

Steel Plate in Coils From the Republic of Korea; and Stainless Steel Sheet and Strip in Coils From the Republic of Korea ("Amended Final Determinations"), 66 FR 45279 (August 28, 2001).

Our *Final Results* erroneously stated that the "all others rate" applicable to exporters or manufacturers who have not been covered in this review or investigated in the original LTFV investigation is 16.26 percent rather than the 6.08 percent established in the *Amended Final Determinations*. Thus, the correct all others rate is the all others rate established in the *Amended Final Determinations*.

The Department's regulations define a ministerial error as an "error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial," citing 19 CFR 351.224(f). Therefore, the Department notes that it is now correcting this ministerial error and stating that the correct all others rate is 6.08 percent, in accordance with the *Amended Final Determinations*.

Therefore, we are amending the final results of the antidumping duty administrative review of stainless steel plate in coils from the Republic of Korea to reflect the correction of the above-cited ministerial error.

No other changes have been made to the cash deposit requirements provided in the *Final Results*.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

FOR FURTHER INFORMATION CONTACT: For information about the hearing, a copy of the Commission's current strategic plan (revised September 2000), or to request an opportunity to make an oral presentation, call or write Rockelle Hammond, Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207; telephone (301) 504-0800; telefacsimile (301) 504-0127; or by e-mail to cpsc-os@cpsc.gov. The strategic plan can also be obtained from the CPSC website at www.cpsc.gov.

SUPPLEMENTARY INFORMATION: Section 4(j) of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2053(j)) requires the Commission to establish an agenda for action under the laws it administers, and, to the extent feasible, to select

priorities for action at least 30 days before the beginning of each fiscal year. Section 4(j) of the CPSA provides further that before establishing its agenda and priorities, the Commission shall conduct a public hearing and provide an opportunity for the submission of comments.

The Office of Management and Budget requires all Federal agencies to submit their budget requests 13 months before the beginning of each fiscal year. The Commission is formulating its budget request for fiscal year 2004, which begins on October 1, 2003. This budget request must reflect the contents of the agency's strategic plan.

Accordingly, the Commission will conduct a public hearing on June 6, 2002, to receive comments from the public concerning its agenda and priorities for fiscal year 2004. The Commissioners desire to obtain the views of a wide range of interested persons including consumers; manufacturers, importers, distributors, and retailers of consumer products; members of the academic community; consumer advocates; and health and safety officers of state and local governments.

The Commission is charged by Congress with protecting the public from unreasonable risks of injury associated with consumer products. The Commission enforces and administers the Consumer Product Safety Act (15 U.S.C. 2051 *et seq.*); the Federal Hazardous Substances Act (15 U.S.C. 1261 *et seq.*); the Flammable Fabrics Act (15 U.S.C. 1191 *et seq.*); the Poison Prevention Packaging Act (15 U.S.C. 1471 *et seq.*); and the Refrigerator Safety Act (15 U.S.C. 1211 *et seq.*). Standards and regulations issued under provisions of those statutes are codified in the Code of Federal Regulations, title 16, chapter II.

While the Commission has broad jurisdiction over products used by consumers, its staff and budget are limited. Section 4(j) of the CPSA expresses Congressional direction to the Commission to establish an agenda for action each fiscal year and, if feasible, to select from that agenda some of those projects for priority attention. These priorities are reflected in the current strategic plan (revised September 2000).

Persons who desire to make oral presentations at the hearing on June 6, 2002, should call or write Rockelle Hammond, Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, telephone (301) 504-0800, telefax (301) 504-0127, or e-mail, cpsc-os@cpsc.gov, no later than May 23, 2002. Persons who desire a copy of the current strategic plan may
