BILLING CODE P

GENERAL SERVICES ADMINISTRATION

[Notice-PBS–2020–09; Docket No. 2020–
0002; Sequence No. 39]

Record of Decision of the Supplemental Environmental Impact Statement for the Proposed Master Plan Amendment 2 of the Consolidation of the U.S. Department of Homeland Security Headquarters at the St. Elizabeths West Campus

AGENCY: Public Buildings Service,
National Capital Region, General
Services Administration (GSA).

ACTION: Notice.

SUMMARY: GSA issued a Record of
Decision (ROD) for the 2020 Master Plan
Amendment 2 for the Consolidation of
the U.S. Department of Homeland
Security (DHS) at the St. Elizabeths
West Campus, located in Southeast,
Washington, DC, on October 9, 2020.
The ROD was prepared in accordance
with the National Environmental Policy
Act (NEPA) of 1969, the Council on
Environmental Quality Regulations, and
the GSA Public Buildings Service NEPA
Desk Guide.

DATES: *Applicable:* Friday, October 9,
2020.

ADDRESSES: The ROD can be found on
GSA's project website at www.gsa.gov/ncrnepea.

FOR FURTHER INFORMATION CONTACT: Paul
Gyamfi, GSA, National Capital Region,
Public Buildings Service, Office of
Planning and Design Quality, at 202–
440–3405, or by email at paul.gyamfi@gsa.gov.

SUPPLEMENTARY INFORMATION:

Background

One of the principal missions of GSA
is to provide secure office space for
Federal agencies throughout the United
States, including the Washington, DC,
metropolitan area. GSA obtained control
of the St. Elizabeths West Campus in
Southeast, Washington, DC, in 2004, in
anticipation of meeting a portion of the
need for secure Federal office space in
the National Capital Region (NCR). On
June 7, 2005, GSA published a Notice of
Intent (NOI), and on June 28, 2007, a
revised NOI, to prepare an
Environmental Impact Statement (EIS)
in compliance with the National
Environmental Policy Act of 1969
(NEPA) for the proposed redevelopment
of the St. Elizabeths West Campus.

GSA issued a Record of Decision
(ROD) for the 2008 Final Master Plan
EIS on December 16, 2008, selecting the
alternative that consolidated 4.5 million
gross square feet of secure office and
shared-use space and associated parking
on both the West and East Campuses at
St. Elizabeths. As part of the 2008 Final
Master Plan EIS for this action, GSA
also assessed, on a programmatic level,
the impacts of constructing 750,000
gross square feet of office space and
associated parking on the St. Elizabeths
East Campus. GSA noted in its ROD that
an EIS tiered to the 2008 Final Master
Plan EIS would be prepared for the East
Campus.

On November 19, 2018, GSA
published an NOI to prepare an EIS for
St. Elizabeths Master Plan Amendment
2, which eliminates development on the
East Campus and re-evaluates
development on the St. Elizabeths West
Campus to accommodate 4.1 million
gross square feet of secure office and
shared-use space, and 1.6 million gross
square feet of associated parking, for the
DHS Headquarters consolidation. The
Master Plan Amendment 2 Draft SEIS
was issued for a 70-day public comment
period on May 8, 2020 and the Master
Plan Amendment 2 Final SEIS was
issued for a 30-day public review on
August 28, 2020.

Comments received during public
review of the Master Plan Amendment
2 Final EIS are provided in Appendix A
along with GSA's responses

Preferred Alternative

GSA has chosen to implement
Alternative B as defined in the Master
Plan Amendment 2 Final Environmental
Impact Statement (EIS), issued August
2020. This decision is based on analyses
contained in the Master Plan
Amendment 2 Draft EIS issued in May
2020, the Master Plan Amendment 2

Final EIS issued in August 2020, the
Programmatic Agreement executed in
December 2008, the Memorandum of
Agreement executed on September 29,
2020, and the comments of Federal and
state agencies, stakeholder
organizations, members of the public,
and elected officials.

Alternative B includes the addition of
1.2 million gross square feet of office
space in two separate office structures
organized around two enclosed
courtyards on the plateau site at the
West Campus. The new office buildings
will range from three to eight stories,
and the largest part of the structures will
have an east-west orientation to
optimize the use of daylight. The
courtyards will be secured to provide
open space for building occupants.
Building B1 will be stepped down into
the ravine near Building 56/57 to
stabilize the slope in that area. Building
56/57 will be integrated into the design
of Building B1 to provide a connection
between the historic and new
construction. Buildings 52 and 64 will
be retained, rehabilitated, and
adaptively reused.

Alternative B also includes the
addition of 175,000 gross square feet of
office space on the Sweetgum Lane site
(proposed Building C1), organized into
primarily below-grade construction,
with one two-story building constructed
to mirror the northwest corner of the
Munro Building. The building would
include up to three below-grade levels,
which would take advantage of the site
slope from east to west, allowing the
western edge of the building to receive
daylight. A central courtyard would
provide internal daylighting.

