

numbers of marine mammals would be taken, relative to the population size of the affected species or stocks.

Unmitigable Adverse Impact Analysis and Determination

There are no relevant subsistence uses of the affected marine mammal stocks or species implicated by this action. Therefore, NMFS has determined that the total taking of affected species or stocks would not have an unmitigable adverse impact on the availability of such species or stocks for taking for subsistence purposes.

Endangered Species Act

Section 7(a)(2) of the Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et seq.*) requires that each Federal agency insure that any action it authorizes, funds, or carries out is not likely to jeopardize the continued existence of any endangered or threatened species or result in the destruction or adverse modification of designated critical habitat. To ensure ESA compliance for the issuance of IHAs, NMFS consults internally whenever we propose to authorize take for endangered or threatened species.

No incidental take of ESA-listed species is proposed for authorization or expected to result from this activity. Therefore, NMFS has determined that formal consultation under section 7 of the ESA is not required for this action.

Proposed Authorization

As a result of these preliminary determinations, NMFS proposes to issue an IHA to Phillips 66 for conducting in-water pile driving activities at the Phillips 66 Ferndale Refinery Dock in Ferndale Washington from August 1, 2024 through July 31, 2025, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated. A draft of the proposed IHA can be found at: <https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities>.

Request for Public Comments

We request comment on our analyses, the proposed authorization, and any other aspect of this notice of proposed IHA for the proposed construction activities. We also request comment on the potential renewal of this proposed IHA as described in the paragraph below. Please include with your comments any supporting data or literature citations to help inform decisions on the request for this IHA or a subsequent renewal IHA.

On a case-by-case basis, NMFS may issue a one-time, 1-year renewal IHA following notice to the public providing an additional 15 days for public comments when (1) up to another year of identical or nearly identical activities as described in the Description of Proposed Activity section of this notice is planned or (2) the activities as described in the Description of Proposed Activity section of this notice would not be completed by the time the IHA expires and a renewal would allow for completion of the activities beyond that described in the *Dates and Duration* section of this notice, provided all of the following conditions are met:

- A request for renewal is received no later than 60 days prior to the needed renewal IHA effective date (recognizing that the renewal IHA expiration date cannot extend beyond 1 year from expiration of the initial IHA),

- The request for renewal must include the following:

1. An explanation that the activities to be conducted under the requested renewal IHA are identical to the activities analyzed under the initial IHA, are a subset of the activities, or include changes so minor (*e.g.*, reduction in pile size) that the changes do not affect the previous analyses, mitigation and monitoring requirements, or take estimates (with the exception of reducing the type or amount of take), and

2. A preliminary monitoring report showing the results of the required monitoring to date and an explanation showing that the monitoring results do not indicate impacts of a scale or nature not previously analyzed or authorized, and

- Upon review of the request for renewal, the status of the affected species or stocks, and any other pertinent information, NMFS determines that there are no more than minor changes in the activities, the mitigation and monitoring measures will remain the same and appropriate, and the findings in the initial IHA remain valid.

Dated: June 18, 2024.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Evaluation of Public Visitors' Experience at the National Marine Sanctuaries Visitor Centers and Exhibits

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before August 26, 2024.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at NOAA.PRA@noaa.gov. Please reference OMB Control Number 0648-0582 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Dr. Giselle Samonte, Economist, NOAA Office of National Marine Sanctuaries, 1305 East West Highway, SSMC4, 10th Floor, Silver Spring, MD 20910; (301) 427-8606 or email address: Giselle.Samonte@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Office of National Marine Sanctuaries (ONMS) is requesting revision and extension of a currently approved information collection. The evaluation of visitor demographics, experiences, and opinions about visitor centers and exhibits is needed to support the conservation, education, and management goals of ONMS to strengthen and improve the

stewardship, sustainable use, and protection of natural, cultural, and historical resources. Under the jurisdiction of ONMS and to satisfy legal mandates, the National Oceanic and Atmospheric Administration (NOAA) is authorized to conduct evaluations, such as this information collection, under section 314(c) of the American Innovation and Competitiveness Act to ensure education programs have measurable objectives and milestones as well as clear, documented metrics for evaluating its programs.

