Abstract of Proposed Collection

This request for a new information collection will allow ECA/P/V to conduct a survey to provide data not currently available in order to review the experiences of recipients of the Benjamin A. Gilman International Scholarship grant while they were abroad; study the ways in which they shared what they learned with family, peers, and other community members upon returning to the United States; and investigate whether the international experience factored into their subsequent educational and professional choices. This study is authorized by the Mutual Educational and Cultural Exchange Act of 1961, as amended (also known as the Fulbright-Hays Act) (22 U.S.C. 2451 *et seq.*). The survey will be sent electronically to all grant recipients who studied abroad during the nine-year period spanning the 2002/2003 and 2010/2011 academic years. Data gathered will enable analysis that can potentially be used to design new programs, improve existing programs, and to inform ongoing and future activities.

Methodology

The survey will be entirely web-based to ease any burden on the participant. The survey will be distributed and responses received electronically using the survey application SurveyGizmo.
