33 CFR Part 117

[Docket No. USCG-2009-1129]

Drawbridge Operation Regulation; Inner Harbor Navigational Canal, New Orleans, LA

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Senator Ted Hickey (Leon C. Simon) Bascule Bridge across the Inner Harbor Navigational Canal, mile 4.6, at New Orleans, LA. The deviation is necessary to ensure the safety of pedestrians as they bike across the bridge for the Ochsner Ironman 70.3 New Orleans event. This deviation allows the bridge to remain closed during the event.

DATES: This deviation is effective from 5 a.m. to 2 p.m. on April 18, 2010.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG-2009-1129 and are available online by going to <http://www.regulations.gov>, inserting USCG-2009-1129 in the "Keyword" box and then clicking "Search". They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: The bridge owner approved the request for the closure of the Senator Ted Hickey (Leon C. Simon) Bascule Bridge on Seabrook Highway crossing the Inner Harbor Navigational Canal, mile 4.6, in New Orleans, LA. In the closed-to-navigation position, the vertical clearance of the bridge is 45 feet above mean sea level. Currently, according to 33 CFR 117.458 (c), The draw of the Leon C. Simon Blvd. (Seabrook) bridge, mile 4.6, shall open on signal; except that, from 7 a.m. to 8:30 a.m. and 5 p.m. to 6:30 p.m. Monday through Friday, the draw need not be opened. This deviation allows the draw span of the bridge to remain closed to navigation between 5 a.m. and 2 p.m. on April 18, 2010 while the Ironman contenders travel across the bridge as part of the 56 mile bike course. Navigation on the waterway consists mainly of tugs with tows. As a result of coordination between the Coast Guard and the waterway users, it has been determined that this closure will not have a significant effect on these vessels. The Coast Guard will inform users through the Local and Broadcast Notice to Mariners of the closure period. There are alternate routes available to vessel traffic. Vessels that can pass under the bridge in the closed-to-navigation position can do so at any time. The bridge will not be able to open for emergencies.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

This action is consistent with changes in a recent law governing postal operations. I. Introduction

The Postal Service seeks to add a new product identified as Inbound International Expedited Services 1 to the Competitive Product List. For the reasons discussed below, the Commission approves the Request, but designates the new product as Inbound International Expedited Services 3.

II. Background

On November 20, 2009, the Postal Service filed a request pursuant to 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.* to add Inbound International Expedited Services 1 to the Competitive Product List.¹ The Postal Service asserts that Inbound International Expedited Services 1 is a competitive product within the meaning of 39 U.S.C. 3632(b)(3).

The Postal Service states that prices and classifications underlying these rates are supported by Governors' Decision No. 08-5.² *Id.* at 1-2. This Request has been assigned Docket No. MC2010-13.

The Postal Service states that Governors' Decision No. 08-5 establishes the prices for Inbound International Expedited Services 1 and the changes in classification "not of

general applicability" necessary to implement those prices. *Id.* at 1.

The Postal Service contemporaneously filed notice, pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5, that it has entered into a contractual bilateral agreement (Agreement) governing bilateral rates for Express Mail Service (EMS) with China Post Group, the public postal operator in the People's Republic of China. The Postal Service states that the supporting financial materials included in this filing indicate that the inbound EMS rates comply with the requirements of 39 U.S.C. 3633(a). *Id.* at 2. The rates as established in the bilateral agreement are assigned Docket No. CP2010-12.