Alternative B will also consist of the
following:

- An additional 1,014 employee
parking spaces added to the previously
proposed underground parking garages
at Gates 1 and 2 on the east side of the
West Campus;
- Demolition of Buildings 60, 66, 67,
68, and 69, which total 65,295 gross
square feet of space, at the plateau site;
- Demolition of Building 15, which
totals 2,749 gross square feet of space,
at the Sweetgum Lane site;
- Sidewalks and walkways, including
enhanced pedestrian connections at the
ravine;
- Engineering for stabilization of
steep slopes, including building
foundations;
- Realignment of site drainages and
incorporation of landscaping and
stormwater management;
- Shuttle bus drop-off locations;
- Shipping/receiving areas for
buildings;

- Electric power, communications, and utility corridors designed for buildings and site improvements; and
- Remediation of contaminated soils.

Kristi Tunstall Williams,

Deputy Director, Office of Planning and Design Quality, Public Buildings Service, National Capital Region, General Services Administration.

BILLING CODE 6820-Y1-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Patient Safety Organizations (PSO): Expired Listing for FailSafe PSO

AGENCY: Agency for Healthcare Research and Quality (AHRQ), Department of Health and Human Services (HHS).

ACTION: Notice of delisting.

SUMMARY: The Patient Safety and Quality Improvement Final Rule (Patient Safety Rule) authorizes AHRQ, on behalf of the Secretary of HHS, to list as a patient safety organization (PSO) an entity that attests that it meets the statutory and regulatory requirements for listing. A PSO can be “delisted” by the Secretary if it is found to no longer meet the requirements of the Patient Safety and Quality Improvement Act of 2005 (Patient Safety Act) and Patient Safety Rule, when a PSO chooses to voluntarily relinquish its status as a PSO for any reason, or when a PSO’s listing expires. The listing for FailSafe PSO, PSO number P0196, has expired and AHRQ has delisted the PSO accordingly.

DATES: The delisting was effective at 12:00 Midnight ET (2400) on September 21, 2020.

ADDRESSES: The directories for both listed and delisted PSOs are ongoing and reviewed weekly by AHRQ. Both directories can be accessed electronically at the following HHS website: <http://www.pso.ahrq.gov/listed>.

FOR FURTHER INFORMATION CONTACT:

Cathryn Bach, Center for Quality Improvement and Patient Safety, AHRQ, 5600 Fishers Lane, MS 06N100B, Rockville, MD 20857; Telephone (toll free): (866) 403-3697; Telephone (local): (301) 427-1111; TTY (toll free): (866) 438-7231; TTY (local): (301) 427-1130; Email: psa@ahrq.hhs.gov.

SUPPLEMENTARY INFORMATION:

Background

The Patient Safety Act, 42 U.S.C. 299b-21 to 299b-26, and the related Patient Safety Rule, 42 CFR part 3, published in the **Federal Register** on November 21, 2008 (73 FR 70732-70814), establish a framework by which individuals and entities that meet the definition of provider in the Patient Safety Rule may voluntarily report information to PSOs listed by AHRQ, on a privileged and confidential basis, for the aggregation and analysis of patient safety events.

The Patient Safety Act authorizes the listing of PSOs, which are entities or component organizations whose mission and primary activity are to conduct activities to improve patient safety and the quality of health care delivery.

HHS issued the Patient Safety Rule to implement the Patient Safety Act. AHRQ administers the provisions of the Patient Safety Act and Patient Safety Rule relating to the listing and operation of PSOs. The Patient Safety Rule authorizes AHRQ to list as a PSO an entity that attests that it meets the statutory and regulatory requirements for listing. A PSO can be “delisted” if it is found to no longer meet the requirements of the Patient Safety Act and Patient Safety Rule, when a PSO chooses to voluntarily relinquish its status as a PSO for any reason, or when a PSO’s listing expires. Section 3.108(d) of the Patient Safety Rule requires AHRQ to provide public notice when it removes an organization from the list of PSOs.

Section 3.104(e)(1) of the Patient Safety Rule specifies that a PSO’s listing, unless revoked or relinquished earlier, automatically expires at midnight of the last day of the three-year listing period if, prior to this deadline, the required certifications for a new three-year listing are not submitted by the PSO and accepted by AHRQ. FailSafe PSO, a component entity of Newsura, Inc., did not seek continued listing. Accordingly, FailSafe PSO was delisted effective at 12:00 Midnight ET (2400) on September 21, 2020.

More information on PSOs can be obtained through AHRQ’s PSO website at <http://www.pso.ahrq.gov>.

Dated: October 5, 2020.

Marquita Cullom-Stott,

Associate Director.

BILLING CODE 4160-90-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30Day-21-0910]

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled Message Testing for Tobacco Communication Activities (MTTCA) to the Office of Management and Budget (OMB) for review and approval. CDC previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on February 25, 2020 to obtain comments from the public and affected agencies. CDC received two comments related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570. Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open
