130, 'Federal Agency Responsibilities for Maintaining Records About Individuals,' dated December 12, 2000, 65 FR 239.

Dated: June 18, 2008.

Patricia Toppings,

OSD Federal Register Liaison Officer, Department of Defense.

T-7206

SYSTEM NAME:

Non-appropriated Funds Central Payroll System (NAFCPS).

SYSTEM LOCATION:

Defense Information Systems Agency, Defense Enterprise Computing Center, Ogden, 7879 Wardleigh Road, Hill Air Force Base, Utah 84058–5997.

Defense Finance and Accounting Service, DFAS-Texarkana, PO BOX 611, Texarkana, Texas 75505–6111.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Department of Defense (DoD) Nonappropriated fund civilian employees in the following agencies: Department of the Army, National Security Agency (NSA), the Defense Logistics Agency (DLA) and Defense Finance and Accounting Service-Texarkana.

CATEGORIES OF RECORDS IN THE SYSTEM:

Individual's name, Social Security Number (SSN) and information concerning individual records of appointment or assignment; official authenticated time and attendance records, individual leave records, information on employee's federal, state and local tax withholding and allotments.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

5 U.S.C. 301, Departmental Regulations; Department of Defense Financial Management Regulation (DoDFMR) 7000.14–R Vol. 4; 5 U.S.C. Sections 2105c, 5531, and 5533; and E.O. 9397 (SSN).

PURPOSE(S):

A system for maintaining and tracking pay of U.S. Army, Department of Defense and National Security Agency non-appropriated funds civilian employees. The system will calculate the net pay due each employee; provide a history of pay transaction, entitlements and deductions; maintain a record of leave accrued and taken; keep a schedule of bonds due and issued; record taxes paid; and respond to inquiries or claims.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a (b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the DOD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

The DoD 'Blanket Routine Uses' published at the beginning of the DoD compilation of systems of records notices apply to this system.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Electronic storage media.

RETRIEVABILITY:

Individual's name and Social Security Number (SSN).

SAFEGUARDS:

Records are maintained in a controlled facility. Physical entry is restricted by the use of locks, guards, and is accessible only to authorized personnel. Access to records is limited to person(s) responsible for servicing the record in performance of their official duties and who are properly screened and cleared for a need-to-know. Access to computerized data is restricted by passwords, which are changed according to agency security policy.

RETENTION AND DISPOSAL:

Records may be temporary in nature and deleted when actions are completed, superseded, obsolete, or no longer needed. Other records may be cut off at the end of the payroll year, and then destroyed after 56 years. Records are destroyed by degaussing the electronic media and recycling hardcopy records. The recycled hardcopies are destroyed by shredding, burning, or pulping.

SYSTEM MANAGER(S) AND ADDRESS:

Defense Finance and Accounting Service (DFAS), Indianapolis, Systems Management Directorate, 8899 E 56th Street, Indianapolis, IN 46249–1056.

NOTIFICATION PROCEDURE:

Individuals seeking to determine whether information about themselves is contained in this system of records should address written inquiries to the Defense Finance and Accounting Service, Freedom of Information/ Privacy Act Program Manager, Corporate Communications and Legislative Liaison, 6760 E. Irvington Place, Denver, CO 80279–8000.

Individuals should furnish full name, Social Security Number (SSN), current address, telephone number, and provide a reasonable description of what they are seeking.

RECORD ACCESS PROCEDURES:

Individuals seeking access to information about them contained in this system of records should address written inquiries to Defense Finance and Accounting Service, Freedom of Information/Privacy Act Program Manager, Corporate Communications and Legislative Liaison, 6760 E. Irvington Place, Denver, CO 80279– 8000.

Individuals should furnish full name, Social Security Number (SSN), current address, telephone number and provide a reasonable description of what they are seeking.

CONTESTING RECORD PROCEDURES:

The DFAS rules for accessing records, for contesting contents and appealing initial agency determinations are published in DFAS Regulation 5400.11– R; 32 CFR part 324; or may be obtained from Defense Finance and Accounting Service, Freedom of Information/ Privacy Act Program Manager, Corporate Communications and Legislative Liaison, 6760 E. Irvington Place, Denver, CO 80279–8000.

RECORD SOURCE CATEGORIES:

From the individual concerned, DoD Components, National Security Agency and other Federal agencies.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

Availability of Non-Exclusive, Exclusive License or Partially Exclusive Licensing of U.S. Patent Concerning "Stove Apparatus"

AGENCY: Department of the Army, DoD. **ACTION:** Notice.

SUMMARY: In accordance with 37 CFR part 404.6, announcement is made of the availability for licensing of U.S. Patent No. U.S. 7,380,548 entitled "Stove Apparatus" issued June 3, 2008. This patent has been assigned to the United States Government as represented by the Secretary of the Army.

FOR FURTHER INFORMATION CONTACT: Mr. Jeffrey DiTullio at U.S. Army Soldier Systems Center, Kansas Street, Natick,

MA 01760, Phone: (508) 233–4184 or Email: *Jeffrey.Ditullio@natick.army.mil*.

SUPPLEMENTARY INFORMATION: Any licenses granted shall comply with 35 U.S.C. 209 and 37 CFR Part 404.

