

derivatives clearing organization shall have clear and comprehensive rules and procedures.

(b) *Availability of information.* Each derivatives clearing organization shall make information concerning the rules and the operating and default procedures governing the clearing and settlement systems of the derivatives clearing organization available to market participants.

(c) *Public disclosure.* Each derivatives clearing organization shall disclose publicly and to the Commission information concerning:

(1) The terms and conditions of each contract, agreement, and transaction cleared and settled by the derivatives clearing organization;

(2) Each clearing and other fee that the derivatives clearing organization charges its clearing members;

(3) The margin-setting methodology;

(4) The size and composition of the financial resource package available in the event of a clearing member default;

(5) Daily settlement prices, volume, and open interest for each contract, agreement, or transaction cleared or settled by the derivatives clearing organization;

(6) The derivatives clearing organization's rules and procedures for defaults in accordance with § 39.16 of this part; and

(7) Any other matter that is relevant to participation in the clearing and settlement activities of the derivatives clearing organization.

(d) *Publication of information.* The derivatives clearing organization shall make its rulebook, a list of all current clearing members and the information listed in paragraph (c) of this section readily available to the general public, in a timely manner, by posting such information on the derivatives clearing organization's website, unless otherwise permitted by the Commission. The information required in paragraph (c)(5) of this section shall be made available to the public no later than the business day following the day to which the information pertains.

16. Add § 39.22 to read as follows:

#### **§ 39.22 Information sharing.**

Each derivatives clearing organization shall enter into, and abide by the terms of, each appropriate and applicable domestic and international information-sharing agreement, and shall use relevant information obtained from each such agreement in carrying out the risk management program of the derivatives clearing organization.

Issued in Washington, DC, on December 1, 2010, by the Commission.

#### **Appendices to Information Management Requirements for Derivatives Clearing Organizations—Commission Voting Summary and Statements of Commissioners**

**Note:** The following appendices will not appear in the Code of Federal Regulations

##### **Appendix 1—Commission Voting Summary**

On this matter, Chairman Gensler and Commissioners Dunn, Sommers, Chilton and O'Malia voted in the affirmative. No Commissioner voted in the negative.

##### **Appendix 2—Statement of Chairman Gary Gensler**

I support the proposed rulemaking concerning information management, recordkeeping and reporting requirements for derivatives clearing organizations. The requirements would enable the Commission to conduct financial risk surveillance more efficiently and effectively. Further, they would promote transparency to the regulators, enhancing the Commission's ability to detect and resolve potential concerns before they escalate into major problems. The rule also fulfills Congress's direction that clearinghouses be required to make settlement prices and open interest public in all their contracts on a daily basis.

The proposed reporting rules apply uniform standards to all DCOs, thereby helping to avoid inconsistency in DCO reporting. The recordkeeping requirements are rooted in sound business practices, and the public information requirements serve the public interest by promoting transparency and disclosure. By codifying the information-sharing core principle into the Commission's regulations, the Commission would reaffirm its commitment to promoting cooperation among industry participants in carrying out risk management functions.

#### **Approval and Promulgation of Air Quality Implementation Plans; Wisconsin; The Milwaukee-Racine and Sheboygan Areas; Determination of Attainment of the 1997 8-hour Ozone Standard**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to determine under the Clean Air Act (CAA) that the Milwaukee-Racine and Sheboygan, Wisconsin areas have attained the 1997 8-hour ozone National Ambient Air Quality Standard (NAAQS). The Milwaukee-Racine area includes Milwaukee, Ozaukee, Racine, Washington, Waukesha, and Kenosha Counties. The Sheboygan area includes Sheboygan County. The proposed determinations are based on complete, quality-assured and certified ambient air monitoring data that show that the areas have monitored attainment of the 1997 8-hour ozone standard for the 2006–2008 and 2007–2009 monitoring periods. Preliminary data available for 2010 indicate that the areas continue to monitor attainment. If EPA finalizes this action, as a result of these determinations, the requirements for these areas to submit attainment demonstrations and associated reasonably available control measures (RACM), reasonable further progress plans (RFP), contingency measures, and other State Implementation Plan (SIP) revisions related to attainment of the standard would be suspended for as long as the areas continue to attain the 1997 8-hour ozone standard. These determinations would also suspend the requirement for EPA to promulgate attainment demonstration, RFP, and any other attainment-related Federal Implementation Plans (FIPs) for these areas.

**SUPPLEMENTARY INFORMATION:** In the Final Rules section of this **Federal Register**, EPA is approving the attainment determinations as a direct final rule without prior proposal because the Agency views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, with respect to either the Milwaukee-Racine or the Sheboygan area, the direct final rule will be withdrawn with regard to that area and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.

**Proposed Final Policy on Consultation and Coordination With Indian Tribes**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of document for public comment.

**SUMMARY:** The Environmental Protection Agency (EPA) is announcing a 60-day public comment period for the proposed Final EPA Policy on Consultation and Coordination with Indian Tribes (Policy). The Policy complies with the Presidential Memorandum on Tribal Consultation issued November 5, 2009, directing agencies to develop a plan to implement fully Executive Order 13175 (Executive Order). The Executive Order specifies that each Agency must have a process that is accountable to establish regular and meaningful consultation and coordination with tribal officials in the development of policies that have tribal implications.

The goals of the Policy are to: Establish clear EPA standards for the consultation process, including defining the what, when, and how of consultation; designate specific EPA personnel responsible for serving as consultation points of contact in order to promote consistency in, and coordination of, the consultation process; and establish a management oversight and reporting structure that will ensure accountability and transparency. The proposed final Policy sets a broad standard for when EPA should consider consulting with federally-recognized tribal governments. Notably, the scope of EPA's proposed consultation policy is intended to be broader than that found in Executive Order 13175.

The Policy reflects the principles expressed in the 1984 EPA Policy for the Administration of Environmental Programs on Indian Reservations (1984 Policy) for interacting with tribes. The 1984 Policy remains the cornerstone for EPA's Indian program and assure[s] that tribal concerns and interests are considered whenever EPA's actions and/or decisions may affect tribes.

EPA is requesting comment on the policy described in this document.

**DATES:** Comments must be received on or before February 16, 2011.

**ADDRESSES:** Submit your comments, identified by Docket ID No. [EPA-HQ-OA-2010-0992], by one of the following methods:
