Type of Request: Extension of a currently approved information collection.

Abstract: The Complaints and Compensation for Construction Defects program under Section 509C of Title V of the Housing Act of 1949, as amended, provides funding to eligible persons who have structural defects with their Agency financed homes to correct these problems. Structural defects are defects in the dwelling, installation of a manufactured home, or a related facility or a deficiency in the site or site development which directly and significantly reduces the useful life, habitability, or integrity of the dwelling or unit. The defect may be due to faulty material, poor workmanship, or latent causes that existed when the dwelling or unit was constructed. The period in which to place a claim for a defect is within 18 months after the date that financial assistance was granted. If the defect is determined to be structural and is covered by the builder's/dealer's-contractor's warranty, the contractor is expected to correct the defect. If the contractor cannot or will not correct the defect, the borrower may be compensated for having the defect corrected, under the Complaints and Compensation for Construction Defects program. Provisions of this subpart do not apply to dwellings financed with Section 502 Guaranteed loans.