Department of the Army; Corps of Engineers

Spring Bayou, Louisiana, Ecosystem Restoration Feasibility Study

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD. **ACTION:** Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers, Vicksburg District, in conjunction with the Avoyelles Parish Police Jury, the non-Federal sponsor, is undertaking studies to investigate the feasibility of restoring the Spring Bayou area ecosystem.

DATES: Initiate EIS, June 30, 2008.

ADDRESSES: Correspondence may be sent to Mr. Larry Marcy, U.S. Army Engineer District, Vicksburg, CEMVK– PP–PQ, 4155 Clay Street, Vicksburg, MS 39183–3435.

FOR FURTHER INFORMATION CONTACT: Mr. Larry Marcy at U.S. Army Corps of Engineers, Vicksburg District, telephone (601) 631–5965, fax (601) 631–5115, or e-mail at *larry.e.marcy@usace.army.mil.*

SUPPLEMENTARY INFORMATION:

Proposed Action. A feasibility level study will identify and evaluate alternatives to restore the Spring Bayou area ecosystem, Avoyelles Parish, Louisiana. The ecosystem is being degraded by water pollution, sedimentation, and growth of nuisance aquatic weeds. An opportunity exists to restore previously existing hydrology by diverting freshwater from the Red River into the Spring Bayou area to improve water quality, fishery production, and wetland habitat.

Alternatives. Alternative locations for water diversion from the Red River will be identified and evaluated, as well as investigating alternatives to control sediment entering the Spring Bayou area from Chatlin Lake Canal. Combinations of alternatives involving water diversion, sediment control or removal, modification or replacement of existing water control structures, and nuisance aquatic weed control will be developed and evaluated in cooperation with state and Federal agencies, local government, Native American tribes, and the public.

Scoping. Scoping is the process for determining the range of the alternatives and significant issues to be addressed in the Environmental Impact Statement (EIS). For this analysis, a letter will be sent to all parties believed to have an interest in the analysis, requesting their input on alternatives and issues to be evaluated. The letter will also notify interested parties of the public scoping meeting that will be held in the local area. A notice will be sent to the local news media. All interested parties are invited to comment at this time, and anyone interested in the study should request to be included on the mailing list

A public scoping meeting will be held July 29, 2008, beginning at 7 p.m. at the Marksville Fire Department, 512 North Main Street, Marksville, Louisiana.

Significant Issues. The tentative list of resources and issues to be evaluated in the EIS includes aquatic resources, recreational fisheries, wildlife resources, water quality, air quality, threatened or endangered species, recreation resources, and cultural resources. Tentative socioeconomic items to be evaluated in the EIS include business and industrial activity, tax revenues, community and regional growth, community cohesion, and navigation.

Environmental Consultation and Review. The U.S. Fish and Wildlife Service (FWS) will be asked to assist in the documentation of existing conditions, impact analysis of alternatives, and overall study review through the Fish and Wildlife Coordination Act (FWCA) consultation procedures. The FWS would provide an FWCA report to be incorporated into the EIS. The draft EIS or a Notice of Availability will be distributed to all interested agencies, organizations, and individuals.

Estimated Date of Availability. The earliest that the draft EIS is expected to be available is May 2010.

Dated: June 10, 2008.

Douglas J. Kamien,

Chief, Planning, Programs, and Project Management Division.

Intent To Prepare a Draft Environmental Impact Statement for the Clear Creek General Reevaluation Study, Brazoria, Fort Bend, Galveston and Harris Counties, TX

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD. **ACTION:** Notice of intent.

SUMMARY: The Clear Creek watershed drains portions of Fort Bend, Harris, Galveston, and Brazoria counties, Texas, including portions of Houston and the smaller towns of League City, Friendswood and Pearland, among others. The watershed also forms part of the boundary between Harris County to the north and Galveston and Brazoria counties to the south. Clear Creek flows into the west side of upper Galveston Bay through Clear Lake. The Draft **Environmental Impact Statement (DEIS)** will evaluate several flood detention and conveyance features to reduce flooding of homes and businesses in the Clear Creek Watershed. The study will focus on environmental and social conditions currently present and those likely to be affected by the proposed changes in the watershed. The floodcontrol project includes construction of several miles of high flow channel adjacent to the existing channel, while preserving the existing channel and floodplain forest. Detention of flood waters would also be provided in some areas where the high flow channel diverges from the low flow channel and in off-line detention areas adjacent to the creek. All flood control measures on Clear Creek occur upstream of the Dixie Farm Road crossing. The proposed project also includes widening three tributaries to Clear Creek, Mud Gully, Turkey Creek, and Mary's Creek, for improved conveyance of flood flows, with detention basins constructed adjacent to Mary's Creek and between Clear Creek and Mud Gully.

ADDRESSES: U.S. Army Corps of Engineers, Galveston District, P.O. Box 1229, Galveston, TX 77553–1229.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Heinly, (409) 766–3992, Planning Lead, Planning Section, Planning, Environmental and Regulatory Division; or Ms. Andrea Catanzaro, (409) 766– 6346, Environmental Lead, Environmental Section, Planning, Environmental and Regulatory Division. SUPPLEMENTARY INFORMATION:

(1) *Background*. Flooding along Clear Creek has caused problems for over 30
