Abstract of Proposed Collections

- **1405-0132, DS-10, Birth Affidavit:** The form is submitted in conjunction with an application for a U.S. passport and is used by Passport Services to collect information for the purpose of establishing the U.S. nationality of a passport applicant who has not submitted an acceptable United States birth certificate with their passport application. The Secretary of State is authorized to issue U.S. passports under 22 U.S.C. 211a *et seq.*, 8 U.S.C. 1104, and Executive Order 11295 (August 5, 1966). Pursuant to 22 U.S.C. 212 and 22 CFR 51.2, only U.S. nationals may be issued a U.S. passport. Most passport applicants establish U.S. nationality by providing a birth certificate that lists a place of birth within the United States or its outlying possessions (currently American Samoa and Swains Island). Some applicants, however, may have been born in the United States (and subject to its jurisdiction), but were never issued a birth certificate. Form DS-10 is a form affidavit for completion by a witness to the birth of such an applicant; it collects information relevant to establishing the identity of the affiant, and the birth circumstances of the passport applicant. If credible, the affidavit may permit the applicant to show U.S. nationality based on the applicant's birth in the United States, despite never having been issued a U.S. birth certificate. We use the information collected on the person completing the

affidavit to confirm that individual's identity, which is relevant to confirming his or her relationship to the applicant and in assessing the likelihood that the affiant has personal knowledge of the facts of the applicant's birth.

In an ongoing effort to reduce public burden times, the "Sex" field (previously Item 2) has been removed from the DS-10, Birth Affidavit. Passport Services determined that this decision will not affect the procedural or policy aspects of DS-10 form adjudication or impact the determination of U.S. citizenship findings by passport adjudicators.

- *1405-0133, DS-60, Affidavit*

Regarding a Change of Name: The form is submitted in conjunction with an application for a U.S. passport. It is used by Passport Services to collect information for the purpose of establishing that a passport applicant has adopted a new name without formal court proceedings or by marriage and has publicly and exclusively used the adopted name over a period of time (at least five years).

- *1405-0146, DS-86, Statement of Non-Receipt of a U.S. Passport:* The form is used by the U.S. Department of State to collect information for the purpose of issuing a replacement passport to customers whose passports have been issued but who have not received their passport documents in the mail. The information collected on the Statement of Non-Receipt of a U.S. Passport is used by the Department of State to help ensure that no person bears more than one valid or potentially valid U.S. passport book of the same type and/or passport card at any one time, except as authorized by the Department. The information on the form is also used to address passport fraud and misuse.

All three forms have been amended to replace the term "sex" with "gender" and to be pronoun-inclusive of all genders.

Methodology

When needed, the Birth Affidavit is either provided by the Department or downloaded from the Department's website and completed by the affiant. It must be signed in the presence of a passport agent, acceptance agent, or notary.

When needed, the Affidavit Regarding a Change of Name is either provided by the Department or downloaded from the Department's website and completed by the affiant. It must be signed in the presence of a passport agent, passport acceptance agent, or notary.

When needed, the Statement of Non-Receipt of a U.S. Passport is either

provided by the Department or downloaded from the Department's website and completed by the passport applicant.

Rachel M. Arndt,

Deputy Assistant Secretary, Bureau of Consular Affairs, Passport Services, Department of State.

Federal Highway Administration

Notice of Availability of the Finding of No Significant Impact for the I-15 St. George Improved Project in Utah and Final Federal Agency Actions

AGENCY: Federal Highway Administration (FHWA), Department of Transportation, Utah Department of Transportation (UDOT).

ACTION: Notice of availability and notice of limitations on claims for judicial review of actions by UDOT and other Federal agencies.

SUMMARY: The FHWA, on behalf of UDOT, is issuing this notice to announce the availability of the Finding of No Significant Impact (FONSI) for the Interstate 15 (I-15) St. George Improved Project, Bluff Street to St. George Boulevard, in St. George City, Washington County, Utah. In addition, this notice is being issued to announce actions taken by UDOT that are final Federal agency actions related to the project referenced above. Those actions grant licenses, permits, and/or approvals for the project. The FONSI provides details on the Selected Alternative for the proposed improvements.

DATES: This decision became operative on October 12, 2023. By this notice, FHWA, on behalf of UDOT, is advising the public of final agency actions subject to 23 U.S.C. 139(j)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before March 25, 2024. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Carissa Watanabe, Environmental Program Manager, UDOT Environmental Services, P.O. Box 143600, Salt Lake City, UT 84114; (503) 939-3798; email: cwatanabe@utah.gov. UDOT's normal business hours are 8 a.m. to 5 p.m.

SUPPLEMENTARY INFORMATION: The environmental review, consultation, and other actions required by applicable Federal environmental laws for this action are being, or have been, carried out by UDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding (MOU) dated May 26, 2022, and executed by FHWA and UDOT. Actions taken by UDOT on FHWA's behalf pursuant to 23 U.S.C. 327 constitute Federal agency actions for purposes of Federal law. Notice is hereby given that UDOT has taken final agency actions subject to 23 U.S.C. 139(j)(1) by issuing licenses, permits, and/or approvals for the I-15 St. George Improved project in the State of Utah.

UDOT has selected the Single Point Urban Interchange (SPUI) alternative. The selected alternative would construct: a new SPUI interchange on I-15 at 700 South; roadway improvements along 700 South and the adjacent intersections; and a new 12-foot-wide shared-use trail.

The project is identified in UDOT's adopted 2023-2028 State Transportation Improvement Program as project number 18218 with funding identified for final design and construction. The project is also included in the Dixie Metropolitan Planning Organization (MPO) 2023-2050 Regional Transportation Plan approved in May 2023 and the Dixie MPO 2023-2027 Transportation Improvement Plan.

The actions by UDOT, and the laws under which such actions were taken, are described in the Environmental Assessment (EA) approved on April 25, 2023, and the FONSI (Finding of No Significant Impact for I-15 St. George Improved; Bluff Street to St. George Boulevard; St. George City, Washington County, Utah, Project No. S-I15-1(136)6) approved on October 12, 2023, and other documents in the project record.
