

assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Any questions concerning this application may be directed to William A. Lang, President, East Cheyenne Gas Storage, LLC, 10370 Richmond Avenue, Suite 510, Houston, Texas 77042, by Telephone: (713) 403-6460 or Facsimile: (713) 403-6461.

East Cheyenne requests that the Commission grant the requested authorizations and related approvals prior to July 9, 2012. By issuing an order by this date, the Commission will facilitate East Cheyenne's efficient and timely development of storage capacity at its East Cheyenne Gas Storage Project. East Cheyenne states that it does not propose any change in the working gas capacity, injection rates or withdrawal rates authorized by the Commission in the original certificate order, as amended, in this Application.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of

all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC

Online service, please email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

## **DEPARTMENT OF ENERGY**

### **Federal Energy Regulatory Commission**

**[Docket No. CP12-111-000]**

#### **CenterPoint Energy Gas Transmission Company, LLC; Notice of Application**

Take notice that on April 4, 2012, CenterPoint Energy Gas Transmission Company, LLC (CEGT), 1111 Louisiana Street, Houston, Texas 77002-5231, filed in Docket No. CP12-111-000 an application pursuant to section 7 of the Natural Gas Act (NGA), as amended, to abandon and remove the Tate Island compressor station in Johnson County, Arkansas, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be also viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERCOnline Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

CEGT proposes to abandon the Tate Island compressor station, which is located on CEGT's Line B in Johnson County. CEGT would remove two rented 400 horsepower (HP) Caterpillar G3412 reciprocating compressor units and associated auxiliary facilities. CEGT states that natural gas currently flows through Line B and is compressed at the Tate Island compressor station before flowing via Line B for further compression at CEGT's Piney compressor station in Pope County, Arkansas, for delivery into CEGT's Line J. CEGT also states that it has determined that it would be more cost effective to abandon the Tate Island compressor station and use the Piney compressor station for the necessary compression. CEGT further states that this rearrangement of compression facilities would create savings on monthly rental costs and not degrade service on CEGT's system. CEGT

estimates that it would cost \$401,810 to abandon the Tate Island facilities.

Any questions regarding this application should be directed to Michele Willis, Manager, Regulatory & Compliance, CenterPoint Energy Gas Transmission Company, LLC, P.O. Box 21734, Shreveport, Louisiana 71151, or via telephone at (318) 429-3708.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. EL12-55-000]

#### **SIG Energy, LLLP v. California Independent System Operator Corporation; Notice of Complaint**

Take notice that on April 4, 2012, pursuant to section 206 of the Federal Energy Regulatory Commission's (Commission) Rules and Practice and Procedure, 18 CFR 385.206 and sections 206 and 306 of the Federal Power Act, 16 U.S.C. 824(e) and 825(e), SIG Energy, LLLP (Complainant) filed a formal complaint against the California Independent System Operator Corporation (Respondent) alleging that the Respondent violated its open access transmission tariff (OATT) and the Respondent's determination of the settlement price for congestion revenue rights contracts at certain pricing nodes on certain dates in August 2011 resulted in unjust and unreasonable rates, in violation of the filed rate doctrine and the Respondent's OATT and related Business Practice Manuals.

The Complainant certifies that public version copies of the complaint were served on the contacts for the Respondent as listed on the Commission's list of Corporate Officials and on the California Public Utilities Commission.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the

appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.
