from one to ten years.

To ensure compliance with the Visa Waiver Program Improvement and Terrorist Travel Prevention Act of 2015, Pub. L. 114-113, 129 Stat. 2242, CBP will continuously update the application question with the list of nationals ineligible to travel to the United States under the VWP, as designated in accordance with section 217(a)(12) of the Immigration and Nationality Act, as amended (8 U.S.C. 1187(a)(12)).

Recent Changes: On May 31, 2019, the Department of State updated its immigrant and nonimmigrant visa application forms to request additional information, specifically social media identifiers, from most U.S. visa applicants worldwide. As a result, DHS is changing the EVUS application social media data field from optional to mandatory. National security is the top priority when adjudicating EVUS applications, and every prospective traveler to the United States undergoes extensive security screening. CBP is continually working to find mechanisms to improve our screening processes to protect U.S. visitors while supporting legitimate travel to the United States. DHS already requests information on contacts, travel history, and family members from all EVUS applicants. Changing the social media field to mandatory in the EVUS application will enhance our vetting capabilities and assist in confirming applicants' identities. While the field is mandatory, applicants will still have the ability to select "none".

OMB Number: 1651-0029.

Form Number: 214, 214A, 214B, 214C, and 216.

Abstract: Foreign trade zones (FTZs) are geographical enclaves located within

the geographical limits of the United States but for tariff purposes are considered to be outside the United States. Imported merchandise may be brought into FTZs for storage, manipulation, manufacture, or other processing and subsequent removal for exportation, consumption in the United States, or destruction. A company bringing goods into an FTZ has a choice of zone status (privileged/non-privileged foreign, domestic, or zone-restricted), which affects the way such goods are treated by Customs and Border Protection (CBP) and treated for tariff purposes upon entry into the customs territory of the United States.

CBP Forms 214, 214A, 214B, and 214C, which make up the *Application for Foreign-Trade Zone Admission and/or Status Designation*, are used by companies that bring merchandise, except in certain circumstances including, but not limited to, domestic status merchandise, into an FTZ to register the admission of such merchandise into FTZs and to apply for the appropriate zone status. Form 214A is not filled out separately by respondents; it is simply a copy of Form 214 that CBP gives to the Census Bureau. Form 214B is a continuation sheet for Form 214 that respondents use when they need more room to add line items to the form. Form 214C is a continuation sheet for Form 214A that respondents use when they need more room to add line items to the form.

CBP Form 216, *Foreign-Trade Zone Activity Permit*, is used by companies to request approval to manipulate, manufacture, exhibit, or destroy merchandise in an FTZ.

These FTZ forms are authorized by 19 U.S.C. 81 and provided for by 19 CFR 146.22, 146.32, 146.35, 146.36, 146.37, 146.39, 146.40, 146.41, 146.44, 146.52, 146.53, and 146.66. These forms are accessible at: <http://www.cbp.gov/newsroom/publications/forms>.
