BILLING CODE 3510-33-P

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: U.S. Census Bureau.

Title: U.S. Census Age Search.

Form Number(s): BC-600, BC-649(L), BC-658(L).

Agency Approval Number: 0607-0117.

Type of Request: Revision of a currently approved collection.

Burden: 699 hours.

Number of Respondents: 2,620.

Avg Hours Per Response: BC-600—12 min.; BC-649(L) & BC-658(L)—6 min.

Needs and Uses: This request for clearance is for a revision of the currently approved collection for the United States Age Search Service. The age and citizenship searching service provided by the National Processing Center is a self-supporting operation of the U.S. Census Bureau. Expenses incurred in providing census transcripts are covered by the fees paid by individuals requesting a search of the census records. The Survey Processing Branch/Personal Census Search Unit in Jeffersonville, Indiana, maintains the 1910-2000 Federal censuses for searching purposes. The purpose of the searching is to provide, upon request, transcripts of personal data from historical population census records. Information relating to age, place of birth, and citizenship is provided upon payment of the established fee to individuals for their use in qualifying for social security, old age benefits, retirement, court litigation, passports, insurance settlements, etc. The census records maintained in this unit are confidential by an Act of Congress. The Census Bureau is prohibited by federal laws from disclosing any information contained in the records except upon written request from the person to whom the information pertains or to a legal representative.

The United States Census Bureau is amending Title 15, Code of Federal Regulations, Parts 50 and 80, fee structure for age search and citizenship information, to increase the fee for an age search from \$40 to \$65. This change is being made to recover the increase in cost to process a request due to operating cost. Title 13, United States Code, requires recovery of the costs. We are also adding an additional charge of \$20 per case for expedited requests requiring search results within one day.

Affected Public: Individuals.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

Legal Authority: Title 13 U.S.C., Section 8a.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202)482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer either by fax (202-395-7245) or e-mail (susan_schechter@omb.eop.gov).

Dated: May 3, 2004.

Madeleine Clayton,

Management Analyst, Office of the Chief Information Officer.

The petitions were submitted pursuant to section 251 of the Trade Act of 1974 (19 U.S.C. 2341). Consequently, the United States Department of Commerce has initiated separate investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each firm contributed importantly to total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm. Any party having a substantial interest in the proceedings may request a public hearing on the matter.

A request for a hearing must be received by Trade Adjustment Assistance, Room 7315, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than the close of business of the 10th calendar day following the publication of this notice.

The Catalog of Federal Domestic Assistance official program number and title of the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance.

Dated: April 29, 2004.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket No. 16-2004]

Foreign-Trade Zone 38—Charleston, SC; Application for Subzone, Black & Decker Corporation (Power Tools, Lawn and Garden Tools, and Home Products Distribution), Fort Mill, SC

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the South Carolina State Ports Authority, grantee of FTZ 38, requesting special-purpose subzone status for the tools and home products warehousing/distribution facility of Black & Decker Corporation, in Fort Mill, South Carolina. The facility is located within the Charlotte, North Carolina, CBP port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on April 29, 2004.

The Black & Decker facility (1 building, 1,226,000 sq. ft. on 69.57 acres) is located at 4041 Pleasant Road, York County (Fort Mill area), South Carolina. A portion of the building also lies within Mecklenburg County, North Carolina. The facility (800 employees) is used for the assembling, testing, packaging, warehousing and distribution of hand-held tools and accessories; home products, including

vacuums, flashlights and wet scrubbers; security hardware; plumbing products (including kitchen and bath faucets and accessories); and, fastening and assembly systems (including stud welding, specialty screws and related products and accessories; activities which Black & Decker is proposing to perform under FTZ procedures. Some 60-70 percent of the components are sourced abroad. About 14 percent of production is currently exported.

Zone procedures would exempt Black & Decker from Customs duty payments on foreign products that are re-exported. On domestic sales, the company would be able to defer payments until merchandise is shipped from the plant. The applicant is also requesting to use zone procedures to take advantage of inverted tariff situations involving the assembly and packaging of certain promotional sets of products. Black & Decker is requesting to choose the lower rate on finished assembled sets rather than the individual component product rates. The component products include hand-held tools, chargers, batteries, tool storage boxes, gator clips (duty rates range from zero to 9.0%). In certain cases, the finished sets may be classified by the essential character of the hand-held tool (duty rates, zero to 3.5%). Assembled tool sets constitute some 5 percent of sales from the Fort Mill site. The application indicates that the savings from zone procedures will help
