

impact the change will have on project outcomes. Also, a budget request may require documentation showing that materials were more expensive than originally budgeted and substitutes were not available. Upon receiving an amendment request, the EDA engineer/construction manager assigned to the project will evaluate the request and determine what type of documentation is required. The EDA engineer/construction manager will then communicate this to the recipient.

Affected Public: Current recipients of EDA assistance, to include (1) cities or other political subdivisions of a state, including a special purpose unit of state or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (2) states; (3) institutions of higher education or a consortium of institutions of higher education; (4) public or private non-profit organizations or associations; (5) District Organizations; and (6) Indian Tribes or a consortia of Indian Tribes; and (7) (for training, research, and technical assistance awards only) individuals and for profit businesses.

Frequency: Annually.

Respondent's Obligation: Required to obtain or retain benefits.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of

information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Economic Development Administration (EDA).

Title: Property Management.

OMB Control Number: 0610-0103.

Form Number(s): None.

Type of Request: Regular submission (extension of a currently approved information collection).

Number of Respondents: 150.

Average Hours Per Response: 2 hours and 45 minutes.

Burden Hours: 413.

Needs and Uses: A recipient must submit a written request for EDA's approval to undertake an incidental use of property acquired or improved with EDA investment assistance (see 13 CFR 314.3 of EDA regulations). This collection of information allows EDA to determine whether an incidental use of property acquired or improved with EDA investment assistance is appropriate. An incidental use of property: (1) Does not interfere with the scope of the project or the economic purpose for which the investment was made; (2) provided that the recipient is in compliance with applicable law and the terms and conditions of the investment assistance, and (3) the incidental use of the property will not violate the terms and conditions of the investment assistance or otherwise adversely affect the economic useful life of the property. Eligible applicants and recipients should contact the appropriate regional office (whose contact information is available via the Internet at <http://www.eda.gov>) for guidelines on obtaining approval for incidental use of property. If a recipient wishes for EDA to release its real property or tangible personal property interests before the expiration of the property's estimated useful life, the recipient must submit a written request to EDA and disclose the intended future use of the real property or the tangible personal property for which the release is requested (see 13 CFR 314.10 of EDA's regulations). This collection of information allows EDA to determine whether to release its real property or tangible personal property interests.

Affected Public: Current or past recipients of EDA construction (Public Works or Economic Adjustment) assistance, to include (1) cities or other political subdivisions of a state, including a special purpose unit of state or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (2) states; (3) institutions of higher education or a consortium of institutions of higher education; (4)

public or private non-profit organizations or associations; (5) District Organizations; and (6) Indian Tribes or a consortia of Indian Tribes.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: Nicholas Fraser, (202) 395-5887.

Stainless Steel Butt-Weld Pipe Fittings From Italy, Malaysia, and the Philippines: Continuation of Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce and the U.S. International Trade Commission that revocation of the antidumping duty orders on stainless steel butt-weld pipe fittings (butt-weld pipe fittings) from Italy, Malaysia, and the Philippines would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, the Department of Commerce is publishing a notice of continuation of these antidumping duty orders.

DATES: *Effective Date:* July 20, 2012.

FOR FURTHER INFORMATION CONTACT:

Dena Crossland or Angelica Mendoza, AD/CVD Operations Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution

Avenue NW., Washington, DC 20230; telephone: (202) 482–3362 and (202) 482–3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 23, 2001, the Department of Commerce (the Department) published the antidumping duty orders on butt-weld pipe fittings from Italy, Malaysia, and the Philippines.¹ On November 1, 2011, the Department published a notice of initiation of its second five-year (sunset) reviews of the antidumping duty orders on butt-weld pipe fittings from Italy, Malaysia, and the Philippines.²

As a result of these sunset reviews, the Department determined that revocation of the antidumping duty orders on butt-weld pipe fittings from Italy, Malaysia, and the Philippines would likely lead to continuation or recurrence of dumping and, therefore, notified the U.S. International Trade Commission (Commission) of the magnitude of the margins likely to prevail should these orders be revoked.³

On July 5, 2012, the Commission published its determination in the **Federal Register**, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), that revocation of the antidumping duty orders on butt-weld pipe fittings from Italy, Malaysia, and the Philippines would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the Orders

For purposes of the orders, the product covered is certain stainless steel butt-weld pipe fittings (butt-weld fittings). Butt-weld pipe fittings are under 14 inches in outside diameter (based on nominal pipe size), whether finished or unfinished. The product encompasses all grades of stainless steel and “commodity” and “specialty” fittings. Specifically excluded from the definition are threaded, grooved, and

bolted fittings, and fittings made from any material other than stainless steel.

The butt-weld fittings subject to the orders are generally designated under specification ASTM A403/A403M, the standard specification for Wrought Austenitic Stainless Steel Piping Fittings, or its foreign equivalents (e.g., DIN or JIS specifications). This specification covers two general classes of fittings, WP and CR, of wrought austenitic stainless steel fittings of seamless and welded construction covered by the latest revision of ANSI B16.9, ANSI B16.11, and ANSI B16.28. Butt-weld fittings manufactured to specification ASTM A774, or its foreign equivalents, are also covered by the orders.

The orders do not apply to cast fittings. Cast austenitic stainless steel pipe fittings are covered by specifications A351/A351M, A743/743M, and A744/A744M.

The butt-weld fittings subject to the orders are currently classifiable under subheading 7307.23.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the orders is dispositive.

Continuation of the Orders

As a result of the determinations by the Department and the Commission that revocation of the antidumping duty orders would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders on butt-weld pipe fittings from Italy, Malaysia, and the Philippines.

U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of these orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next sunset reviews of these orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

These sunset reviews and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: July 11, 2012.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.
