[Release No. 34-65777; File No. SR-Phlx-2011-151]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Professional Routing Fee to the BATS Exchange, Inc.

November 17, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 8, 2011, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Professional Routing Fee governing pricing for Exchange members using the Phlx XL II system,³ for routing standardized equity and index option Professional orders to the BATS Exchange, Inc. ("BATS") for execution.

While changes to the Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative on December 1, 2011.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqtrader.com/micro.aspx?id=PHLXfilings>, at the principal office of the Exchange, on the Commission's Web site at <http://www.sec.gov/>, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to recoup costs that the Exchange incurs for routing and executing Professional orders in equity and index options to BATS. The Exchange's Fee Schedule includes Routing Fees for routing and executing Customer and Professional orders to away markets. The Exchange currently assesses a Professional Routing Fee of \$0.36 per contract for option orders that are routed to BATS.⁴ BATS recently adopted a definition for a professional and amended its Fee Schedule to assess a fee of \$.42 for professionals that remove liquidity from BATS Options.⁵ The Exchange is proposing to amend its Professional Routing Fee to BATS to recoup this fee.

In May 2009, the Exchange adopted Rule 1080(m)(iii)(A) to establish Nasdaq Options Services LLC ("NOS"), a member of the Exchange, as the Exchange's exclusive order router.⁶ NOS is utilized by the Phlx XL II system solely to route orders in options listed and open for trading on the Phlx XL II system to destination markets. Each time NOS routes to away markets NOS is charged a \$0.06 clearing fee and, in the case of certain exchanges, a transaction fee is also charged in certain symbols, which fees are passed through to the Exchange. The Exchange is proposing this amendment in order to recoup clearing and transaction charges incurred by the Exchange when Professional orders are routed to BATS.⁷ The Exchange proposes to recoup the \$.42 per contract professional taker fee for option orders that are routed to BATS along with the \$0.06 clearing fee

which is incurred by the Exchange, as explained herein.

As with all fees, the Exchange may adjust these Routing Fees in response to competitive conditions by filing a new proposed rule change.

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(4) of the Act⁹ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange believes that this fee is reasonable because it seeks to recoup costs that are incurred by the Exchange when routing Professional orders to BATS on behalf of its members. Each destination market's transaction charge varies and there is a standard clearing charge for each transaction incurred by the Exchange. The Exchange believes that the proposed Routing Fee would enable the Exchange to recover the professional taker fee assessed by BATS, plus clearing fees for the execution of Professional orders. The Exchange also believes that the proposed Routing Fee is equitable and not unfairly discriminatory because it would be uniformly applied to all Professionals.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹⁰ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission

takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File No. SR-Phlx-2011-151 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File No. SR-Phlx-2011-151. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. ⁴ The Exchange currently assesses a Customer Routing Fee of \$0.36 per contract for option orders that are routed to BATS. This fee will remain the same.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65776; File No. SR-Phlx-2011-131]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Order Granting Approval of Proposed Rule Change Expanding the Short Term Option Series Program

November 17, 2011.

I. Introduction

On September 28, 2011, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to expand the Short Term Option Program ("Program") to allow the Exchange to: (1) Select up to 30 option classes on which Short Term Option Series ("STO Series") may be listed; and (2) open Short Term Option Series that are opened by other securities exchanges in option classes selected by such exchanges under their respective short term option rules. The proposed rule change was published for comment in the **Federal Register** on October 17, 2011.³ The Commission received no comment letters on the proposal. This order approves the proposed rule change.

II. Description of the Proposal

The Exchange proposed to amend Rule 1012 (Series of Options Open for Trading) and Rule 1101A (Terms of Option Contracts) to expand the Short Term Option Series Program ("STO Program" or "Program") to: (1) Increase from 15 to 30 the number of option classes on which STO Series may be opened; and (2) allow the Exchange to open STO Series that are opened by other securities exchanges (the "STO Exchanges") in option classes selected by such exchanges under their respective short term option rules.

In the Notice, the Exchange stated that the principal reason for the proposed expansion is market demand for additional STO classes and series. The Exchange stated that it has had to turn away STO customers because it could not list, or had to delist, STO Series or could not open adequate STO Series because of restrictions in the STO Program.

The Exchange also stated that it has analyzed its capacity, and represented that it and the Options Price Reporting Authority ("OPRA") have the necessary systems capacity to handle the potential additional traffic associated with trading of an expanded number of classes in the Program.

III. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁴ Specifically, the Commission finds that the proposal is consistent with Section 6(b)(5) of the Act,⁵ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission believes that the proposal strikes a reasonable balance between the Exchange's desire to offer a wider array of investment opportunities and the need to avoid unnecessary proliferation of options series.

In approving this proposal, the Commission notes that Exchange has represented that it and OPRA have the necessary systems capacity to handle the potential additional traffic associated with trading of an expanded number of classes in the Program. The Commission expects the Exchange to monitor the trading volume associated with the additional options series listed as a result of this proposal and the effect of these additional series on market fragmentation and on the capacity of the Exchange's, OPRA's, and vendors' automated systems.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁶ that the proposed rule change (SR-Phlx-2011-131) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁷

Deputy Secretary.
