SUPPLEMENTARY INFORMATION: This information collection activity will gather qualitative and quantitative customer and stakeholder feedback in an efficient, timely manner, in accordance with PBGC's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on the public's perceptions and opinions. By quantitative feedback we mean numeric scores evaluating PBGC services and customer satisfaction using the American Customer Satisfaction Index (ACSI) methodology. This feedback provides insights into customer or stakeholder perceptions, experiences and expectations, provides early warnings of issues with service, and focuses attention on areas where changes in PBGC's communication with the public, in training of staff, or in operations might improve the delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between PBGC and its customers and stakeholders. These collections also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback targets areas such as: timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information were not collected, vital feedback from customers and stakeholders on PBGC's services would be unavailable.

PBGC only submits a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with

the program or may have experience with the program in the near future;

- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;

- Except for information that will be included in PBGC's annual report, information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

- Information from qualitative surveys gathered will yield qualitative results; the collections will not be designed or expected to yield statistically reliable results or be used as though the results are generalizable to the population of interest;

- Information from quantitative surveys will be based on statistical methods and will yield quantitative results, such as satisfaction scores that can be generalized to the population.

As a general matter, these information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Annually, over the next three years, PBGC estimates that it will conduct three activities involving about 2,430 respondents, each of whom will provide one response. The number of respondents will vary by activity: 80 for usability testing, 50 for focus groups (5 groups of 10 respondents), and 2,300 for customer satisfaction surveys.

PBGC estimates the annual burden of this collection of information as 755 hours: one hour per response for usability testing (total 80 hours); 2 hours per response for focus groups (total 100 hours); and 15 minutes per response for customer satisfaction surveys (total 575 hours). No cost burden to the public is anticipated.

The existing collection of information was approved under OMB control number 1212-0066 (expires October 31, 2023). On May 16, 2023, PBGC published in the **Federal Register** a notice at 88 FR 31289 informing the public of its intent to request an extension of this collection of information and solicited public comment. No comments were received. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the Market Dominant or the Competitive product list, or the modification of an existing product currently appearing on the Market Dominant or the Competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the

proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern Market Dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3030, and 39 CFR part 3040, subpart B. For request(s) that the Postal Service states concern Competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3040, subpart B. Comment deadline(s) for each request appear in section II.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–98197; File No. SR–NYSEAMER–2023–41]

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Change To Modify Rule 928NYP

August 22, 2023.

Pursuant to section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (“Act”) ² and Rule 19b–4 thereunder, ³ notice is hereby given that, on August 17, 2023, NYSE American LLC (“NYSE American” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify Rule 928NYP (Pre-Trade and Activity-Based Risk Controls) to allow certain order types to be excluded from the Activity-Based Risk Controls. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below.

The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify Rule 928NYP (Pre-Trade and Activity-Based Risk Controls) to allow certain order types to be excluded from the Activity-Based Risk Controls. ⁴ Specifically, the Exchange proposes to allow ATP Holders ⁵ the ability to exclude orders marked as GTX ⁶ from counting towards the limits established by the Activity-Based Risk Controls and to exclude GTX orders from cancellation when an Activity-Based Risk Limit is breached. ⁷ The Exchange notes that a substantively similar change was recently adopted on its affiliated exchange, NYSE Arca, Inc. (“NYSE Arca”) and therefore this proposal raises no new or novel issues not previously considered by the Commission. ⁸

The Exchange offers ATP Holders the option of utilizing Activity-Based Risk Controls to assist ATP Holders in managing risk related to submitting orders during periods of increased and significant trading activity. ⁹ ATP

⁴ The Exchange notes that this proposed change modifies a Pillar rule (*i.e.*, with a “P” modifier) that has not yet been implemented. The Exchange anticipates migrating to its Pillar trading platform beginning on October 23, 2023. As is the case with all Pillar rules, this proposed rule change (as well as the entire Rule 928NYP) will not be implemented until all other Pillar-related rule filings are approved or operative, as applicable, and the Exchange announces the migration of underlying symbols to Pillar by Trader Update.

⁵ An ATP Holder is a natural person, sole proprietorship, partnership, corporation, limited liability company or other organization, in good standing, which has been issued an ATP, and references to “member”, and “member organization” as those terms are used in the Rules of the Exchange should be deemed to be references to ATP Holders. See Rule 900.2NY. An ATP is an American Trading Permit issued by the Exchange for effecting approved securities transactions on the Exchange's Trading Facilities. See *id.* The Exchange notes that an ATP may be acting as a Specialist, which market participant is subject to heightened requirements. See, *e.g.*, Rule 925.1NYP(b), (c).

⁶ See *infra* note 17 (for description of orders marked as GTX).

⁷ See proposed Rules 928NYP(c)(2)(B) and (c)(2)(C)(iii).

⁸ See Securities Exchange Act Release No. 98038 (August 1, 2023), 88 FR 52231 (August 7, 2023) (SR–NYSEARCA–2023–49) (immediately effective rule change to allow market participants to exclude orders marked as GTX from the Activity-Based Risk Controls, per Rule 6.40P–O).

⁹ See Rule 928NYP(a)(3)(A)–(C) (describing the three potential Activity-Based Risk Controls: Transaction-Based Risk Limit; Volume-Based Risk Limit; and Percentage-Based Risk Limit).

¹ See Docket No. RM2018–3, Order Adopting Final Rules Relating to Non-Public Information, June 27, 2018, Attachment A at 19–22 (Order No. 4679).
