49 CFR Part 1135

[STB Ex Parte No. 682]

Annual Submission of Tax Information for Use in the Revenue Shortfall Allocation Method

ACTION: Final rule.

SUMMARY: The Surface Transportation Board (Board) is amending 49 CFR part 1135 to add a rule that requires the Association of American Railroads (AAR) to annually update each Class I

railroad's weighted average State tax rate for use in the Revenue Shortfall Allocation Method (RSAM). RSAM is one of three benchmarks that together are used to determine the reasonableness of a challenged rate under the Board's *Simplified Standards for Rail Rate Cases*, STB Docket No. 646 (Sub-No. 1) (STB served Sept. 5, 2007) (*Simplified Standards*).¹ The new rule requires that the AAR submit this information by May 30 of each year.
