Public Availability of Comments

All comments and materials we receive, including names and addresses, will become part of the administrative record and may be released to the public. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Next Steps

We provide this notice under section 10(a) of the Act and Service regulations for implementing the National Environmental Policy Act of 1969 (40 CFR 1506.6). We will evaluate the permit application, associated documents, and comments we receive to make a final determination regarding whether the application meets the requirements of section 10(a)(1)(B) of the Act. We will also evaluate whether issuance of a section 10(a)(1)(B) ITP would comply with section 7 of the Act by conducting an intra-service consultation. We will use the results of our intra-Service consultation, in combination with the above findings, in our final analysis to determine whether to issue the ITP. If the requirements and issuance criteria are met under section 10(a), we will issue the ITP to the applicant to authorize incidental take of the covered species. We will make a permit decision no sooner than 30 days after the date of this notice.

Authority

We provide this notice under section 10 of the Act (16 U.S.C. 1531 *et seq.*) and NEPA regulations (40 CFR 1506.6).
