SUPPLEMENTARY INFORMATION: As described in the application, the intended service of the vessel IRON GRYPHON is:

—*Intended Commercial Use of Vessel:* “Recreational charters.”

—*Geographic Region Including Base of Operations:* “Florida” (Base of Operations: Miami, FL)

—*Vessel Length and Type:* 78.8’ Motor

The complete application is available for review identified in the DOT docket as MARAD 2021-0248 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD’s regulations at 46 CFR part 388, that the employment of the vessel in the coastwise trade to carry no more than 12 passengers will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, MARAD will not issue an approval of the vessel’s coastwise endorsement eligibility. Comments should refer to the vessel name, state the commenter’s interest in the application, and address the eligibility criteria given in section 388.4 of MARAD’s regulations at 46 CFR part 388.

How do I submit comments?

Please submit your comments, including the attachments, following the instructions provided under the above heading entitled **ADDRESSES**. Be advised that it may take a few hours or even days for your comment to be reflected on the docket. In addition, your comments must be written in English. We encourage you to provide concise comments and you may attach additional documents as necessary. There is no limit on the length of the attachments.

Where do I go to read public comments, and find supporting information?

Go to the docket online at <http://www.regulations.gov>, keyword search MARAD-2021-0248 or visit the Docket Management Facility (see **ADDRESSES** for hours of operation). We recommend that you periodically check the Docket for new submissions and supporting material.

Will my comments be made available to the public?

Yes. Be aware that your entire comment, including your personal identifying information, will be made publicly available.

May I submit comments confidentially?

If you wish to submit comments under a claim of confidentiality, you should submit the information you claim to be confidential commercial information by email to SmallVessels@dot.gov. Include in the email subject heading “Contains Confidential Commercial Information” or “Contains CCI” and state in your submission, with specificity, the basis for any such confidential claim highlighting or denoting the CCI portions. If possible, please provide a summary of your submission that can be made available to the public.

In the event MARAD receives a Freedom of Information Act (FOIA) request for the information, procedures described in the Department’s FOIA regulation at 49 CFR 7.29 will be followed. Only information that is ultimately determined to be confidential under those procedures will be exempt from disclosure under FOIA.

Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, to www.regulations.gov, as described in the system of records notice, DOT/ALL-14 FDMS, accessible through www.dot.gov/privacy. To facilitate comment tracking and response, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. Whether or not commenters identify themselves, all timely comments will be fully considered.

[Docket No. NHTSA-2019-0069; Notice 2]

TAP Worldwide, LLC, Grant of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Grant of petition.

SUMMARY: TAP Worldwide, LLC, (TAP) has determined that certain model year

(MY) 2017–2019 Smittybilt SCOUT Trailer Kits do not fully comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 110, *Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or Less*. TAP filed a noncompliance report dated June 26, 2019. TAP also petitioned NHTSA on July 8, 2019, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety. This document announces the grant of TAP's petition.

FOR FURTHER INFORMATION CONTACT: Kerrin Bressant, Office of Vehicle Safety Compliance, National Highway Traffic Safety Administration (NHTSA), telephone (202) 366-1110.

SUPPLEMENTARY INFORMATION:

I. Overview

TAP has determined that certain MY 2017–2019 Smittybilt SCOUT Trailer Kits do not fully comply with paragraph S4.3.5 and Figure 1 of FMVSS No. 110, *Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or Less* (49 CFR 571.110). TAP filed a noncompliance report dated June 26, 2019, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*. TAP also petitioned NHTSA on July 8, 2019, for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety, pursuant to 49 U.S.C. 30118(d) and 30120(h) and 49 CFR part 556, *Exemption for Inconsequential Defect or Noncompliance*.

Notice of receipt of TAP's petition was published with a 30-day public comment period, on September 20, 2019, in the **Federal Register** (84 FR 49622). No comments were received. To view the petition and all supporting documents log onto the Federal Docket Management System (FDMS) website at <https://www.regulations.gov/>. Then follow the online search instructions to locate docket number "NHTSA-2019-0069."

II. Trailers Involved

Approximately 176 MY 2017–2019 Smittybilt SCOUT Trailer Kits, manufactured between March 31, 2017, and April 28, 2019, are potentially involved.

III. Noncompliance

TAP explains that the noncompliance is that the vehicle placards on the subject trailer kits, do not fully comply with the formatting and color requirements (which require either "yellow text on black background" or "black text on yellow background") as required by paragraph S4.3.5 and Figure 1 of FMVSS No. 110. The TAP placards were mounted with black text on a white background.

IV. Rule Requirements

S4.3.5 and Figure 1 of FMVSS No. 110 include the requirements relevant to this petition. Each trailer, except for an incomplete vehicle, must show the information specified in S4.3(c) through (g). This information, per Figures 1 and 2 of FMVSS No. 110, should be illustrated with EITHER "Yellow Text on Black Background" or "Black Text on Yellow Background." Additionally, at the manufacturer's option, they may show the information specified in S4.3(h) proximate to the placard or the Tire Information Pressure Label and the listed elements of S4.3(i) in accordance with S4.3(d). The information specified in S4.3(e) shall be shown on both the vehicle placard and on the tire inflation pressure label (if such a label is affixed to provide the information specified in S4.3(c), (d), (h), and (i)) in the format and color scheme set forth in Figures 1 and 2.

V. Summary of TAP's Petition

TAP described the subject noncompliance and stated its belief that the noncompliance is inconsequential as it relates to motor vehicle safety.

In support of its petition, TAP submitted the following reasoning:

1. The subject tire pressure information labels provide all required and correct technical information, and because such information is found in three other locations, there is no safety risk or risk of tire overloading.

a. TAP states that the SCOUT Trailers are equipped with tires that can handle their load carrying capacity, and there is, accordingly, no risk of overloading. The SCOUT Trailer's tires are safe and comply with all applicable standards. The sole noncompliance at issue in this petition relates to formatting, namely the tire information label, not conforming to the formatting and color requirements provided in Figure 1 of FMVSS No. 110. TAP says that because the tire pressure information labels contain all the information required by FMVSS No. 110 and because such information is accurate, the subject noncompliance will not create a safety
