NUCLEAR REGULATORY COMMISSION

[Docket No. 50-346; License No. NPF-3; NRC-2010-0253]

Firstenergy Nuclear Operating Company; Request for Licensing Action

Notice is hereby given that by petition dated April 5, 2010, David Lochbaum (petitioner) has requested that the Nuclear Regulatory Commission (NRC) take action with regard to Davis-Besse Nuclear Power Station, Unit 1. The petitioner requests the NRC to issue a Show Cause Order (or comparable enforcement action), to the licensee for the Davis-Besse nuclear plant in Ohio, preventing the reactor from restarting until such time that the NRC determines applicable adequate protection standards have been met and reasonable assurance exists that these standards will continue to be met after operation is resumed.

As the basis for this request, the petitioner states that the Davis-Besse licensee has repeatedly violated Federal regulations and the explicit conditions of its operating license by operating with pressure boundary leakage longer than 6 hours.

The request is being treated pursuant to Title 10 of the *Code of Federal Regulations* Section 2.206 of the Commission's regulations. The request has been referred to the Director of the Office of Nuclear Reactor Regulation. As provided by Section 2.206, appropriate action will be taken on this petition within a reasonable time. A copy of the petition is available for inspection at the

Commission's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible from the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>. SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB) to request a revision to a currently approved collection of information: OMB 3220-0039, RUIA Applications, consisting of RRB Form(s) SI-1a, Application for Sickness Benefits; SI-1b, Statement of Sickness; SI-3, Claim for Sickness Benefits; SI-7, Supplemental Doctor's Statement; SI-8, Verification of Medical Information; ID-7h, Non-Entitlement to Sickness Benefits; ID-11a, Requesting Reason for Late Filing of Sickness Benefit; and ID-11b, Notice of Insufficient Medical and Late Filing. Completion of the forms is required to obtain or retain benefits. A minimum of one response is required of each respondent. Our ICR describes the

information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collection of information to determine (1) The practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if RRB and OIRA receive them within 30 days of publication date.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (75 FR No. 59 Pages 15464 on March 29, 2010) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.
