SUPPLEMENTARY INFORMATION:

Title: Forest Landscape Value and Special Place Mapping for National Forest Planning.

OMB Number: 0596-NEW.

Type of Request: New.

Abstract: The Forest Service is proposing to augment the public participation process for revision of national forest land management plans by collecting data about the nature and location of landscape values and special places recognized by the public on national forest lands. Over the next 3 years, up to 20 national forest units (4-6 units per year) will collect the aforementioned information as part of the national forest plan revision public participation process. The forest plan revision includes determining public

desire for use (along with suitability of areas for different uses), identification of special areas, collaboration with the public, and monitoring for adaptive management.

Primarily using an Internet-based geographic information system (GIS), national forests will invite the public to share values regarding specific forest landscapes and special places. A comparable paper-based option, suitable for use in mail back surveys and focus group meetings, may be provided to individuals who do not have access to the Internet or as an alternative primary means of collecting data.

The information will be used in the revision of specific national forest plans. Forest planners and managers will use the collected information to develop land management plans that are consistent with public values, while working within the regulatory framework. The data collected would provide Forest Service managers with a new, systematic science-based tool for collecting and analyzing public opinion about desired forest conditions and use of specific geographic forest locations. Survey results will be useful in gauging public support for proposed forest management options and in collaborative and participatory approaches to planning. While the collection is designed to assist with development of forest land management plans under NFMA, the information collected could be used in a variety of forest planning processes (i.e., travel management and recreation facilities planning) and projects.

The legal authorities supporting the collection of this information include the National Environmental Policy Act (NEPA) of 1969, the National Forest Management Act (NFMA) of 1976, and the proposed 2008 NFMA Planning Rule (36 CFR part 219).

Estimate of Annual Burden: 20 minutes.

Type of Respondents: Individuals; state, county, and tribal governments; as well as for-profit and non-profit entities.

Estimated Annual Number of Respondents: 3,500 (average of 3 years).

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 1,167 (average of 3 years).

Comment Is Invited

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the

collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Nineteen of NAFTA in order to increase
its efficiency and effectiveness.

DATES: *Effective Date:* These

shall apply to all binational panel
proceedings commenced by a Request
for Panel Review filed with the NAFTA

SUPPLEMENTARY INFORMATION:**Background**

Chapter Nineteen of NAFTA
establishes a mechanism for replacing
judicial review of final antidumping and
countervailing duty determinations
involving imports from Canada, Mexico
or the United States with review by
independent binational panels. If
requested, these panels will review final
determinations to determine whether
they are consistent with the
antidumping or countervailing duty law
of the importing country. Title IV of the
North American Free Trade Agreement
Implementation Act of 1993, Public Law
No. 103–182, 107 Stat. 2057, amended
United States law to implement Chapter
Nineteen of the Agreement. *See, e.g.*, 19
U.S.C. 3431 *et. seq.*; *see also* 19 CFR
356.1, *et. seq.*

The *NAFTA Rules of Procedure for
Article 1904 Binational Panel Reviews*
are intended to give effect to the panel
review provisions of Chapter Nineteen
of the Agreement by setting forth the
procedures for commencing,
conducting, and completing panel
reviews. Originally published in 1994,
these rules were the result of
negotiations among Canada, Mexico,
and the United States in compliance
with the terms of the Agreement. *See
North American Free Trade Agreement:
Rules of Procedure for Article 1904
Binational Panel Reviews*, 59 Fed. Reg.
8685 (Feb. 23, 1994). In August 2007,
Canada, Mexico, and the United States,
through the NAFTA Free Trade
Commission, agreed to amend the
*NAFTA Rules of Procedure for Article
1904 Binational Panel Reviews*. These
amendments provide technical changes
to the rules based on changes in the
governments of Canada and Mexico.
These amendments also provide
technical changes based on the
experience of the NAFTA Secretariats
and participants in the binational
review process. In addition and
consistent with the agreement reached
through the NAFTA Free Trade
Commission, these amendments require
a participant other than an individual
(*e.g.*, corporate persons) to be
represented by a counsel of record.

The *NAFTA Rules of Procedure for
Article 1904 Binational Panel Reviews*
are amended as described below.
Following a description of the
amendments is a reproduction of the
rules incorporating these amendments.

Chapter 19 dispute resolution
provisions are also available at: [http://
