

will again review the agreement and the comments received and decide whether it should withdraw from the agreement or make final the agreement's proposed order.

This matter involves Respondents' advertising of textile fiber products as "Made in USA." According to the FTC's complaint, Respondents labeled and advertised "bunk warmer" mattress pads for truck bunks as made in the United States. The complaint alleges, however, that in numerous instances those bunk warmer pads were wholly imported from China. Based on the foregoing, the complaint alleges Respondents violated sections 70a and 70b of the Textile Fiber Products Identification Act, 15 U.S.C. 70a and 70b, and sections 303.33 and 303.34 of the Textile Fiber Rule, 16 CFR 303.33 and 303.34.

The proposed consent order contains provisions designed to prevent Respondents from engaging in similar acts and practices in the future. Consistent with the FTC's Made in USA Labeling Rule, 16 CFR part 323, and its Enforcement Policy Statement on U.S.-Origin Claims, Part I of the proposed order prohibits Respondents from making U.S.-origin claims for their products unless: (1) the final assembly or processing of the product occurs in the United States, all significant processing that goes into the product occurs in the United States, and all or virtually all ingredients or components of the product are made and sourced in the United States; (2) a clear and conspicuous qualification appears immediately adjacent to the representation that accurately conveys the extent to which the product contains foreign parts, ingredients or components, and/or processing; or (3) for a claim that a product is assembled in the United States, the product is last substantially transformed in the United States, the product's principal assembly takes place in the United States, and United States assembly operations are substantial.

Part II prohibits Respondents from making any representation about the country of origin of a product or service, unless the representation is not misleading, and Respondents have a reasonable basis substantiating it. Part III requires Respondents to make certain disclosures about the country of origin of any product subject to the Textile Fiber Products Identification Act.

Parts IV through VI are monetary provisions. Part IV imposes a judgment of \$815,809, and fully suspends that judgment based on the Respondents' sworn financial statements. If the Commission concludes any Respondent

made a material misrepresentation or omission in that Respondent's sworn financial statement, the suspension as to that Respondent is lifted and the full judgment immediately due. Part V includes additional monetary provisions relating to collections. Part VI requires Respondents to provide sufficient customer information to enable the Commission to administer consumer redress, if appropriate.

Part VII is a notice provision requiring Respondents to identify and notify certain consumers of the FTC's action within 30 days after the issuance of the order, or within 30 days of the consumer's identification, if identified later. Respondents are also required to submit reports regarding their notification program.

Parts VIII through XI are reporting and compliance provisions. Part VIII requires Respondents to acknowledge receipt of the order, to provide a copy of the order to certain current and future principals, officers, directors, and employees, and to obtain an acknowledgement from each such person that they have received a copy of the order. Part IX requires Respondents to file a compliance report within one year after the order becomes final and to notify the Commission within 14 days of certain changes that would affect compliance with the order. Part X requires Respondents to maintain certain records, including records necessary to demonstrate compliance with the order. Part XI requires Respondents to submit additional compliance reports when requested by the Commission and to permit the Commission or its representatives to interview Respondents' personnel.

Finally, Part XII is a "sunset" provision terminating the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed order or to modify its terms in any way.

By direction of the Commission.

Joel Christie,

Acting Secretary.

Proposed Information Collection Activity; SOAR (Stop, Observe, Ask, Respond) to Health and Wellness Training (SOAR) Demonstration Grant Program Data (NEW COLLECTION)

AGENCY: Office on Trafficking in Persons, Administration for Children and Families, Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office on Trafficking in Persons (OTIP), Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is proposing to collect data for a new grant program: SOAR (Stop, Observe, Ask, Respond) to Health and Wellness Training (SOAR) Demonstration Grant Program Data.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The SOAR Demonstration Grant Program was developed in response to the Trafficking Victims Protection Act (TVPA) of 2000 (Pub. L. 106-386), section 106(b), as amended (22 U.S.C. 7104(b)(1)) and 22 U.S.C. 7105(b)(1)(B), which calls on agencies to "increase public awareness of the dangers of trafficking and the protections that are available for victims of trafficking" and provide "services to assist potential victims of severe forms of trafficking in persons." The program's goal is to fund the implementation of SOAR trainings and capacity building efforts to identify, treat, and respond to patients or clients who have experienced severe forms of human trafficking as defined by the TVPA of 2000, as amended, among their patient or client population. SOAR is a nationally recognized, accredited training program delivered by OTIP's National Human Trafficking Training and Technical Assistance Center (NHTTAC) and designed to help target audiences identify and respond to those who are at risk of, are currently

experiencing, or have experienced trafficking and connect them with needed resources.

OTIP proposes to collect information to measure grant project performance, provide technical assistance to grant recipients, assess program outcomes, inform program evaluation, respond to congressional inquiries and mandated reports, and inform policy and program development that is responsive to the needs of victims.

The information collection will capture information on organizations enrolled in each grant recipient's multidisciplinary network of providers

serving individuals who have experienced, or are at-risk of experiencing, a severe form of trafficking in persons, and clients served. Data elements are designed to capture information about organizational providers (e.g., number of individuals trained to identify and respond to trafficking, types and number of trainings offered, types of services provided, number of clients enrolled in services, organizational barriers to service delivery and implementation, and total funds spent by category of assistance) and client demographics (e.g., total number of

clients enrolled in services by providers within the recipient's multidisciplinary network by client age, sex, gender identity, sexual orientation, race/ethnicity, and language spoken).

Respondents: Healthcare, behavioral health, and social service delivery professionals.

Annual Burden Estimates

Recipients will be awarded funding for a 5-year period. This request is for the first 3 years of data collection. We will request an extension to continue data collection beyond 3 years.