In support of its Request, the Postal Service filed the following materials: (1) An application for non-public treatment of pricing and supporting documents filed under seal;³ (2) a redacted version of Governors' Decision No. 08-5 establishing prices and classifications for services offered under EMS bilateral/multilateral agreements; Mail Classification Schedule (MCS) language applicable to Inbound EMS bilateral/multilateral agreements; formulas for inbound prices under EMS bilateral/multilateral agreements; and an analysis of the formulas, certification of the Governors' vote, and certification of compliance with 39 U.S.C. 3633(3)(a);⁴ (3) a redacted version of the China Post Group bilateral agreement;⁵ (4) certification of prices for the bilateral agreement;⁶ and (5) a Statement of Supporting Justification as required by 39 CFR 3020.32.⁷

On June 1, 2008, the Postal Service filed notice of Governors' Decision No. 08-5 in Docket Nos. CP2008-6 and CP2008-7.⁸ These dockets gave notice of a competitive negotiated service agreement with China Post Group covering EMS prices.⁹ In Order No. 84, the Commission added the China Post Agreement as a product not of general applicability to the competitive product list as Inbound International Expedited Services 1.¹⁰ The Postal Service states

the agreement became effective on July 15, 2008, and continued in effect until July 14, 2009. Request at 3. The Postal Service entered into a new agreement with the China Post Group on November 16, 2009. The Postal Service now requests to restore the Inbound International Expedited Services 1 product to the Competitive Product List. *Id.*

The bilateral agreement establishes alternative, negotiated rates to China Post Group for inbound EMS, instead of the EMS 2 product rates that would otherwise be applicable.¹¹ The Postal Service notes that the inbound portion of the bilateral agreement fits within the MCS language included as Attachment A to Governors' Decision No. 08-5. The agreement becomes effective upon completion of all necessary regulatory reviews, but in no case earlier than January 1, 2010. The agreement continues in effect until terminated, which may occur upon 30 days' notice by either party. The negotiated prices are subject to change based upon contingencies included in the agreement. *Id.* at 4. If rates change, the Postal Service will offer China Post Group EMS rates reflecting an adjusted rate. *Id.*

The Postal Service states that the new agreement is functionally equivalent to the prior contract reviewed by the Commission except for different rates that may be applicable to certain flows in the new agreement. *Id.* at 5. It notes the instant agreement exhibits the same cost and market characteristics as the previous agreement. The Postal Service describes minor changes in the instant agreement which include changes in standard clauses due to the Commission's confidentiality rules and other internal issues. *Id.*

In the Statement of Supporting Justification, Kang Zhang, General Manager, Business Development, Asia/Pacific, Global Business Development, asserts that "[t]he addition of [the Bilateral] Agreement as a competitive product will enable the Commission to verify that each contract covers its attributable costs and enables competitive products, as a whole, to make a positive contribution to coverage of institutional costs." He further states that as a result, "no issue of subsidization of competitive products by market dominant products arises." *Id.*, Attachment 5.

¹¹ The Postal Service states that in the absence of this negotiated agreement, EMS rates for calendar year 2010 as reviewed by the Commission in Docket No. CP2009-57 would apply. *Id.* at 4. See Docket No. CP2009-57, Order Concerning Filing of Changes in Rates for Inbound International Expedited Services 2, August 19, 2009.

³ Attachment 1 to the Request.

⁴ Attachment 2 to the Request.

⁵ Attachment 3 to the Request.

⁶ Attachment 4 to the Request.

⁷ Attachment 5 to the Request.

⁸ See Docket Nos. CP2008-6 and CP2008-7, Notice and Order Concerning Prices Under Express Mail International Bilateral/Multilateral Agreements, June 3, 2008. The Commission consolidated Docket No. CP2008-6 with Docket No. CP2008-7 in this Order.

⁹ See Docket No. CP2008-7, Notice of United States Postal Service of Filing an Agreement for Inbound Express Mail International (EMS) Prices, May 20, 2008.

¹⁰ Docket No. CP2008-7, Order Concerning the China Post Group Inbound EMS Agreement, June 27, 2008 (Order No. 84).

¹ Request to Add Inbound International Expedited Services 1 to the Competitive Product List, and Notice of United States Postal Service of Filing China Post Group-United States Postal Service Contractual Bilateral Agreement (Under Seal), November 20, 2009 (Request).

