Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Training and Advisory Services—Equity Assistance Centers (EAC) program is authorized under Title IV of the Civil Rights Act of 1964, 42 U.S.C. 2000c–2000c–2, 2000c–5, and the implementing regulations in 34 CFR parts 270 and 272. This program awards grants through cooperative agreements to operate 10 regional EACs that provide technical assistance (including training) at the request of school boards and other responsible governmental agencies in the preparation, adoption, and implementation of plans for the desegregation of public schools—which in this context means plans for equity (including desegregation based on race, sex, and national origin)—and in the development of effective methods of coping with special educational problems occasioned by desegregation. Assistance may include, among other activities: (1) Dissemination of information regarding effective methods of coping with special educational problems occasioned by desegregation; (2) assistance and advice in coping with these problems; and (3) training designed to improve the ability of teachers, supervisors, counselors, parents, community members, and other elementary or secondary school personnel to deal effectively with special educational problems occasioned by desegregation.

Note: The phrase “special educational problems occasioned by desegregation” means those problems that arise in classrooms, schools, and communities as a result of desegregation efforts. The phrase does not refer to issues or problems related to special education programs under the Individuals with Disabilities Education Act (20 U.S.C. 1400 *et seq.*).

Priorities: These priorities are from the notice of supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486).

Competitive Priorities: For FY 2011 these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award up to an additional five points to an application, depending on how well the application addresses one of the following two priorities. Applicants may address more than one of the competitive preference priorities; however, the Department will

review and award points under only one of the priorities. Therefore, an applicant must identify in its application which priority it wishes the Department to consider for purposes of earning the competitive preference priority points.

These priorities are:

1. *Improving the Effectiveness and Distribution of Effective Teachers or Principals.*

Projects that are designed to address the following priority area:

Increasing the retention, particularly in high-poverty schools (as defined in this notice), and equitable distribution of teachers or principals who are effective.

For the purposes of this priority, teacher and principal effectiveness should be measured using:

(1) Teacher or principal evaluation data, in States or local educational agencies that have in place a high-quality teacher or principal evaluation system that takes into account student growth (as defined in this notice) in significant part and uses multiple measures, that, in the case of teachers, may include observations for determining teacher effectiveness (such as systems that meet the criteria for evaluation systems under the Race to the Top program as described in criterion (D)(2)(ii) of the Race to the Top notice inviting applications (74 FR 59803)); or

(2) Data that include, in significant part, student achievement (as defined in this notice) or student growth data (as defined in this notice) and may include multiple measures in States or local educational agencies that do not have the teacher or principal evaluation systems described in paragraph (1).

Note: EACs provide technical assistance at the request of school boards and other responsible governmental agencies in the preparation, adoption, and implementation of plans for equity. Under this priority we may award additional points to eligible projects that demonstrate expertise in addressing equity issues related to the attainment and maintenance of the equitable distribution of effective teachers or principals in high-poverty schools.

2. *Improving School Engagement, School Environment, and School Safety and Improving Family and Community Engagement.*

Projects that are designed to address the following priority area:

Improving school safety, which may include decreasing the incidence of harassment, bullying, violence, and substance use.

Note: EACs provide technical assistance at the request of school boards and other responsible governmental agencies in the preparation, adoption, and implementation

of plans for equity. Under this priority we may award additional points to eligible projects that demonstrate expertise in addressing equity issues related to school safety, including decreasing the incidence of harassment, bullying, violence, and substance use.

In this competition, we are particularly interested in applications that address the following invitational priorities.

Invitational Priorities: For FY 2011 these two priorities are invitational priorities. Under 34 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

1. *Enabling More Data-Based Decision-Making.*

Projects that are designed to collect (or obtain), analyze, and use high-quality and timely data, including data on program participant outcomes, in accordance with privacy requirements (as defined in this notice) in the following priority area:

Providing reliable and comprehensive information on the implementation of Department of Education programs, and participant outcomes in these programs, by using data from State longitudinal data systems or by obtaining data from reliable third-party sources.

Note: Applicants are encouraged to propose EAC programs that collect, analyze, and use reliable data to improve EAC implementation and improve participant outcomes.

