Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Job Openings and Labor Turnover Survey

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the Bureau of Labor Statistics (BLS) sponsored information collection request (ICR) revision titled, "Job Openings and Labor Turnover Survey," (JOLTS) to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 et seq.).

FOR FURTHER INFORMATION CONTACT: Contact Michel Smyth by telephone at (202) 693-4129 (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The JOLTS collects data on job vacancies, labor hires, and labor separations. The data can be used as demand-side indicators of labor shortages. These indicators of labor shortages at the national level greatly enhance policy makers' understanding of imbalances between the demand and supply of labor. Presently there is no other economic indicator of labor demand with which to assess the presence of labor shortages in the U.S. labor market. The availability of unfilled jobs is an important measure of job market tightness, symmetrical to unemployment measures. This submission has been characterized as a revision, because of minor edits to some of the cover letters, the addition of two new postcard reminders (email and fax), an update to the BLS confidentiality pledge, and the discontinuation of information collected in order to perform response analysis for two industries. This research has been performed. The JOLTS program plans to perform response analysis again sometime in the future and will seek an appropriate burden increase at that time.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB

Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under OMB Control Number 1220-0170. The current OMB approval is scheduled to expire on March 31, 2012; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional information, see the related notice published in the **Federal Register** on November 10, 2011 (76 FR 70165).