² Governors' Decision No. 08-5, April 1, 2008, established prices for the inbound services offered under Express Mail International bilateral/multilateral agreements.

Joseph Moeller, Manager, Regulatory Reporting and Cost Analysis, Finance Department, certifies that the contract complies with 39 U.S.C. 3633(a). *Id.*, Attachment 4. He asserts that the prices for the China Post Group bilateral agreement "should cover its attributable costs and preclude the subsidization of competitive products by market dominant products." *Id.*

The Postal Service filed much of the supporting materials, including the specific bilateral agreement, under seal. Request at 5. In its Request, the Postal Service maintains that certain portions of the contract, the rates, descriptions of the rates, and related financial information should remain under seal. *Id.*, Attachment 1.

In Order No. 347, the Commission gave notice of the two dockets, appointed a public representative, and provided the public with an opportunity to comment.¹²

III. Comments

Comments were filed by the Public Representative.¹³ No other interested person submitted comments. The Public Representative states that the prices and classifications underlying the rates in the bilateral agreement are supported by Governor's Decision No. 08–5, which was originally filed in Docket Nos. CP2008–6 and CP2008–7. *Id.* at 2. He finds that the agreement appears to be in compliance with 39 CFR 3015.5, 3020.30 and 39 U.S.C. 3632, 3633(a) and 3642. *Id.*

He states that the Postal Service has provided adequate justification for maintaining confidentiality in this case. *Id.* at 2–3. The Public Representative further states that based on review of the supporting data, the agreement satisfies the requirements of 39 U.S.C. 3633(a). *Id.* at 2.

The Public Representative concludes that the bilateral agreement comports with the provisions of title 39 and offers negotiated pricing, dispatch methods, and other negotiated provisions favorable both to the Postal Service and general public. *Id.* at 3.

IV. Commission Analysis

The Commission has reviewed the agreement, the financial analysis provided under seal that accompanies

it, and the comments filed by the Public Representative.

Statutory requirements. The Commission's statutory responsibilities in this instance entail assigning the Agreement to either the Market Dominant Product List or to the Competitive Product List. 39 U.S.C. 3642. As part of this responsibility, the Commission also reviews the proposal for compliance with the Postal Accountability and Enhancement Act (PAEA) requirements. This includes, for proposed competitive products, a review of the provisions applicable to rates for competitive products. 39 U.S.C. 3633.

Product list assignment. In determining whether to assign the Agreement to the Market Dominant Product List or the Competitive Product List, the Commission must consider whether "the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products." 39 U.S.C. 3642(b)(1). If so, the product will be categorized as market dominant. The competitive category of products shall consist of all other products.

The Commission is further required to consider the availability and nature of enterprises in the private sector engaged in the delivery of the product, the views of those who use the product, and the likely impact on small business concerns. 39 U.S.C. 3642(b)(3).

The Postal Service asserts that its bargaining position is constrained by the existence of other shippers who can provide similar services, thus precluding it from taking unilateral action to increase prices without the risk of losing volume to private companies. Request, Attachment 5, para. (d). It also contends that it may not decrease quality or output without risking the loss of business to large competitors that offer similar expedited delivery services. *Id.* The Postal Service states that the bilateral agreement prices provide sufficient incentive for China Post Group and its customers to tender EMS volume to the Postal Service rather than a competitor. The Postal Service further states that raising its prices could risk losing its China Post Group volume to a private competitor in the international shipping industry. *Id.*

The Postal Service relates that the instant bilateral agreement's terms relate to the exchange between the Postal Service and China Post Group for Inbound EMS at negotiated prices which has been classified as

competitive because of its exclusion from the letter monopoly and the level of competition in the relevant market. *Id.* It contends that even if the EMS tendered under the bilateral agreement might contain "letters" as defined in postal regulations, the EMS items at issue in the agreement fall outside the Private Express Statutes because all prices paid by China Post Group exceed six times the rate for the first ounce of a First-Class Mail letter. *Id.*, para. (e). Additionally, the Postal Service contends that many inbound EMS items may be expected to weigh more than 12.5 ounces. *Id.*

