

In an OMB-approved Public Notice, DA 97-2540, the Commission set forth procedures for filing petitions for preemption pursuant to section 252(e)(5). Section 252(e)(5) provides that "if a state commission fails to act to carry out its responsibility under this section in any proceeding or other matter under this section, then the Commission shall issue an order preempting the state commission's jurisdiction of the proceeding or matter within 90 days after being notified (or taking notice) of such failure, and shall assume the responsibility of the state commission under this section with respect to the proceeding or matter and act for the state commission."

All of the requirements are used to ensure that petitioners have complied with their obligations under the Communications Act of 1934, as amended.

Federal Communications Commission.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

April 22, 2010.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501 - 3520. Comments are requested concerning: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, and (e) ways to further reduce the information collection burden on small

business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a currently valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before June 28, 2010. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202-395-5167 or via the Internet at Nicholas_A_Fraser@omb.eop.gov and to the Federal Communications Commission via email to PRA@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Judith B. Herman, Office of Managing Director, (202) 418-0214. For additional information, contact Judith B. Herman, OMD, 202-418-0214 or email Judith-b.herman@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0865.

Title: Wireless Telecommunications Bureau Universal Licensing System (ULS) Recordkeeping and Third Party Disclosure Requirements.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households, business or other for-profit, not for-profit institutions, and state, local or tribal government.

Number of Respondents and Responses: 62,677 respondents; 62,677 responses.

Estimated Time Per Response: .166 hours to 4 hours.

Frequency of Response: On occasion reporting requirement, third party disclosure requirement and recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. sections 154(i) and 309(j).

Total Annual Burden: 89,117 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: Yes.

Nature and Extent of Confidentiality: There is a need for confidentiality with respect to all Private Land Mobile Radio (PLMRS) service filers in this information collection. Information on

the private land mobile radio service licensees is maintained in the Commission's system of records, FCC/WTB-1, "Wireless Services Licensing Records." The licensee records will be publicly available and routinely used in accordance with subsection b. or the Privacy Act. FCC Registration Numbers (FRNs) and material which is afforded confidential treatment pursuant to a request made under 47 CFR 0.459 of the Commission's rules will not be publicly available for public inspection. Any personally identifiable information (PII) that individual applicants provide is covered by a system of records, FCC/WTB-1, "Wireless Services Licensing Records," and these and all other records may be disclosed pursuant to the Routine Uses as stated in this system of records notice.

Needs and Uses: The Commission will submit this expiring information collection to the Office of Management and Budget (OMB) after this comment period to obtain the full three year clearance from them. There is no change in the Commission's reporting, recordkeeping and/or third party disclosure requirements. The Commission is reporting a 25,671 hour increase in the total annual burden. This increase adjustment is due to an adjustment in the number of responses by licensees who operate within the various service categories. The estimates were gathered from the Commission's Universal Licensing System (ULS) and CORES databases.

The purpose of this information collection is to streamline the set of rules which minimize filing requirements via the Universal Licensing System (ULS); to eliminate redundant and unnecessary submission requirements; and to assure ongoing collection of reliable licensing and ownership data. The recordkeeping and third party disclosure requirements, along with certifications which are made via filing FCC Form 601 are ways the Commission reduced the filing burdens on the industry. However, applicants must maintain records to document compliance with the requirements for which they provide certifications. In some instances third party coordination is required.

Previously, wireless applicants and licensees used a myriad of forms for various wireless services and types of requests, and the information provided on these applications had been collected in separate databases, each for a different group of services. That process has now been drastically improved, simplified and streamlined.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Pub. L. 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, e-mail paperwork@hrsa.gov or call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) The proposed collection of information for

the proper performance of the functions of the agency; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project Title: Evaluation of the National Healthy Start Program (New).

Background: The National Healthy Start Program, funded through the Health Resources and Services Administration's (HRSA) Maternal and Child Health Bureau (MCHB), was developed in 1991 with the goal of reducing infant mortality disparities in high-risk populations through community-based interventions. The program originally began as a 5-year demonstration project within 15 communities that had infant mortality rates 1.5 to 2.5 times above the national average. The National Healthy Start Program has since expanded in size and mission to include 102 grantees across the Nation emphasizing a community-based, culturally competent approach to the delivery of care for women and their babies. MCHB seeks to conduct a cross-site evaluation of all Healthy Start grantees to document the accomplishments made by the National Healthy Start Program.

Purpose: The purpose of the survey is to collect consistent data on the services and activities of all 102 Healthy Start grantees. The data collected through this survey will be used to:

- Evaluate the grantees' performance and progress toward achieving short-term and long-term goals;
- Evaluate the relationship of performance and progress to implementation features of Healthy Start Program components;
- Assist MCHB in determining on a national level where technical assistance may be needed to improve program performance, set future priorities for program activities, and contribute to the overall strategic planning activities of MCHB; and
- Provide foundation data for future measurement of the initiative's long-term impact.

Respondents: The project directors of the Healthy Start grants will be the respondents for this data collection activity. The estimated response burden is as follows:
