DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

September 8, 2010.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Importation of Artificially Dwarfed Plants.

OMB Control Number: 0579-0176.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701-7772), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry or movement of plants and plant pests, to prevent the introduction of plant pests into the United States or their dissemination within the United States. The Plant Protection and Quarantine, a program within USDA's Animal and Plant Health Inspection Service (APHIS), enforce these regulations. APHIS requires artificially dwarfed plants that are imported into the United States to have been grown under certain conditions in greenhouses or screen houses within nurseries registered with the government of the country where the plants were grown.

Need and Use of the Information: APHIS will collect information from the phytosanitary certificate to state that the plants were: (1) Grown for at least 2 years in a nursery that is registered with the government of the country of export; (2) grown in pots containing only sterile growing media; (3) grown on benches at least 50 cm above the ground; and (4) inspected (along with the nursery itself) at least once each year by the plant protection service of the country of export. The collected information will enable PPQ to verify that the imported plants were grown under conditions that helped keep the plants free from infestation by certain longhorned beetles and other pests. APHIS also uses the information on this certificate to determine the pest condition of the shipment at the time of inspection in the foreign country. Without the information, all shipment would need to be inspected very thoroughly, thereby requiring considerably more time. This would slow the clearance of international shipments.

Description of Respondents: Business or other for-profit; Federal Government.

Number of Respondents: 30.

Frequency of Responses: Reporting; On occasion.

Total Burden Hours: 38.

Departmental Information Collection Clearance Officer.

Forest Service

Mark Twain National Forest; Missouri; Integrated Non-Native Invasive Plant Project

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The Mark Twain National Forest (MTNF) proposes to implement an integrated Forest-wide management strategy to control the spread of non-native invasive plants (NNIP) within the National Forest over the next 10 years, or until circumstances change to the point that the analysis is no longer valid. The proposal utilizes several management tools, including registered herbicides, bio-agents, and manual/mechanical methods.

DATES: Comments concerning the scope of the analysis must be received by October 4, 2010. The draft environmental impact statement is expected November 2010 and the final environmental impact statement is expected March 2011.

ADDRESSES: Send written comments to Integrated NNIP Project, 401 Fairgrounds Road, Rolla, MO 65401. Comments may also be sent via e-mail to *mailroom_r9_mark_twain@fs.fed.us*, or via facsimile to (573) 364-6844.

It is important that reviewers provide their comments at such times and in such a way that they are useful to the Agency's preparation of the EIS. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered, however.