Finally, the Postal Service states that private consolidators, freight forwarders, and integrators offer international shipping services using EMS. It notes that delivery of EMS in the domestic service area of the United States requires a substantial infrastructure to support a national network and as a result large carriers serve this market. *Id.*, para. (f). The Postal Service mentions that it has no specific data on China Post Group's or its customers' view on the regulatory classification of this agreement. *Id.*, para. (g). However, it contends that presumably China Post Group and its end users find this type of product satisfactory since they have a choice of competitors providing similar services. *Id.* Finally, the Postal Service states that the market for expedited delivery services is highly competitive, and the bilateral agreement should not have a significant impact on small businesses. Accordingly, the Postal Service states that it is unaware of any small business concerns that could offer comparable service for this customer. *Id.*, para. (h). It contends that the bilateral agreement gives China Post Group's small business customers another option for shipping articles to the United States resulting in a positive impact on small business. *Id.*

No commenter opposes the proposed classification of the Agreement as competitive. Having considered the statutory requirements and the support offered by the Postal Service, the Commission finds that the Agreement is appropriately classified as a competitive product and should be added to the Competitive Product List.

Cost considerations. The Postal Service presents a financial analysis showing that the Agreement covers its attributable costs, does not result in subsidization of competitive products by market dominant products, and increases contribution from competitive products.

Based on the data submitted, the Commission finds that the new product, which, as noted below, is designated as

¹² PRC Order No. 347, Notice and Order Concerning Adding Inbound International Expedited Services 1 to the Competitive Product List and China Post Group Bilateral Agreement, November 25, 2009 (Order No. 347).

¹³ See Public Representatives Comments in Response to United States Postal Service Request to Add Inbound International Expedited Services 1 to the Competitive Product List and China Post Bilateral Agreement, December 10, 2009 (Public Representative Comments).

International Expedited Services 3, should cover its attributable costs (39 U.S.C. 3633(a)(2)), should not lead to the subsidization of competitive products by market dominant products (39 U.S.C. 3633(a)(1)), and should have a positive effect on competitive products' contribution to institutional costs (39 U.S.C. 3633(a)(3)). Thus, an initial review of proposed International Expedited Services 3 indicates that it comports with the provisions applicable to rates for competitive products.

Other considerations. Inbound International Expedited Services 1 was added to the Competitive Product List in Docket No. CP2008–7. *See* Order No. 84, *supra*. That agreement terminated on July 15, 2009. Request at 3. The Postal Service seeks to restore the Inbound International Expedited Services 1 product on the Competitive Product List. *Id.* Given that the prior Inbound International Expedited Services 1 product agreement has ended and the Postal Service has negotiated a comparable new agreement with a different term and rates, the Commission will designate the Agreement as Inbound International Expedited Services 3. The Commission has followed this practice with other products which exhibited sufficient variation from the original agreement to warrant classification as a new product.¹⁴

The China Post Group agreement indicates that it becomes effective upon receipt of all necessary regulatory approvals. Request at 4. The Postal Service shall notify the Commission of the effective dates of the China Post Group agreement. The agreement states it is to remain in effect until terminated. The Postal Service shall inform the Commission of the termination date.

Conclusion. The Commission approves International Expedited Services 3 as a new product. The revision to the Competitive Product List is shown below the signature of this order and is effective upon issuance of this order.

V. Ordering Paragraphs

It is ordered:

1. International Expedited Services 3 (MC2010–13 and CP2010–12) is added to the Competitive Product List as a new product under Express Mail Inbound International Expedited Services, as discussed in this order.

2. The Postal Service shall notify the Commission upon termination of the agreement as discussed in this order.

3. The Secretary shall arrange for the publication of this order in the **Federal Register**.
