CMS–10261 Part C Medicare Advantage Reporting Requirements
CMS–1450 Uniform Institutional Providers Form

Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of currently approved collection; *Title of Information Collection:* Part C Medicare Advantage Reporting Requirements; *Use:* The Centers for Medicare and Medicaid Services (CMS) established reporting requirements for Medicare Advantage Organizations (MAOs) under the authority described in 42 CFR 422.516(a). Each MAO must have an effective procedure to develop, compile, evaluate, and report to CMS, its enrollees, and the public at the times and in the manner that CMS requires.

These Part C Reporting Requirements will provide key data to CMS on the utilization and cost of these benefits that has not been available since the removal of benefit utilization requirements in 2011. This proposed collection will also build upon the previous collection-by-asking for information regarding all unique supplemental benefits categories. These categories match the current Plan Benefit Package (PBP) which is submitted annually by plans. Additionally, the proposed collection will request information to be split out by the authority under which each plan offers the benefits (mandatory, optional, mandatory-SSBCI, mandatory-Uniformity Flexibility). *Form Number:* CMS–10261 (OMB control number: 0938–1054); *Frequency:* Annually; *Affected Public:* Business or other for-profits; *Number of Respondents:* 743; *Total Annual Responses:* 6,687; *Total Annual Hours:* 187,979. (For policy questions regarding this collection contact Lucia Patrone at (410) 786–8621).

2. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Uniform Institutional Providers Form; *Use:* The UB–04 CMS–1450 is managed by the National Uniform Billing Committee (NUBC), sponsored by the American Hospital Association. Most payers are represented on this body, and the UB–04 is widely used in the industry. Medicare Part A MACs use the information on the UB–04 CMS–1450 to determine whether to make Medicare payment for the services provided, the payment amount, and whether or not to apply deductibles to the claim. The same method is also used by other payers. CMS is also a secondary user of data. CMS uses the information to develop a database, which is used to update, and revise established payment schedules and other payment rates for covered services. CMS also uses the information to conduct studies and reports. *Form Number:* CMS–1450 (OMB control number: 0938–0997); *Frequency:* Occasionally; *Affected Public:* Private Sector, Business or other for-profits, Not-for-profits institutions; *Number of Respondents:* 53,111; *Total Annual Responses:* 193,535,941; *Total Annual Hours:* 1,617,010. (For policy questions regarding this collection contact Charlene Parks at (410) 786–8684).

SUPPLEMENTARY INFORMATION:

Description: Under title IV-B, subparts 1 and 2 of the Social Security Act (the Act), states, territories, and tribes are required to submit a CFSP. The CFSP lays the groundwork for a system of coordinated, integrated, and culturally relevant family services for the subsequent 5 years (45 CFR 1357.15(a)(1)). The CFSP outlines initiatives and activities the state, tribe or territory will carry out in administering programs and services to promote the safety, permanency, and well-being of children and families, including, as applicable, those activities conducted under the John H. Chafee Foster Care Program for Successful Transition to Adulthood (Section 477 of the Act) and the state grant authorized by the Child Abuse Prevention and Treatment Act. By June 30 of each year, states, territories, and tribes are also required to submit an APSR and a financial report called the CFS-101. The

APSR is a yearly report that discusses progress made by a state, territory, or tribe in accomplishing the goals and objectives cited in its CFSP (45 CFR 1357.16(a)). The APSR contains new and updated information about service needs and organizational capacities throughout the five-year plan period and includes information on the use of the Family First Transition Grants and Funding Certainty Grants authorized by the Family First Transition Act included in Public Law 116-94. The CFS-101 has three parts. Part I is an annual budget request for the upcoming fiscal year. Part II includes a summary of planned expenditures by program area for the upcoming fiscal year, the estimated number of individuals or families to be served, and the geographical service area. Part III includes actual expenditures by program area, numbers of families and individuals served by program area, and the geographic areas served for the last complete fiscal year. The revision made to the CFS-101 form are to streamline the data entry.

Respondents: States, territories, and tribes must complete the CFSP, APSR, and CFS-101. Tribes and territories are exempted from the monthly caseworker visits reporting requirement of the CFSP/APSR. There are approximately 180 tribal entities that currently receive IV-B funding. There are 53 states (including the Commonwealth of Puerto Rico, the District of Columbia, and the Virgin Islands) that must complete the CFSP, APSR, and CFS-101.

Annual Burden Estimates:

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
APSR	233	3	82	57,318	19,106
CFSP	47	1	123	5,781	1,927
CFS-101, Part I, II, and III	233	3	5	3,495	1,165