For example, the Mokuāpapa Discovery Center (Center) is an outreach arm of Papahānaumokuākea Marine National Monument that reaches more than 75,000 people each year in Hilo, Hawai'i. The Center was created almost two decades ago to help raise support for the creation of a national marine sanctuary in the Northwestern Hawaiian Islands. Since that time, the area has been proclaimed a marine national monument and the main messages we are trying to share with the public have changed to better reflect the new monument status, UNESCO World Heritage status, and the joint management by the three co-trustees of the monument.

ONMS recently updated its Strategic Plan and has identified a lack of information on the effectiveness of its education, outreach, and communications initiatives as they relate to sanctuary/monument visitor centers, exhibits (permanent or traveling/temporary), kiosks, and educational programming conducted by its visitor centers and partner facilities.

We therefore are conducting an optional exit survey to determine if people visiting ONMS' visitor centers and exhibits are receiving our new messages. ONMS is requesting to conduct a survey to evaluate patron acuity to determine successful concept attainment. Conducting thorough evaluations will aid in vital decisions regarding exhibit renovation, new exhibits, interpretation programs, and educational content.

II. Method of Collection

Information collection is voluntary via completion of an ONMS Visitor Center and Exhibit Survey provided at the ONMS and Partner Outreach Facilities.

III. Data

OMB Control Number: 0648–0582.

Form Number(s): None.

Type of Review: Regular (extension of current information collection).

Affected Public: Individuals or households.

Estimated Number of Respondents: 8,750.

Estimated Time per Response: Center Survey: 8 minutes; Visitor and Exhibit Survey: 12 minutes.

Estimated Total Annual Burden Hours: 1,734.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Voluntary.

Legal Authority: National Marine Sanctuary Act.

IV. Request for Comments

We are soliciting public comments to permit ONMS to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department of Commerce, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this information collection request. Before including your address, phone number, email address, or other personal identifying information in your comment, please be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Undersecretary for Economic Affairs, Commerce Department.

CONSUMER FINANCIAL PROTECTION BUREAU

[Docket No: CFPB–2024–0025]

Privacy Act of 1974; System of Records

AGENCY: Consumer Financial Protection Bureau.

ACTION: Notice of a modified system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, the Consumer Financial Protection Bureau (CFPB) proposes to modify Privacy Act System of Records “CFPB.027—Emergency Notification System.” This modified system will collect contact information from current employees and contractors of CFPB to be used in the event of an emergency. The information will also be used for administrative purposes to ensure quality control, performance, and improving management processes.

DATES: Comments must be received no later than July 25, 2024. The modified system of records will be effective August 5, 2024 unless the comments received results in a contrary determination.

ADDRESSES: You may submit comments, identified by the title and docket number (see above Docket No. CFPB–2024–0025), by any of the following methods:

- *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

- *Email:* privacy@cfpb.gov. Include Docket No. CFPB–2024–0025 in the subject line of the email.

- *Mail/Hand Delivery/Courier:* Kathryn Fong, Chief Privacy Officer, Consumer Financial Protection Bureau, 1700 G Street NW, Washington, DC 20552. Because paper mail in the Washington, DC area and at CFPB is subject to delay, commenters are encouraged to submit comments electronically.

All submissions must include the agency name and docket number for this notice. In general, all comments received will be posted without change to <https://www.regulations.gov>. All comments, including attachments and other supporting materials, will become part of the public record and subject to public disclosure. You should submit only information that you wish to make available publicly. Sensitive personal information, such as account numbers or Social Security numbers, should not be included.

FOR FURTHER INFORMATION CONTACT:

Kathryn Fong, Chief Privacy Officer, (202) 435–7084. If you require this document in an alternative electronic format, please contact CFPB_Accessibility@cfpb.gov. Please do not submit comments to this email box.

SUPPLEMENTARY INFORMATION: The CFPB is modifying its Privacy Act System of Records Notice (SORN) “CFPB.027—Emergency Notification System” to
