SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-96534; File No. SR-NASDAQ-2022-074]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Implementation Date of Nasdaq's Post-Trade Risk Management Product to Q2 2023

December 19, 2022.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 8, 2022, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the implementation date of its Post-Trade Risk Management product to Q2 2023.

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/nasdaq/rules>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is filing this proposal to extend the implementation date of its Post-Trade Risk Management tool to Q2 2023.

Nasdaq proposed to enhance its connectivity, surveillance and risk management services by launching three re-platformed products: (i) WorkX, (ii) Real-Time Stats and (iii) Post-Trade Risk Management. These changes were filed by Nasdaq on April 20, 2021 and published in the **Federal Register** on May 7, 2021.³

Nasdaq initially proposed that WorkX and Real-Time Stats would launch on April 12, 2021 and Post-Trade Risk Management would launch no later than Q3 2021.⁴ Due to re-prioritization in the Nasdaq product pipeline, on September 14, 2021, Nasdaq proposed to delay the implementation date of Post-Trade Risk Management until Q1 2022.⁵ On March 31, 2022, Nasdaq proposed to delay the implementation date from Q1 2022 to Q2 2022.⁶ On June 30, 2022, Nasdaq proposed an additional delay until Q4 2022.⁷ Due to continued re-prioritization, Nasdaq is further

delaying the implementation of Post-Trade Risk Management until Q2 2023.⁸ The Exchange will announce the new implementation date in an Equity Trader Alert at least ten days in advance of implementing the Post-Trade Risk Management product.

2. Statutory Basis

The Exchange believes that its proposal is consistent with section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The purpose of this proposal is to modify the timing of the planned implementation for the Post-Trade Risk Management product and to inform the SEC and market participants of that change. The introduction of the Post-Trade Risk Management product was proposed in a rule filing that was submitted to the SEC, and the Exchange is not proposing with this filing, any changes other than to modify the implementation date for the Post-Trade Risk Management product. Nasdaq is delaying the implementation date in order to complete testing in line with Nasdaq's re-prioritized product pipeline.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As explained above, the purpose of this proposal is to modify the timing of the planned implementation for the Post-Trade Risk Management product and to inform the SEC and market participants of that change. The existing Nasdaq Risk Management product will continue to be available, and the implementation delay will impact all market participants equally. The Exchange does not expect the date change to place any burden on competition and clearing brokers will continue to have use of Nasdaq Risk Management service to monitor correspondent activity against limit settings and manage credit risk exposure.

⁸ As a result of the delay, the Exchange is designating Equity 7, Section 116-A, the Post-Trade Risk Management Rule, to be operative in Q2 2023.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A)(iii) of the Act¹¹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-473, OMB Control No. 3235-0530]

Proposed Collection; Comment Request; Extension: Rule 32a-4

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit these existing

collections of information to the Office of Management and Budget ("OMB") for extension and approval.

Section 32(a)(2) of the Investment Company Act of 1940 (15 U.S.C. 80a 31(a)(2)) ("Act") requires that the selection of a registered management investment company's or registered face-amount certificate company's (collectively, "funds") independent public accountant be submitted to shareholders for ratification or rejection. Rule 32a-4 under the Investment Company Act (17 CFR 270.32a-4) exempts a fund from this requirement if, among other things, the fund has an audit committee consisting entirely of independent directors. The rule permits continuing oversight of a fund's accounting and auditing processes by an independent audit committee in place of a shareholder vote.

Among other things, in order to rely on rule 32a-4, a fund's board of directors must adopt an audit committee charter and must preserve that charter, and any modifications to the charter, permanently in an easily accessible place. The purpose of these conditions is to ensure that Commission staff will be able to monitor the duties and responsibilities of an audit committee of a fund relying on the rule.

Commission staff estimates that on average the board of directors takes 15 minutes to adopt the audit committee charter. Commission staff has estimated that with an average of 9 directors on the board,¹ total director time to adopt the charter is 2.25 hours. Combined with an estimated 1/2 hour of paralegal time to prepare the charter for board review, the staff estimates a total one-time collection of information burden of 2.75 hours for each fund. Once a board adopts an audit committee charter, the charter is preserved as part of the fund's records. Commission staff estimates that there is no annual hourly burden associated with preserving the charter in accordance with this rule.²

Because virtually all existing funds have now adopted audit committee charters, the annual one-time collection of information burden associated with adopting audit committee charters is limited to the burden incurred by newly established funds. Commission staff estimates that fund sponsors establish approximately 120 new funds each

¹² 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹ This estimate is based on staff experience and on discussions with a representative of an entity that surveys funds and calculates fund board statistics based on responses to its surveys.

² This estimate is based on staff experience and discussions with funds regarding the hour burden related to maintenance of the charter.