2. *Promoting Science, Technology, Engineering, and Mathematics (STEM) Education.*

Projects that are designed to address the following priority area:

Increasing the number of individuals from groups traditionally underrepresented in STEM, including minorities, individuals with disabilities, and women, who are provided with access to rigorous and engaging coursework in STEM or who are prepared for postsecondary or graduate study and careers in STEM.

Note: EACs provide technical assistance at the request of school boards and other responsible governmental agencies in the preparation, adoption, and implementation of plans for equity. This priority encourages projects related to increasing the number of individuals from groups traditionally underrepresented in STEM, including minorities, individuals with disabilities, and women, and designed in a manner that is permitted under current law.

Definitions: The following definitions are from the notice of supplemental priorities and definitions for

discretionary grant programs, published in the **Federal Register** on December 15, 2010 and apply to this competition. Additional definitions applicable to this program are found in the authorizing statute for this program at 42 U.S.C. 2000c and in the program regulations in 34 CFR parts 77, 270, and 272, and will be included in the application package.

For purposes of this competition, the following definitions apply:

High-poverty school means a school in which at least 50 percent of students are eligible for free or reduced-price lunches under the Richard B. Russell National School Lunch Act or in which at least 50 percent of students are from low-income families as determined using one of the criteria specified under section 1113(a)(5) of the Elementary and Secondary Education Act of 1965, as amended. For middle and high schools, eligibility may be calculated on the basis of comparable data from feeder schools. Eligibility as a high-poverty school under this definition is determined on the basis of the most currently available data.

Privacy requirements means the requirements of the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232g, and its implementing regulations in 34 CFR part 99, the Privacy Act, 5 U.S.C. 552a, as well as all applicable Federal, State and local requirements regarding privacy.

Student achievement means—

(a) For tested grades and subjects: (1) A student's score on the State's assessments under the ESEA; and, as appropriate, (2) other measures of student learning, such as those described in paragraph (b) of this definition, provided they are rigorous and comparable across schools.

(b) For non-tested grades and subjects: Alternative measures of student learning and performance, such as student scores on pre-tests and end-of-course tests; student performance on English language proficiency assessments; and other measures of student achievement that are rigorous and comparable across schools.

Student growth means the change in student achievement (as defined in this notice) for an individual student between two or more points in time. A State may also include other measures that are rigorous and comparable across classrooms.

Program Authority: 42 U.S.C. 2000c–2000c–2, 2000c–5.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99, except that 34 CFR 75.232 does not apply to grants

under 34 CFR part 272. (b) The regulations for this program in 34 CFR parts 270 and 272. (c) The notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486).

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

7. *Other Submission Requirements:*

Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. *Electronic Submission of Applications.*

Applications for grants under the Training and Services—Equity Assistance Centers (EACs) CFDA number 84.004D, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*. You may access the electronic grant application for Training and Advisory Services—Equity Assistance Centers at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.004, not 84.004D).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your

application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must attach any narrative sections of your application as files in a .PDF (Portable Document) format only. If you upload a file type other than a .PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a

second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or

- You do not have the capacity to upload large documents to the Grants.gov system; and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Fran Walter, U.S. Department of Education, 400 Maryland Avenue, SW., Room 3W115, Washington, DC 20202. FAX: (202) 202-5870.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. *Submission of Paper Applications by Mail.*

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, *Attention:* (CFDA Number 84.004D) LBJ Basement Level 1, 400 Maryland Avenue, SW., Washington, DC 20202-4260.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. 1. *Selection Criteria:* The following selection criteria for this program are from the regulations for this program in 34 CFR 272.30. The maximum score for all of the selection criteria is 100 points. The maximum score for each criterion is indicated in parenthesis with the criterion. The Secretary uses the following criteria to evaluate applications for EAC grants:

(a) *Mission and Strategy.* (30 points) The Secretary reviews each application to determine the extent to which the applicant understands effective practices for addressing problems in each of the desegregation assistance areas, including the extent to which the applicant:

(1) Understands the mission of the proposed DAC;

(2) Is familiar with relevant research, theory, materials, and training models;

(3) Is familiar with the types of problems that arise in each of the desegregation assistance areas;

(4) Is familiar with relevant strategies for technical assistance and training; and

(5) Is familiar with the desegregation needs of responsible governmental agencies in its designated region.

Note: The phrase “desegregation assistance areas” is defined in 34 CFR 270.3.

Note: EACs were originally identified as DACs and are still referred to by that name in the regulations for this program.

(b) *Organizational Capability.* (15 points) The Secretary reviews each application to determine the ability of the applicant to sustain a long-term, high-quality, and coherent program of technical assistance and training, including the extent to which the applicant:

(1) Demonstrates the commitment to provide the services of appropriate faculty or staff members from its organization;

(2) Selects project staff with an appropriate mixture of scholarly and practitioner backgrounds; and

(3) Has had past successes in rendering technical assistance and training in the desegregation assistance areas, including collaborating with other individuals and organizations.

(c) *Plan of Operation.* (25 points) The Secretary reviews each application to determine the quality of the plan of operation for the project, including the extent to which:

(1) The design of the project is of high quality;

(2) The plan of management ensures proper and efficient administration of the project;

(3) The applicant plans to use its resources and personnel effectively to achieve each objective; and

(4) The participant will ensure that project participants who are otherwise eligible to participate are selected without regard to race, color, national origin, sex, age, or handicapping condition.

(d) *Quality of Key Personnel.* (15 points)

(1) The Secretary reviews each application to determine the qualifications of the key personnel that the applicant plans to use on the project, including:

(i) The qualifications of the project director;

(ii) The qualifications of the other key personnel to be used in the project;

(iii) The time that each person referred to in paragraphs (d)(1)(i) and (ii) of this section will commit to the project; and

(iv) How the applicant, as part of its nondiscriminatory employment practices, will ensure that its personnel are selected for employment without regard to race, color, national origin, gender, age, or handicapping condition.

(2) To determine personnel qualifications, under paragraphs (d)(1)(i) and (ii) of this section, the Secretary considers:

(i) Experience and training in fields related to the objectives of the project; and

(ii) Any other qualifications that pertain to the quality of the project.

(e) *Budget and Cost Effectiveness.* (5 points) The Secretary reviews each application to determine the extent to which:

(1) The budget for the project is adequate to support the project activities; and

(2) Costs are reasonable in relation to the objectives of the project.

(f) *Evaluation Plan.* (5 points) The Secretary reviews each application to determine the quality of the evaluation plan for the project, including the extent to which the methods of evaluation—

(1) Are appropriate for the project; and

(2) To the extent possible, are objective and produce data that are quantifiable.

Note: A strong evaluation plan should be included in the application narrative and should be used, as appropriate, to shape the development of the project from the beginning of the grant period. The plan should describe what methods will be used to collect data, what data will be collected, and when. It should identify benchmarks that will be used to monitor progress toward achieving project objectives and outcome measures. Applicants are encouraged to devote an appropriate level of resources to project evaluation.

(g) *Adequacy of Resources.* (5 points) The Secretary reviews each application to determine the adequacy of the resources that the applicant plans to devote to the project, including facilities, equipment, and supplies.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Additional factors we consider in selecting an application for an award are as follows: The Training and Advisory Services Program will award one EAC grant per geographical region. *See* 34 CFR 272.31(b).

3. *Special Conditions:* Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary

under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* The Department has established the following Government Performance and Results Act of 1993 (GPRA) performance measures for the Training and Advisory Services—Equity Assistance Centers program, adapted from a set of common measures developed to help assess performance across the Department's technical assistance programs:

Program Goal: To support access and equity in public schools and help school districts solve equity problems in education related to race, gender, and national origin.

Objective 1: Provide high-quality technical assistance and training to public school districts in addressing equity in education.

Measure 1: The percentage of customers of EACs that develop, implement, or improve their policies or practices, or both, in eliminating, reducing, or preventing harassment, conflict, and school violence.

Measure 2: The percentage of customers of EACs that develop, implement, or improve their policies or practices, or both, ensuring that students of different race, sex, and national origin have equitable opportunity for high-quality instruction.

Measure 3: The percentage of customers of EACs that report the products and services they received from the EACs are of high quality.

Measure 4: The percentage of customers who report that the products and services they received from the EACs are of high usefulness to their policies and practices.

All grantees will be expected to submit, as part of their annual and final performance reports, quantitative data documenting their progress with regard to these performance measures.

5. *Continuation Awards:* In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the

assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
